Configuring Your Profile in Starfish

One of the first customizations you will want to configure when you access Starfish is your "Institutional Profile". This is the profile that colleagues and student of your institution will see.

1. Click on the arrow by your name to choose the "Institutional Profile" option.

2. First you will need to enter your contact information.

Questions? Please contact advising@radford.edu
3. Next, type your general overview message.

4. Then, fill in your short biography section. This might include educational background, work experience or areas of research and study.

5. Finally don’t forget to submit your changes via the submit button in the bottom right-hand corner.
