

Citizens transporting material to the collection site are requested to prepare the material using the following tips:

TIPS TO TRANSPORT HHW SAFELY:

- Tighten caps and lids
- Leave materials in original containers
- Sort and pack separately: oil paints, pesticides & household cleaners
- Place containers in sturdy upright boxes and pad with newspaper
- NEVER MIX CHEMICALS or SMOKE while handling hazardous materials
- Leaking container needs to be placed in a leak proof bag or container when transported (do not mix items)

The Collection crew will unload the material. You won't even have to get out of the car. It's as simple and safe as that!

Any questions on what material will be accepted may be directed to:
