ENROLLMENT MANAGEMENT REPORT
Ms. Kitty McCarthy, Vice President for Enrollment Management, provided an update, as of May 3, 2017, on new student recruitment and enrollment for fall 2017. The fall 2017 application rates are almost 96 percent above numbers for this same time last year. Admissions are up 81 percent over fall 2016 with current freshmen deposits at 1,931, which is an increase of 10%, or 178 additional students compared to 1,753 deposits received for fall 2016.

The 2017 freshman class is shaping up to be more diverse both in geography and ethnicity than 2016. Top feeder areas continue to be Maryland, North Carolina, and the District of Columbia. Student deposits have increased in the African American and Latino demographic groups from the fall 2016 class. Academic quality of deposited freshmen is up slightly over fall 2016 with an average GPA of deposited freshmen of 3.21, compared to 3.17 for fall 2016, and SAT of 1,048 for fall 2017, compared to 1,045 for fall 2016.

Transfer student applications have increased 26 percent with received deposits under what is expected. Staff is working diligently to close the gap and surpass last year’s results. Admissions will continue to receive and process applications throughout the summer and the expectation is that significant transfer activity is yet to come. Planning for fall 2018 recruitment activities continues and the 2017-2018 term is the first year the University will be truly embarking on a multi-year freshman recruitment effort, which will result in a stronger and more committed applicant pool over time.

Ms. McCarthy’s presentation is hereto attached as (Attachment A) and is made a part thereof. Mr. Marcus thanked Ms. McCarthy for her report.

UNIVERSITY RELATIONS REPORT
Mr. Joe Carpenter, Vice President for University Relations and Chief Communications officer, provided an update on the progress of the university’s external marketing campaign, which is primarily focused on supporting Enrollment Management strategies. Highlights of this semester’s efforts included placing a higher focus on fostering yield by delivering advertising directly to admitted students and into markets with the highest index for admitted students. The campaign extensively utilized digital marketing and introduced the newest TV ad into specific markets to stay top-of-mind to admitted applicants.

Global Key Performance Indicators (KPIs) of the FY17 campaign include a 47 percent plus year-over-year increase in traffic to the Admissions section. Digital KPIs during this same time include double the amount of visits to the website despite decreased purchased impression volume year-over-year, an indication that the campaign is being efficient in targeting qualified prospects.

Additional University Relations support to undergraduate and graduate admissions marketing include:
- Promoting application success via the news media;
- Developing website and social media campaigns promoting the Graduate College’s March campaign;
- Supporting Alumni Relations promotion of Graduate College and programs;
• Updating Graduate College program promotional videos;
• Facebook Live and video campaign support of undergraduate yield events and activities, and
• Video and social media campaign promoting summer school registration.

The last part of the semester has seen the introduction of a sub-campaign targeting transfer applicants and ad buys and Public Relations strategies to begin generating awareness among the next wave of prospects and applicants (i.e. current high school juniors). Mr. Carpenter’s presentation is hereto attached as (Attachment B) is made a part thereof. Mr. Marcus thanked Mr. Carpenter for his report.

UNIVERSITY ADVANCEMENT REPORT
Mr. Bruce Cunningham, Interim Vice President for University Advancement, provided an update on the increased giving levels and support for the 2016-2017 year. Fiscal year-to-date giving comparisons are as of April 30, 2017. There has been continuous improvement over the last three years, including a 39 percent increase since this time last year. Current fiscal year-end giving is over 27 percent higher with 2 months to go before year-end. Although the number of year-end gifts is trending downward, the dollar amount for these same gifts have increased. Proposal increases and production are largely due to presidential proposals with total proposals in production and outstanding at the end of April are in the amount of $16,357,450. Mr. Cunningham’s presentation is hereto attached as (Attachment C) and is made a part thereof.

Ms. Laura Turk, Executive Director for Alumni Relations, reported on activities of the Alumni Relations Office. This spring term, they hosted the Inaugural Volunteer Summit in February, 2017 and recognized former Board of Visitors member, Ms. Mary Campbell. Alumni Chapter planning meetings and outreach were held in Raleigh, Charlotte, Atlanta, Virginia Beach and Roanoke and the RU Day of Service in Northern Virginia had 100 volunteers. The Alumni Relations Office also has developed campus partnerships with Admissions, Career Services, Athletics, the Radford University Foundation, Academic Affairs, and Strategic Planning groups with Admissions as the primary focus of regional engagement. Since the last Board meeting, one initiative to highlight the benefits of being a Radford alumni included the St. Patrick’s Day, “Why do Alumni feel lucky to have come to RU”, many testimonies were heartfelt and inspiring. Ms. Turk distributed a calendar of upcoming Alumni events, which is hereto attached as (Attachment D) and made a part thereof.

Mr. Marcus thanked both Mr. Cunningham and Ms. Turk for their reports.

ADJOURNMENT
As there was no other business to come before the Committee, Mr. Marcus requested a motion to adjourn. Mr. Archer so moved, and Ms. Dalton seconded. The meeting adjourned at 12:23 p.m.

Respectfully Submitted,

Mary Weeks

A more targeted and flexible digital display and paid search (SEM) approach in FY17 has resulted in a **stronger click rate**, **more efficient cost per click** and a **higher response rate on the landing page** – measured by click-to-inquiry rate – as compared to the benchmarks that were set in FY16.

Looking Forward - Phase 3 & FY18

Phase 3 (Apr-Jun) Strategy:

• Sustain market presence through the end of the “yield phase” to influence deposits for incoming Fall 2017 class

• Begin generating awareness to next wave of prospects and applicants (high school sophomores and juniors) by integrating “inquiry pool” & historical application data

• Push Transfer message to prospective transfer students 20 mi. surrounding key community colleges in Virginia ahead of the June 1 application deadline

FY18 Strategy:

• Continue to employ a “flighted” media campaign that reflects key timeframes during the enrollment year (i.e. application – admission – yield)

• Continue to coordinate media strategy with enrollment management efforts by using real-time admissions data to help guide market selection

• Consider launching TV/Video earlier in the enrollment cycle to help drive increased awareness ahead of application phase, and continue to leverage digital media to capture prospects in distant or cost-prohibitive markets

- Decrease in impression delivery YoY was the result of fewer out of home impressions in the market during the same timeframe in FY17, and planned distribution of resources across phases through FY17 compared to FY16.
- Despite fewer impressions, the campaign has resulted in a 47% increase in traffic to the Radford Admissions section YoY, which may be the product of increased digital marketing in FY17.
