Motion to Approve Revised Goal 11 Outcomes  
Referred by the Curriculum Committee

Motion:

The Faculty Senate recommends the adoption of the following revised outcomes for Goal 11—Global Perspectives:

Goal and Outcomes:

Radford University students will understand how social and cultural (for example, political, historical, economic, environmental, religious, or geographic) forces shape experiences in the global setting.

Radford University students will:

a. Identify how different perspectives shape human life around the world
b. Recognize social and cultural forces that affect relationships between cultures in the world

Rationale:

These revised outcomes are brought forward in response to a directive from the Faculty Senate. In the Fall of 2013, the Senate approved a Motion to Recommend Establishment of Ad Hoc Committees to Simplify and Reduce the Learning Objectives in Goals 5-11 of the Core Curriculum. The revision and approval process has been completed for Goals 5-10. The Faculty Senate Curriculum Committee reestablished an ad hoc committee to examine the remaining Goal and its outcomes, and this committee reduced and simplified the outcomes according to its instructions. The revised outcomes have been approved by the Core Curriculum Advisory Committee.
