Un-Registered (ad-hoc) Vendor - eVA Quick Reference Guide

https://eva.virginia.gov/

The purpose of this guide is to provide the steps to create an Un-Registered (ad-hoc) vendor requisition. Always search in eVA for the vendor, if vendor is not eVA self-registered or state-entered, contact Accounting Services (Arthur Lewis aplewis@radford.edu) for assistance in determining if the vendor should become a state-entered vendor. If an un-registered vendor is warranted, continue with this process.

Ad-hoc vendors may be used for SPCC purchases, and the following payment types: real estate leases, advertisements, membership conference registrations, honoraria, entertainment (speakers, lecturers, musicians, performing artists), medical services and public utilities (electric, natural gas, water, and sewer). These vendors must also have an active vendor record in Banner and Cardinal. Note: This is not registering the vendor into the eVA database. The vendor or supplier is only valid for the requisition you are creating. It is suggested that you encourage your vendor to self-register with eVA. Please remember that you are required to obtain a quote from a SWaM vendor for purchases of $0-$5,000 unless purchasing from a contract.

The following steps will be required. For this reference, we will begin after selecting eMall/eForms, Create, Requisition

1. Create a Title. Select appropriate PO Category (refer to PO Category Guide) and PO Transaction Type (refer to PO Transaction Guide), select NEXT
2. Select Create Non-Catalog Item and enter description, and commodity code
3. Select Drop Down for Supplier and Select Search for more
4. At the Choose Value for Supplier, Select NEW
5. Enter Supplier Name and Click Save on the Create Suggested Supplier Form
6. Select the saved Supplier from the Choose Value for Supplier list
7. Click Select beside Location
8. At the Choose Value for Supplier, Select NEW
9. Create Custom Location by entering the following the * represents a required field
   a) Name (60 character space limit) *
   b) Street (this block may have 3 lines-30 spaces each must have hard return between lines) *
   c) City*
   d) State (2-letter Capitalized)*
   e) Postal Code (Zip)*
   f) Country (will default to US if none is selected)
   g) Contact (designed for first name_last name, must be two words, can use ‘sales desk’ ‘purchase orders’, ‘attention memberships’, or other applicable title)*
   h) E-mail* (in not known may use none@none.edu)
   i) Phone*
   j) Tax identification number (TIN, EIN)*
      l) DUNS Number – RU does not use at this location see step 17 below
   m) Organization Type* Select undeclared if not known
   n) LLC Company (LLC) will only be required field if LLC was selected as an organization type
   o) Registration Type will be Un-Registered
   p) Please note un-registered vendors will be a manual print and send vendor. Once the PO is fully approved and PO number is established it is the departmental designee that must ensure the vendor receives the PO (never the PR)
10. Select to Save
11. Select the saved Contact from the Choose Value for Contact list
12. Complete the remaining fields, commodity code, contact number, quantity, unit of measure, price on the Add Item Screen
13. Select OK
14. Select the Shopping Cart Icon at top to return to items in a shopping cart
15. Place a √ in the box located beside item number/description
16. Select to Edit

Revised 03/2017
17. Scroll down and locate the field “Non-Registered Duns Number” and input the vendor Banner ID number (this number can be obtained by using Self-Service Banner vendor look-up or by contacting aelewis@radford.edu)

18. Scroll down and use the drop down feature, search for more to select each element of the Accounting by line item detail- Fund, Organization, Account and Program (FOAP)

19. System will default to Radford University Campus Warehouse which is appropriate for most orders. Change the Ship To Address by Using the drop down feature, search for more, change field to street and enter the name of a building to identify and select a Ship To Address

20. Deliver To Information will default to user, can be changed when appropriate

21. Select the calendar to change the Need by Date (optional)

22. Select OK

23. Select the shopping cart icon, or checkout to return to the shopping cart

24. Select to Submit

**Copying Items**

- When ordering multiple non-catalog items from the same NEWLY added supplier, it’s important to use the copy feature to add additional items to your requisition.
- Check the box to the left of the item and click the COPY button
- Click the box to the left of the item and click the EDIT button to change all necessary fields. If the COPY feature is not used a separate order will be created for each item.
- Please note that a TIN or FIN number should be obtained with the quote.

**Sample of the location form:**

![Create Custom Location](image-url)

Enter the requested information for the new value and then save it. The new value is added to the list of values in the Chooser.
