\* You must complete the Themed Housing Interest Form to be considered for **Priority Placement** into one of the communities listed above. Spaces are typically filled during the Priority Placement Process. Selection is competitive and is based on when the University deposit and the Themed Housing Interest Form are received, as well as a written statement and meeting academic requirements (if applicable). Due to demand, your application does not guarantee selection. The Themed Housing Interest Form and additional information is available on-line at [www.radford.edu/res-life](http://www.radford.edu/res-life).

\*\*Pocahontas Hall remains open during University breaks. However, only residents living in the building will be permitted to stay there over breaks. Therefore, if you need housing during any school break, you must sign-up to live in this hall. There will be an additional fee for this service.
