1:00 p.m. – Heth Hall 043

PRESENT: Laura Jacobsen (ex officio/presiding), Megan Coulter for Matthew Brunner, John Brummette, Virginia Burggraf, Rana Duncan-Daston, Lauren Flora, James Gumaer, Sarah Hastings, Jennifer Jones, Eric Mesmer, Douglas Mitchell, Stacy Turmel, Brenda Tyler, Patricia Winter, Paul Witkowsky
Staff: Patricia Phillips (recorder), Becca Conner, Donna Spradlin
Invited Guest: Donna Boyd, Paul Currant, Angela Mickle

1. CALL TO ORDER/INTRODUCTIONS

The meeting was called to order at approximately 1:00 p.m. by Dr. Laura Jacobsen.

2. MINUTES

A motion was made and seconded to approve the minutes from the January 23, 2015 GAC meeting. The minutes were approved by consensus.

3. ANNOUNCEMENTS

- Dr. Paul Currant, Director, International Education was present to meet and greet the members of the GAC.

- Dr. Jacobsen announced that the RU Futures group is waiting on schedule approval and that hopefully within the next couple days will be scheduling constituent group meetings.

- Becca Conner announced that there will be some Admit workshops, with Nathan, to be held in Walker Hall 225 on the 11th and 18th of this month at 1:00 pm.

4. OLD BUSINESS

- The new Certificate and Program proposals that were approved through ACPR were presented as new business at the January 23 GAC meeting. A motion was made to approve the proposals. Following are the results:
  - Masters in Athletic Training program. After some discussion the proposal was approved.
  - Master of Science in Biomedical and Forensic Sciences program. After some discussion the proposal was approved.
  - Interprofessional Gerontology Certificate. After some discussion the proposal was approved.
  - Design Thinking Certificate. Approved
5. NEW BUSINESS

- The Policies and Procedures Committee presented a policy change to the three “C” Rule. Changing the current language to the proposed language below:

After lengthy discussion of the proposed language, a few minor edits were made. The policy will be voted upon at the next GAC meeting.

- Current language:
  - A student who receives more than three grades of “C” or lower in any work attempted at Radford University shall be dismissed. This includes graduate or undergraduate supporting coursework and courses taken as a non-degree seeking student. Programs may be more but not less stringent than this criterion. All program-specific dismissal policies must be reviewed and approved by the dean of the Graduate College before adoption by a program.

- Proposed language:
  - At any time, a student who receives more than three grades of “C” or lower in any work attempted at Radford University at the 500-level or above while classified as a graduate student shall be dismissed. This includes graduate or undergraduate supporting coursework and courses taken as a non-degree seeking student. Programs may be more but not less stringent than this criterion. All program-specific dismissal policies must be reviewed and approved by the dean of the Graduate College before adoption by a program.

6. SUBCOMMITTEE REPORTS

Graduate Faculty – A report of 4 graduate faculty applications were processed since the last GAC meeting on January 23, 2015. The report was accepted as presented. (See attached).

Academic Course and Program Review – There was no report from the Committee. The new certificate and program proposals were presented as old business and voted on by the GAC.

Policies and Procedures Committee – See New Business section. The Committee is still reviewing the summer stipend policy. Any suggestions can be submitted to a member of the Committee at anytime.

7. ADJOURN

Dr. Jacobsen adjourned the meeting at 1:57 p.m.

The Policies and Procedures Committee has drafted recommendations regarding grading policy and transcript credentialing. They are as follows:

**Recommendations Regarding Grading Policy:**

There are several places where language appears for how the GPA will be calculated (\). Each of those ways is noted below.

1.  

   **Current Catalog Language**  
   **Pass-Fail Courses**  
   All courses taken at Radford University while classified as a graduate student, except those in which a grade of “P” is obtained, will be used in calculation of the grade point average.

   **Proposed Catalog Language**  
   **Pass-Fail Courses**  
   Only those courses taken at the 500-level or above while classified as a graduate student, except those in which a grade of “P” is obtained, will be used in calculation of the grade point average.

2.  

   **Current Catalog Language**  
   **Undergraduate Deficiencies**  
   After matriculation to the Graduate College, all work taken at Radford University to satisfy deficiencies will appear on the official transcript and will be calculated in the overall grade point average.

   **Proposed Catalog Language**  
   **Undergraduate Deficiencies**  
   After matriculation to the Graduate College, all work taken at Radford University to satisfy deficiencies will appear on the official transcript. Only those courses that are 500-level or above taken while classified as a graduate student shall be calculated in the overall grade point average.
3.

**Current Catalog Language**

**Supporting Courses**

All work taken as supporting courses will appear on the official transcript and will be calculated in the overall grade point average.

**Proposed Catalog Language**

**Supporting Courses**

Only those courses that are 500-level or above taken while classified as a graduate student shall be calculated in the overall grade point average.

**Recommendations Regarding Transcript Credentialing:**

**Current Catalog Language:**

([http://catalog.radford.edu/content.php?catoid=21&navoid=637](http://catalog.radford.edu/content.php?catoid=21&navoid=637))

Applicants must have each college or university attended send official records to the Graduate College. All records must be certified and translated into English. International applicants are encouraged to use a credential evaluation service if possible; however, this is not required.

**Proposed Catalog Language:**

Applicants must have each college or university attended send official records to the Graduate College. All records must be certified and translated into English. International applicants are required to use either American Association of Collegiate Registrars and Admissions Officers (AACRAO) or World Education Services (WES) as a credential evaluation service. Applicants are required to select the course-by-course report option for whichever credential evaluation service is chosen.
Changing the Name of the Graduate College

Current Name and Rationale

The formal name of the Graduate College evolved from the College of Graduate and Extended Education to the **College of Graduate and Professional Studies** in 2008 to reflect the intention of the University to move more aggressively in the continuing education field especially at the graduate level. Also at that time, the Office of Sponsored Programs and Grants Management was placed under the CGPS. Given the economic crunch besetting the University in 2008, the professional studies piece was never developed and the staff that would have developed that program was reassigned to other duties. Therefore, the name of the College does not reflect what the College actually does.

Proposed Name and Rationale

The name proposed is the **College of Graduate Studies and Research**. This name more accurately describes what the College actually does and it identifies the unit under which research is administratively housed. This change would symbolize that the University supports and values research as a key part of its mission by having it in the name of a college. It also is common practice for those universities who place Sponsored Programs within the Graduate College to reflect that in the name of the college.

Change the way the Graduate Dean is evaluated

Current

Every member of the Graduate Faculty (approximately 250) is asked to evaluate the Dean.

Proposed

Those individuals with whom the Graduate Dean interacts would evaluate the Dean. This would be:
- Members of the Graduate Affairs Council
- Graduate Program Coordinators who are not GAC members
- Department chairs/School directors with graduate programs
- Academic deans
- Staff of the Graduate College and Sponsored Programs

Rationale

Currently the Graduate Dean is evaluated by individuals who may or may not have regular interaction with the dean. Therefore, the results of the evaluation are not very useful. A more meaningful set of evaluators is that group of individuals who work with the dean in an on-going and regular basis. This would provide more meaningful and actionable feedback on the dean’s performance.
