The meeting began at 1:00 PM with a review of the July 14, 2017 meeting notes by Task Force Co-Chair Jack Call. Dr. Call asked that Task Force members review the provided document and advise regarding any suggested edits prior to approval. With no suggested edits, the notes were approved.

Task Force Co-Chair Kenna Colley asked members to review Phase I sections, specifically The History of Radford University and Challenges and Opportunities, for acceptance. She requested that Task Force members provide any requested edits. Under the History section, a suggestion was made to change “woman” to “female” under the paragraph regarding President Kyle. The Challenges and Opportunities section was accepted as presented.

Dr. Colley asked that Task Force members review Phase II sections, specifically the six subgroup areas, for acceptance. During Task Force discussion, the following edits were suggested:

- Academic Excellence and Research – Replace Career Services with Career Development Talent Center throughout the document; do not hyphenate “inter professional”; and revisit wording of cybersecurity, cyber safety and security studies initiative
- Economic Development and Community Partnerships – Shorten opening, utilize the last paragraph as the introduction and do not reference a particular institution’s name, but replace with “possible partnerships with other institutions of higher education”
- Student Success – Examine overlap with other subgroups and rework the introductory section to include the definition of student success
- Brand Identity – Delete first paragraph in introductory section; add faculty, staff in addition to students; and delete “and” in the phrase Responsive, Resilient, Real.
- Philanthropic Giving and Alumni Engagement – Change “Philanthropic” to “Philanthropy” in introductory paragraph; clarify total dollar amount raised under Goal 2; and delete “2023” reference.

During Task Force discussion, a variety of perspectives were shared and themes were discussed. It was noted that past and present language throughout the goals and strategies will need to be reviewed. Also, the quote from Dr. Joseph P. Scartelli, Provost Emeritus, is too lengthy. For the key performance indicators, it was suggested that wording be consistent under the Baseline section and to shorten column one in order to provide additional space for the other columns.

Motions were made and seconded to accept all Phase II sections after the suggested changes are made. Motions carried.

Dr. Mike Chatham provided Task Force members with a Budget Subgroup handout, which highlighted the number of templates completed and submitted.
It was noted that the first presentation of the DRAFT Strategic Plan will be presented to the Board of Visitors for review and discussion as part of meetings to be held on September 14-15, 2017.

In closing, it was stated that the next meeting of the Task Force will be held on September 12, 2017 in Heth Hall, Lower Level, Room 043 with no conference call option available.
