

Log of Meetings

Very nice job with this. I would see what you did, your process & what contributions people made.

Meeting 1

9/15/02 8:00 - 11:00

Jenna's House

All members were present.

We met at Jenna's house to watch the movie The Other Sister. We decided on this movie in class on 9/10/02. We all watched the movie and took notes so that afterwards we could participate in the discussion. Each one of us took turns saying how we felt Carla and Daniel were treated. We then worked on writing the paper together and then Jenna typed it up.

Meeting 2

9/17/02 6:30 - 7:30

Teaching Resource Center

All members were present.

We used this time to talk about how we felt about people with disabilities and the death penalty. Jenna had brought an article with her, and Greg had read an article on the death penalty before hand. Alison and Marc then went and printed out further articles on the death penalty so that the group could get have more information. Everyone decided that if a person can do the crime then they deserve to be punished. After discussing the case of Danny Lee Hill, we decided that he was guilty and he deserved the death penalty. Alison took notes for this group meeting and then typed out this discussion.

Meeting 3

10/8/02 6:30-7:30

In Class

All members were present.

We used this time to look over each others portfolio's and to give comments. It was very helpful, and also helped us to get organized.

Log of Meetings

Meeting 4

10/8/02 9:30 -10:30

Lobby of the Library

All members were present.

Since we have all heard about Helen Keller sometime in our lives, we divided to talk about her. We all brought an article of her to the meeting. We discussed her life and talked about how she was able to achieve many goals despite having several disabilities. We decided that she is a prime example that just because a person is less able does not mean they are less capable. After taking notes on our discussion, Greg typed up our group reflection.

Meeting 5

10/9/02 9:30 - 10:30

Lobby of the Library

All members were present.

We decided in class on 10/8/02 to all bring a dizABLED comic to our meeting. We looked at the different comics that we brought and tried to see how the comic strip portrayed people with disabilities. We decided that this comic portrayed people positively and was very encouraging. Marc took notes on our discussion and then typed up the group reflection.

Meeting 6

10/13/02 8:00 - 10:00

Alison's House

All members were present.

We met at Alison's house to discuss our ideas for our group project. We made a list of all the materials that we would need and then took a group trip to Walmart to buy them. We split the costs evenly. When we got back to Alison's

Log of Meetings

house we sat down and made a sketch of our poster. We decided on meeting the following day at 8:30 to work on our poster.

Meeting 7

10/14/02 8:30 - 11:30

Allison's House

All members were present.

We got to Allison's house and immediately divided up the work for our

poster. It was a lot of hard work, but we worked together as a team and really

got a lot accomplished. We were all relieved when the poster was finished, but

we were all too tired to start putting our portfolio together. We decided to meet

at 3:30 in the library to put it all together.

Meeting 8

10/15/02 3:30 - 5:30

Lobby of the Library

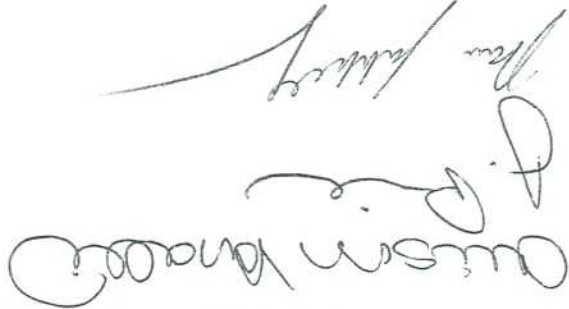

All members were present.

We took this time to put all of our work into the portfolio. Once we got

everything organized, we each looked over our portfolio to see if anything was

missing. When this was finished, we decided to meet at Cook 107 at 6:15 to set

up. I think we are all relieved to be finished with this project.

Handwritten signatures of Allison Knaack and Jen Macey.
