

Dear Composers:

Please share the following with your performers...

The School of Music is located at about the 1100 block of West Market Street. If you head east on Market Street you will see the building on the right as you head into town. Turn Right onto McIver Street, and make another immediate right. You will see a 5-story parking deck nearby.

Go toward the parking deck and take a ticket. You will have to push a button to get one. Whenever you need to leave the deck, the "arm" will lift for you and you will not have to pay anything! (Ah... The advantages of hosting a conference during Spring Break!!)

The Recital Hall is on the lower level. Come into the building through the sets of double doors, and you will see a long hallway to your left. Follow that hallway toward the end, and take the stairs on your left down to the lower level atrium area. I will have a table set up for you to pick up your folder, and there will be a box from which you can "claim" your submitted scores/CD.

I'm looking forward to seeing each and everyone of you, and hearing your music!!

Greg Carroll, President and Host
The Southeastern Composers League
