Joseph P. Scartelli, Dean
Porterfield 242, (540) 831-5265

Donna Shelton Oliver, Advising Coordinator
Porterfield 241, (540) 831-6903

The College of Visual and Performing Arts seeks to provide comprehensive professional and liberal arts education for students in the disciplines of dance, fashion, interior design, music, theatre and cinema and the visual arts; to serve the educational needs of all Radford students by providing comprehensive opportunities and experiences in the arts; to enrich the artistic and cultural environment of the university, western Virginia, the Commonwealth, and beyond; and to make significant artistic contributions in the disciplines of dance, fashion, interior design, music, theatre, and the visual arts.

Departmental curricula address the needs of students seeking careers in the arts as teachers, designers, therapists, practitioners, and performers. These same courses of study may be modified to combine study in the arts with a number of other major disciplines. In addition, each department offers courses and performance opportunities that encourage participation by students wishing to go beyond the required university general education component.

The faculty of the college maintain active professional lives as performers, artists, designers and research scholars. Frequent visits by guest artists provide a special dimension to the educational experience in the arts. Students have many opportunities to learn from the arts professionals who appear annually on the campus.

Internship programs are an integral part of many College of Visual and Performing Arts degree requirements. In addition to the usual student teaching component required of all education majors, programs in art, dance and music education involve students in extensive field experiences prior to their senior year of study. Music therapy students are involved in field training as well as a six-month internship. Music business students also are involved in field training and have an eight-week internship. Students in graphic design, fashion design and interior design may spend one semester in professional studios and offices in order to apply skills and techniques developed in the classroom. The College of Visual and Performing Arts is composed of

five academic departments, the University Art Museum, and the adjacent Corinna de la Burd  Sculpture Court. The academic departments are:

Trinkle Hall Piano Lounge and Porterfield Hall 241
(540) 831-7140

The primary purpose of academic advising in the College of Visual and Performing Arts is to encourage students to develop a meaningful educational plan compatible with their life and career goals. In the college, faculty advisers and the Advising and Development Center staff are available to assist students in: exploring educational and career options; clarifying university and departmental requirements; selecting appropriate courses; evaluating academic progress; and obtaining referral information for academic and student support services.

The student has ultimate responsibility for making decisions about his or her educational plans and for meeting the requirements of academic programs.

Students are encouraged to make and keep regular advising appointments; plan class schedules in conjunction with their adviser; and monitor their progress towards completion of their degree program.

UNDERGRADUATE PROGRAM

The Art Department provides a comprehensive education for students in visual arts and prepares art educators for entry into their chosen profession. In addition to offering training in studio art, art education, and art history and museum studies, the department provides supportive course work for other departments and groups on campus and provides cultural enrichment for the campus and the community.

Students interested in pursuing art careers can develop specialized skills. For example, most studio areas are offered each semester, providing students with opportunities to explore a variety of interests and develop expertise in chosen media. Art majors may choose to focus on one or more of the following areas of emphasis: drawing, painting, graphic design, ceramics, sculpture, jewelry, watercolor, photography, art education, art history and museum studies, and special topics (past offerings have included environmental art, experimental photography, portfolio development, illustration, etc.).

Studio art and art history and museum studies programs may either prepare students for seeking employment after graduation or for entry into graduate programs. Internships enable qualified students to apply acquired skills in a variety of professional environments. The department's art education concentration prepares students for teaching art in elementary and secondary grades, and/or for entry into graduate programs in art education.

The Art Department offers four undergraduate degrees. Students pursuing a major in Art may earn a Bachelor of Arts (B.A.), Bachelor of Science (B.S.), Bachelor of Fine Arts (B.F.A.), or Bachelor of Science in Art Education (B.S.)

degree. Art Education majors may also earn teacher licensure.

ART MAJOR

B.A. DEGREE

Students pursuing a B.A. degree either select an art major with an emphasis in studio art, or an art history and museums studies concentration. Students pursuing the B.A. degree may choose to combine their major in art with any of several disciplines. B.F.A. DEGREE

The Bachelor of Fine Arts program provides a comprehensive education for the professional artist and prepares students for entry into Master of Fine Arts Degree programs.

A portfolio review for all Bachelor of Fine Arts students is administered each academic year during spring semester by a Department of Art faculty jury appointed by the department chairperson. Bachelor of Fine Arts students must satisfactorily complete the annual portfolio review with a minimum score of 2.5. All students, including students who transfer into the B.F.A. Program from other degree options and transfer students, must pass the portfolio review the year before they graduate to be eligible to participate in the exit review. To be eligible for the degree, a student must earn a satisfactory score of 2.5 or more in an exit review consisting primarily of work in the student's area of specialization. After passing an exit review, the student will then hang the work in the B.F.A. exhibition. The Art Department faculty will give final approval/disapproval after the B.F.A. exhibition is hung.

B.F.A. art majors must complete a concentration in either two-dimensional (2-D) or three-dimensional (3-D) studio courses. All the requirements for B.F.A. art majors are outlined below.

❖INTERIOR DESIGN AND FASHION

Dr. Susan Barnard, Chairperson
www.radford.edu/~id-f/idf.html

UNDERGRADUATE PROGRAM

The undergraduate degree programs in the Department of Interior Design and Fashion prepare students for careers as professional designers in the fashion and interiors fields; for careers in the merchandising of fashion and interior products; and for a wide variety of related occupations in the fashion and interiors industries. In preparing students for success in these design fields, the department provides experiences that enhance creativity and aesthetic sensibility while developing decision-making skills for accommodating all functional, technical, legal, and business concerns within a design solution. The curriculum integrates analytical and technological skills at all levels and promotes the development of communication skills that are essential for success in the design field. Course work prepares students to meet current professional standards. Internships enable students to apply acquired skills in a variety of professional environments, including design studios, architectural firms, retail establishments, to-the-trade organizations, and manufacturing firms.

The department seeks to promote excellence and ensure the competency of each graduate by imposing routine progress requirements. Students must earn a "C" or better in all courses in their major before proceeding to the next semester's courses in the program sequence. Students must maintain an overall cumulative GPA of 2.00 and a 2.5 or higher cumulative GPA in all courses in the department to proceed to the following year. Students must also pass department-wide Student Outcomes Assessment processes. These performance measures include: Basic Skills Assessment to proceed to second year; Design/Merchandising Skills/Portfolio Review to proceed to third year; Career Preparation and Professional skills Review to proceed to internship; Internship Review to proceed to fourth year; and Capstone Activity to proceed to graduation.

The Department of Interior Design and Fashion offers a Bachelor's Degree in Design with a concentration in Interiors or Fashion. Students pursuing a major in Design may select one of three degree options: Fashion Design, Interior Design, or Fashion/Interior Merchandising. The department also offers a minor in Design.

FASHION CONCENTRATION

The Fashion concentration emphasizes knowledge of and appreciation for apparel design, merchandising and its related fields. Within the framework of a liberal arts education, students learn to identify, research and solve fashion problems in a functional and aesthetic manner. This concentration provides a course of study that develops knowledge, skills and creativity.

The Fashion Design option prepares students for employment in design, manufacturing, costuming, or auxiliary fashion industries. Students will combine this option with courses in other areas such as management, marketing, media studies, theatre and/or art. The Fashion/Interior Merchandising option with a fashion emphasis prepares students for employment in management, retailing, merchandising and auxiliary fashion industries. Students will combine this option with courses in other areas such as communication, economics, management, marketing, media studies, psychology, and/or fashion design.

INTERIORS CONCENTRATION

The Interior Design concentration provides a comprehensive education for students interested in interior design and its related industries. Students learn to identify, research, and solve interior design problems through a series of courses that develop knowledge, skills, and creativity within the framework of a liberal arts education.

The Interior Design option prepares students for professional careers in interior design and its related occupations. Students develop entry-level competencies for a variety of positions including those in institutional, corporate, hospitality, retail, and residential design. The Fashion/Interior Merchandising option with an interiors emphasis prepares students for employment in the management or merchandising of interior products and services, and may be combined with other areas such as business, communication, psychology, or journalism, in consultation with the student's major adviser.

UNDERGRADUATE PROGRAMS

The undergraduate professional programs in the Department of Music offer opportunities for students to prepare for careers as teachers

of music in elementary, middle, and secondary schools; for careers in music therapy, the music business and for advanced professional graduate study. The undergraduate liberal arts program in the Department of Music offers opportunities for the study of music irrespective of specific career aspirations, for emphases which may meet the needs of individual students, and for preparation to study music at the graduate level. The department provides and promotes music activities for the university and community; and provides instruction and experiences in music for majors and non-majors, enhanced by multi-cultural/global perspectives and the benefits of new technology.

The Department of Music offers major degree programs at the undergraduate and graduate levels and a minor in music at the undergraduate level. Courses are also open to students whose primary interests are in other fields. Radford University is an accredited institutional member of the National Association of Schools of Music.

The curriculum in music therapy, which is in accordance with the recommendations established by the American Music Therapy Association (AMTA), provides eligibility to take the national certification exam administered by the Certification Board for Music Therapists (CBMT).

Students may pursue the music major leading to either a Bachelor of Music with a concentration in music education, music business or music therapy; a Bachelor of Arts; or a Bachelor of Science degree.

Applied Music and Performing Ensembles

Private applied music lessons are available to qualified music majors and non-majors in French horn, violin, viola, cello and string bass at the undergraduate level; and in flute, oboe, clarinet, bassoon, saxophone, trumpet, trombone, euphonium, tuba, percussion, organ, piano, voice, guitar and composition at both undergraduate and graduate levels. Two-three credits per semester may be earned for a one-hour lesson per week. One credit may be earned for a one-half hour lesson per week.

Prior to registration each semester, students must have the approval of the Department of Music chairperson for placement into one of the following courses:

MUSC 107. Applied Music.	1-2
MUSC 169:170. Applied Music.	1-2
MUSC 171:172. First Year Applied Music.	1-3

MUSC 271:272. Second Year Applied Music.	1-3
MUSC 371:372. Third Year Applied Music.	1-3
MUSC 471:472. Fourth Year Applied Music.	1-3

Special Note: An applied music instruction fee is charged at the rate of \$200 per credit per semester. Applied music fees may be waived for level system applied lessons with the approval of the dean of the College of Visual and Performing Arts for students majoring in music, and students registered for Department of Music ensembles and studying in a performance medium relevant to their ensemble participation. Fee waivers do not apply for MUSC 107, 169, 170, 470 or 670.

The following ensembles are open to all qualified music majors and non-majors:

MUSC 131. Concert Band.	1
MUSC 134. Jazz Combo.	1
MUSC 145. University Chorus.	1
MUSC 147. Chorale.	1
MUSC 151. Chamber Orchestra.	1
MUSC 431. Wind Ensemble.	1
MUSC 434. Jazz Ensemble.	1
MUSC 435. Percussion Ensemble.	1
MUSC 436. Guitar Ensemble.	1
MUSC 437. Digital Ensemble.	1
MUSC 453. Chamber Music Ensemble.	1
MUSC 455. Madrigal Singers.	1
MUSC 456. Radford Singers.	1
MUSC 457. Opera Workshop.	1
MUSC 458. Accompanying.	1

All prospective undergraduate music majors are initially admitted as provisional music majors. Prior to acceptance as a major in an undergraduate music degree program each applicant must: (a) demonstrate through an entrance audition performance ability sufficient for placement into First Year Applied Music; and (b) complete the first semester of First Year Theory (MUSC 111) and the first semester of First Year Ear Training and Sight Singing (MUSC 114) with a grade of "C" or better.

Students must be recommended to proceed to Level 1 at their MUSC 170 jury in order to be eligible to remain in the Pre-music (PMUS) major classification. Students not recommended to proceed must change from Pre-music (PMUS) to Pre-major (PMAJ) or to any other available majors at the university for which they are eligible. They may repeat MUSC 170 with consent of the instructor as a non-music major.

Requirements for retention or acceptance into undergraduate music major degree programs at

the junior level are completion of applied music level four (MUSC 272) in the major area, completion of Second Year Theory and Second Year Ear Training and Sight-Singing courses with a grade of "C" or better and a cumulative grade point average of 2.5 or higher in all music courses taken at Radford University. Completion of level one in private applied music may be substituted for an applied music class when appropriate.

Music majors must enroll in at least one major ensemble each semester (summer sessions and student teaching semesters excepted) until degree requirements for major ensembles are met. No more than one major ensemble per semester may be counted toward degree requirements (transfer students who may graduate in fewer semesters than the number of ensembles required are excepted).

Music majors are required to attend all departmental recitals and convocations (on Tuesday afternoons at 4 p.m.) as well as 10 other approved recitals or concerts each semester. Any exception to the above must be approved by the chairperson of the Department of Music. This requirement must be met before the student may follow the prescribed applied music level requirements.

A cumulative grade point average of 2.5 or above in all music courses taken at Radford University is required for graduation with a baccalaureate degree in music.

TRANSFER STUDENTS

A total of 37 semester hours of required courses may be transferred from another institution as follows:

Music Theory.	12
Ear Training and Sight Singing.	4
First and Second Year Applied Music.	8
Introduction to Music Literature.	3
History of Music.	6
Large Ensembles.	4

Transfer students and students with degrees from other institutions seeking teacher licensure in music must take all other major degree requirements in music at Radford University. Exceptions may be granted by the Department of Music with the approval of the dean of the College of Visual and Performing Arts.

Applied Music Performance Level System

In the Level System of Applied Music Performance, quality of performance is stressed through minimum level requirements for each curriculum and evaluation of student performance by faculty juries. Students may attempt one performance level per two or three credits of applied music study.

The content of each performance area is divided into eight levels. Minimum requirements in technique (including sight reading, general facility, language, care of instrument, reed making, etc.) and repertoire (including requirements in variety, scope, level of difficulty, quantity, etc.), are outlined for each level. Each applied area has indicated specific requirements and representative materials at each level. These requirements are on file in the Music Department office. Successful completion of requirements for each level will be determined by a faculty jury.

Jury examinations for Levels 4, 6, 7 and 8 are considered to be screening juries. At Level 4 the purpose of the screening jury is to determine the student's progress for successful completion of applied music and music curricular degree requirements. At Levels 6, 7, or 8 (dependent on the highest level required in each degree program or concentration) the purpose of the screening jury is to determine the student's comprehensive grasp of all degree-related music skills and information. Screening juries will include a review of the student's current academic record.

Level Requirements in Applied Piano

Level 2 in applied piano is required for the Bachelor of Music concentration in Music Therapy; and for the Vocal/Choral option in the Bachelor of Music concentration in Music Education. Completion of this requirement normally takes four semesters. Level 1 in applied piano is required for the Instrumental option in the Bachelor of Music concentration in Music Education. Completion of this requirement normally takes two semesters.
