

General Furniture Information

Presented below is a summary of the types of furniture you can generally expect when you arrive on campus in the fall. However, you may find some variations in dimensions. **Please Note:** Due to the multiple demands on our staff, we are unable to provide information about specific rooms, including room size. In general, a 10 foot by 15 foot carpet fits in every room. One great way for you and your roommate(s) to make the transition to Radford University for this school year is to spend some time arranging the furniture in a way that is agreeable to everyone. Opening weekend will give you plenty of time to get settled into your room before classes begin. We look forward to your arrival!

Hall	Bed	Mattress	Dresser	Desk	Chair	Other
Bolling Draper Jefferson Moffett Pocahontas Washington	Eight inches of storage space provided below the deck of the bed.
