Instructional Systems Development and Technology Skills

- Proficient in the application of instructional design principles to job training, course development, and course implementation.
- Proficient in the development and implementation of mixed-method product and program evaluation.

- Proficient in digital still image capture, creation, and editing. Proficient in major graphics editing packages: Adobe Photoshop, Microsoft Image Composer, Corel Photo House, PhotoDraw etc.
- Complete mastery of HTML web document coding. Also proficient in the use of major web page production and editing tools: Microsoft Front Page, Netscape Composer, Hot Dog, Macromedia Dreamweaver.
- Proficient in the creation and editing of web-based virtual reality environments, and virtual web objects.
- Experienced in the capture, editing, and production of digital video footage on PC and Macintosh based systems.
- Proficient in the development and production of CD-Rom archives and courseware.
- Experienced in the use courseware authoring packages: Macromedia Authorware, Asymetrix Toolbook.
- Proficient in digital audio production. Packages used: Sound Forge, Sound Studio, and Cakewalk.
- Proficient in the planning, production, and distribution of web-based streaming media: Real Audi/Real Video/Real Media, Apple Quicktime, Microsoft ASF.
- Expert in the usage of synchronous video/audio communication via numerous desktop and room-based systems
- Excellent working knowledge of major word processing, spreadsheet, database, and communication software applications.
- Knowledgeable in the application of major web-based instructional systems: WebCt, Blackboard, WebLearner, E-Socrates, etc.
- Expert in the maintenance, upgrade, and general trouble shooting for a broad variety of instructional computing systems including P.C. computers, video conferencing systems, projection systems, and audio systems.

Specific Software Proficiencies

- Microsoft Office: Word, Excel, and PowerPoint, Access.
- Microsoft Works.
- Microsoft Front Page.
- Microsoft Image Editor & Photodraw
- Microsoft Media Production product suite.
- Apple Quicktime MOV editing applications.
- All Microsoft Operating Systems: Dos, Win x.x, NT, 98, and Win 2000.
- Netscape Navigator / Composer
- Microsoft Internet Explorer / Netmeeting.
- Inspiration.
- WBI packages: WebCt, Blackboard, etc.
- Real Media Producer Pro / Presenter.
- All Major FTP packages / Mail Packages.
- Macromedia Products: Authorware / Director/ Dreamweaver.
- Reality Studio.
- Sound Forge.
- Techsmith Video and Sound capture and editing utilities.
- Text Bridge OCR.
- All major photo editing packages: Photoshop, Photodraw, PhotoEditor, Paintshop Pro, others.
- Corel WordPerfect.
- Dragon Naturally Speaking.
- Designer's Edge.
