

Survey Study & Report Guide: (80 pts)

As a class the students will design a study that employs survey methodology (See Cosby Ch. 7 & 5). Your grade on this project will consist of the following 3 components:

I. **Introduction with 4 primary references (15 pts):** Due 11/9

Using the How to Write and Introduction in APA Format Without Developing an Overwhelming urge to Kill, turn in the following

1. a **Title Page**

2. Four paragraph introduction that:

- a) clearly states the research question and relevant background information that sets up the research question.
- b) integrates the general findings of the 4 articles presented in the summaries (be sure to include citations).
- c) critically evaluates the merits of the relevant studies.
- d) clearly states the rationale, how the independent and dependent variables will be operationalized, and the hypotheses of the study.

– The introduction should be typed and double spaced, with 1 inch margins. This paper must conform to the style described in the fifth edition of The Publication Manual of the American Psychological Association. Mechanics and grammar are as important as content

3. Finally, turn in a **reference list** (in APA format) of all the articles you have obtained.

(**Note:** 2 article review and critiques are due on this date as well. Please refer to the article critique and review guide for guidelines)

II. **Data Collection (15 pts) :** Due 11/14

Following the procedures outlined in the Survey Study Data Collection Guide (forthcoming) and the Survey Study Data Entry Guide (forthcoming), each student will recruit subjects, administer the questionnaires, enter the data into an SPSS data file, and submit **copies** (keep the originals) of the original data sheets and e-mail the completed data file (titled: Student_Name_Survey_Data.sav) to lbfleisch@radford.edu.

III. **Final Report (50 pts):** Due 12/5

Each student will turn in a thoroughly proof-read and revised version of the paper. This paper should be typed, **5-6 pages** (excluding title page, abstract, references, appendices, tables, figures), double spaced, with 1 inch margins and the introduction should show evidence of revisions and attempts to include of editorial suggestions made by the instructor. This paper must conform to the style described in the fourth edition of The Publication Manual of the American Psychological Association. Mechanics and grammar are as important as content. Papers will be graded on both aspects. Should also show evidence of proofreading and corrections. Your paper should include the following things in this order:

1. Observational Study Final Report Grading Rubric
2. Title Page
3. Abstract
4. Revised Introduction
5. Method
6. Results (following the Observational Study Data Analysis Plan Guide: Forthcoming)
7. Discussion: (Summary of the study and Critique of the methodological strengths and weakness of the proposed study)
8. Conclusions: (suggestions for future directions in theory and research)
9. References: (at least 4 primary sources)
10. Appropriate appendices, tables, and figures (if necessary)
11. Attach SPSS output for all analyses
12. Attach the original previously graded introduction (the one with the grade and editorial comments on it).

NOTE For ALL written work:

- 1) Though all students will be writing reports based on the same project, it is expected that each student's report will be unique and solely the product that student's efforts. Though you may work with other students, be sure that your paper is your own.
- 2) In the extremely unlikely event that your paper is missing or has been accidentally lost or destroyed, make sure that you have a hard copy of the paper AND a backup disk in addition to the copy that you turn in. This is your record of having completed the assignment and will be used to replace the missing copy. If you do not have a backup, it will be your responsibility to redo the paper.
- 3) With the exception of statistics homework problems, all written work ***must be typed and double spaced, with 1 inch margins and 12 pt typeface*** and must conform to the style described in the fifth edition of The Publication Manual of the American Psychological Association. Handwritten work and other work found unacceptable due to format, grammar, or lack of proofreading will not be accepted and will be returned for revision. Revisions submitted within one week of return, will be accepted with a 10% grade reduction. Revisions submitted after the one week deadline will be awarded 0 pts.
