WHEREAS, in identifying Intellectual Freedom as a Core Value, Radford University maintains that "we encourage and defend a fearless exploration of knowledge in all its forms";

WHEREAS Radford University, in the Statement of Principles of Academic Freedom (Section 2.1 in the Teaching and Research Faculty Handbook), avers that "a vital role of a university is to examine ideologies and institutions in an intelligent and careful manner";

WHEREAS the Statement of Principles of Academic Freedom further specifies that "academic freedom is necessary to assure faculty members the right to pursue such investigation and to express their views without fear of censorship or penalty";

WHEREAS Radford University further avers that "such freedom must apply to both teaching and research";

WHEREAS Radford University defines academic freedom as "the right of the scholar to full freedom to discuss his/her subject" and "the right to unrestricted scholarly research and publication within the limits imposed by the acknowledgment of teaching as a faculty member's primary obligation";

WHEREAS The American Association of University Professors regards "freedom from institutional censorship or discipline when speaking or writing as participants in the governance of an educational institution" critical to shared governance and an essential element of academic freedom;

WHEREAS The Presidents of Virginia's public colleges and universities, in a statement issued by the Virginia Council of Presidents on December 22, 2022, have voiced unequivocal support for

free expression and viewpoint diversity on their campuses and have pledged to promote and uphold academic freedom;

ABOUT THE TASK FORCE

Using the guidance of the *Bipartisan Policy Center's Roadmap for Campus Free Expression*, the Radford University Task Force for Civil Discourse and Freedom of Expression aspires to create and support opportunities for students, faculty, and staff to build skills for and engage in constructive dialogue across differences with the goals of collaborative problem-solving, increasing a sense of trust and inclusion, and supporting the freedom of expression for all constituents.

The Task Force met monthly from November 2022 to April 2023. We solicited feedback from all three faculty/staff senates and the Student Government Association.

Our recommendations include

- Outcomes
- A draft statement on freedom of expression and constructive discourse
- A 2-year action plan aimed at meeting the outcomes

OUTCOMES

Build

Campus constituents (students, faculty, staff, administration, Board of Visitors) will build skills and dispositions for constructive dialogue across perspectives and differences.

Instill

The campus climate will instill a sense of trust, inclusion, and belonging, making constructive dialogue more likely

Align

University policies and procedures will align with our commitment to constructive dialogue and freedom of expression.

Establish and Maintain

Establish and maintain an advisory group and sustained opportunities over time for the practice of constructive dialogue and freedom of expression.

RADFORD UNIVERSITY STATEMENT OF FREEDOM OF EXPRESSION AND CONSTRUCTIVE DISCOURSE

Radford University affirms freedom of expression and critical inquiry as foundations of higher education and democratic society. Intellectual freedom of our students, faculty, and staff is a core institutional value and ensures the free and open inquiry that fuels self-discovery and growth, understanding of other perspectives, knowledge of social and natural systems, creativity, technological advancement, and productive change.

The right to freedom of expression as protected by the First Amendment of the United States Constitution comes with responsibilities to other people and the processes which secure the privileges of a free society. Commonwealth and University policies, such as the [Student Code of Conduct](#) and the [Faculty Handbook](#), help to enable our commitment to intellectual and social growth, respect for others, and the safety and security of our constituents.

Likewise, freedom of expression and meaningful debate is built on a foundation of trust, belonging, and inclusion, rather than polarization, inequity, and antagonism. **RESOLUTION TO AMEND THE
TEACHING AND RESEARCH FACULTY HANDBOOK**

WHEREAS, All proposed changes to the *Teaching and Research Faculty Handbook* must be managed in accord with §5.0 of that handbook, and

WHEREAS, the authority to amend or revise the Faculty Handbook lies with the Board of Visitors. However, proposals for revising the Handbook may be initiated by faculty, administrators, the President, or members of the Board of Visitors. Revisions fall into two categories: (1) those required to ensure that the University is in compliance with state policies and mandates, and (2) those within the purview of the decision-making processes within the University, and

WHEREAS, revisions required to ensure that the University is in compliance with state policies and mandates, and that do not require a decision by University personnel, will be effected through an administrative update, with faculty being informed of the change and the reasons for it, and

WHEREAS, revisions within the purview of the decision-making processes in the University Internal Governance system will be considered by appropriate committees as defined by the Internal Governance system. Proposals for changes will be made in the form of text intended to replace a portion of the Teaching and Research Faculty Handbook, noting new language and striking out the old language, and

WHEREAS, it will be the Faculty Senate's responsibility to ensure that the general faculty is provided time and opportunity to review the proposed change so faculty can communicate with their senators prior to any action by the Faculty Senate; and

WHEREAS, the Faculty Senate's recommendations on proposed revisions to the Teaching and Research Faculty Handbook will be forwarded to and approved by the President. The Provost will forward the Faculty Senate's recommendations to the Academic Excellence and Research Committee who will in turn make recommendations to the member of the full Board of Visitors; and

NOW, THEREFORE, BE IT RESOLVED, that the Board of Visitors of Radford University hereby approves, in accordance with §5.0 of the *Teaching and Research Faculty Handbook*, **Section 2.8: Class Administration** of the *Teaching and Research Faculty Handbook* as hereby amended. Said sections are to now read as follows:

Motion to Revise the Teaching Responsibilities Language in the Teaching and Research Handbook

Referred by: Campus Environment Committee

MOTION:

The Faculty Senate recommends the addition of language (**red type**) and the deletion of language (stricken through) in section 2.8 Class Administration of the T&R Faculty Handbook to read:

2.8 Class Administration

Faculty should meet all classes at the time and place indicated in the schedule of classes unless approval to change has been granted in advance by the Department Chair or Program Director and the Dean.

No classes are to be added or dropped except by the approval of the Chair or Program Director or Dean. Faculty members will inform students, in writing and in other media if appropriate to the course format, of their course requirements, attendance, and grading policies during the first week of the semester. Faculty members are responsible for submitting mid-semester grades for all students in all undergraduate courses as directed by the registrar. Students must be provided the opportunity to examine and discuss with their instructor all examinations, materials, and criteria used in the grading process.

Regardless of the mode of course delivery, all faculty are expected to make use of the university's web-based learning management system (LMS). Specifically, and as a minimum expectation, all courses that enroll five or more students must have an active course shell that includes the following items:

1. The current course syllabus, which must include the course title, prefix and number, grading criteria, mode of delivery (e.g., online asynch, in-person, etc.), and course policies and expectations.
2. An active gradebook in which students can see scores/grades for all work that has been graded in course.

Original works prepared at student expense must be made available to the student at the conclusion of the semester during which the work was submitted.

Student examinations, papers, projects, and other materials used in determining grades should be retained by the professor for at least one semester after the course is offered unless these materials are returned to the student. All records of student grades should be retained and turned in to the Department Chair or Program Director upon leaving the employment of Radford University. A Change of Grade Form must be completed by the instructor and approved by the Dean before a grade can be officially changed in the Registrar's Office.

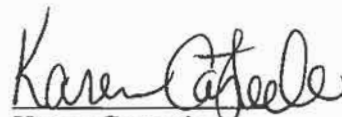

RATIONALE:

Radford University students come to our institution with changing expectations with regard to teaching and learning. The professoriate also evolves, with changing expectations and understandings of what constitutes competent teaching. The current motion reflects the fact that the General Faculty of Radford University believe that access to a web-based course shell with the listed components constitutes a norm of transparency and communication that students are entitled to expect. This motion is deliberately written with sensitivity to the issue of academic freedom; the requirement is strictly focused on providing a standard of communication and transparency for our students and carries no implications for the conduct or content of any course.

Radford University Board of Visitors**March 24, 2023****Action Item
Compliance with Debt Management Policy****Item:**

Adoption of a Resolution certifying that Radford University is in compliance with its Debt Management Policy. In addition, this certification is required annually by the Secretary of Finance for the Commonwealth of Virginia as part of Institutional Performance reporting.

Background:

The 2005 Session of the General Assembly adopted, and the Governor signed, legislation that provides Radford University and all other public colleges and universities in the Commonwealth the opportunity to attain certain authority and autonomy to manage its academic and administrative affairs more efficiently and effectively through implementation of the Restructured Higher Education Financial and Administrative Operations Act. At its meeting on June 30, 2005, the Radford University Board of Visitors approved a Resolution of Commitment allowing the University to exercise restructured financial and operational authority as identified in the Restructuring Act.

The 2015 Virginia Acts of Assembly, Chapter 665 includes a requirement in the General Provisions related to Higher Education Restructuring. §4-9.01 requires, in part, that: *“Consistent with §23-9.6:1.01 [recodified as §23.1-206], Code of Virginia, the following education-related and financial and administrative management measures shall be the basis on which the State Council of Higher Education shall annually assess and certify institutional performance. Such certification shall be completed and forwarded in writing to the Governor and the General Assembly no later than October 1 of each even-numbered year. Institutional performance on measures set forth in paragraph D of this section shall be evaluated year-to-date by the Secretaries of Finance, Administration, and Technology as appropriate, and communicated to the State Council of Higher Education before October 1 of each even-numbered year. Financial benefits provided to each institution in accordance with § 2.2-5005 will be evaluated in light of that institution’s performance.”*

The Secretary of Finance collects information to fulfill the reporting requirements as they relate to paragraph D-Financial and Administrative Standards, specifically §4-9.01 d.2. which states: *“Institution complies with a debt management policy approved by its governing board that defines the maximum percent of institutional resources that can be used to pay debt service in a fiscal year, and the maximum amount of debt that can be prudently issued within a specified period.”* To assess this measure, the Secretary of Finance is seeking a statement from the Board of Visitors certifying Radford University’s compliance with said policy and the effective date of that policy.

Schedule A below provides the required ratio calculation and demonstrates the University is in compliance with its Debt Management Policy. Currently, as disclosed in the 2022 audited annual financial statements, the University’s debt obligations including affiliated foundation total \$84,342,626 which is mainly attributable to the Student Recreation and Wellness Center, Renovations of four Residence Hall projects, and the affiliated foundation property acquisition for student housing.

Right-to-use Lease Obligations

In March 2018, the University entered into a 25-year capital lease with the Radford University Foundation, LLC to meet student housing demand. Due to existing housing commitments, a management agreement was entered between the Radford University Foundation and a third party to manage the properties. Therefore, the University's obligation regarding the capital lease was not effective until fiscal year 2020. The University accounted for the acquisition of the various residential properties as a capital lease in 2020, and recorded the building as a depreciable capital asset, and recorded a corresponding lease liability in long-term debt, both on its Statement of Net Position. During fiscal year 2021, a portion of the properties were purchased by the University which decreased the capital lease and therefore also decreased the depreciable asset and lease liability.

For fiscal year 2022 the lease asset and liability increased with the implementation of GASB Statement 87 as this lease was remeasured as of the implementation date July 1,

2022 to reflect the present value of the future cash payments discounted at the University's incremental rate of 3.48%. The University then purchased two additional properties from the lease reducing the lease asset and liability. The lease presented below is the only direct debt lease as payments for principle and interest for the debt is made by the University.

A summary of changes in the lease liability for the year ending June 30, 2022, is presented as follows:

	Restated Beginning Balance	Additions	Reductions	Ending Balance	Current Portion	Noncurrent Portion
Lease with Foundation	\$16,742,331	\$-	\$3,580,841	13,161,490	\$752,567	\$12,408,923

Long-Term Debt Defeasance

On February 9, 2021, the Virginia College Building Authority, on behalf of the University, issued pooled bonds Series 2021B for \$13,460,000 with interest rates of 0.48 to 1.91 percent to advance refund \$2,900,000 of Series 2011A, \$7,220,000 of Series 2012B and \$3,340,000 of Series 2013A pooled bonds. The bonds, issued at a premium of \$7,343, are used to provide funds for debt service savings for the University. The net proceeds were deposited in an irrevocable trust with an escrow agent to provide for future debt service payments on the refunded bonds.

The advanced refunding resulted in a deferred accounting loss of \$176,827 for the Series 2011 and 2012 bonds, and resulted in a deferred accounting gain of \$258,622 for the series 2013 bonds refunded, which is being amortized to interest expense over the life of the new debt. The defeasance reduced the University's total debt service obligation by \$1,202,463 for the 13 years after the bonds were issued. The debt service savings discounted at a rate of 1.144 percent for

2011A, 1.276 percent for 2012B and 1.391 percent for 2013A resulted in a total economic gain of \$1,178,451. At June 30, 2022, \$318,538 of deferred accounting losses are reported on the Statement of Net Position as a deferred outflow of resources. At June 30, 2022, \$225,632 of the deferred accounting gains are reported on the Statement of Net Position as a deferred inflow of resources.

For financial reporting purposes, these notes payables are considered an in-substance defeasance and have therefore been removed from the long-term debt payable line item of the Statement of Net Position. The assets in escrow have similarly been excluded. As of June 30, 2022, \$9,635,000 of the notes are considered defeased and outstanding.

RADFORD UNIVERSITY BOARD OF VISITORS**March 24, 2023****Action Item****Approval of the Radford University 2022-23 Third Quarter Operating Budget Adjustment****Item:**

Board of Visitors approval of the Radford University's 2022-23 third quarter operating budget adjustment and review of the actual activity as of January 31, 2023.

Summary:

The University has examined the fiscal impact of the 2022-23 fall enrollment results, general fund allocations, as well as miscellaneous one-time revenues on the institutional operating budget. Due to the materiality of the impact on the University's operating budget, a third quarter budget adjustment is necessary to align revised revenue forecasts.

University operating revenues are projected to be above forecast by \$3.3 million. Actual 2022-23 fall enrollment was 4.5% more than budgeted resulting in larger than projected tuition and fee revenue. Although the enrollment was larger than anticipated, the change of the student population mix, notably seat-based students, results in lower than projected revenues for Auxiliary Enterprises. Other operating revenues are more than projected due to supplemental relief funding for student financial aid that was reappropriated from the prior fiscal year, as well as supplemental general fund allocations.

An accompanying outline of adjustments is also provided in the 2022-23 Financial Performance Report (Schedule A) which summarizes the adjusted operating budget and related activity through January 31, 2023 and the University Operating Budget (Schedule B) which breaks down the recommended adjustments.

Education and General (E&G):

The original 2022-23 revenue budget for E&G was forecasted at \$156.7 million. The revised budget recommendation is \$158.6 million, an increase of \$1.9 million. The revised revenue forecast is reflective of the following adjustments.

General Fund

The University is estimating a \$0.3 million increase in general fund operating revenue related to an alignment of central appropriations funding, as well as supplemental funding for the Western Virginia Public Consortium and Virtual Library of Virginia interlibrary loan program.

Non-General Fund

The University is estimating a \$1.6 million increase in E&G operating revenue related to non-general fund business level factors due to higher than anticipated enrollment levels for accelerated online programs. E&G operating expense budgets are estimated to be increased by \$0.9 million to accommodate instructional costs. The remaining revenue of \$0.7 million results in a miscellaneous E&G operating expense adjustment to support University strategic investments.

Student Financial Assistance (SFA):

The original revenue budget for SFA was \$17.8 million. The revised revenue and expense budgets are \$25.3 million concurrently, an increase of \$7.6 million. The revised revenue forecast is reflective of the following adjustments.

General Fund

General Fund appropriations for Virginia Military Survivors and Dependent Education Program, the College Transfer Grant program, as well as, the reappropriation of graduate fellowship and undergraduate financial aid increased by \$0.6 million over the originally budget amount. These are routine supplemental allocations that vary by year.

Non-General Fund

Non-general fund miscellaneous adjustments are recommended for undergraduate student financial aid allocations to account for a \$6.9 million revenue increase over the original budget amount. Undergraduate financial aid allocation increased by \$0.2 million as a result of a reappropriation from 2021-22 and by \$6.7 million as a result of COVID-19 relief funding. Further information outlining the details of the relief funding are provided in the remainder of this section.

The Coronavirus Aid, Relief, and Economic Security Act or, CARES Act, was passed by Congress and the bill allotted \$2.2 trillion to provide fast and direct economic aid to the American people negatively impacted by the COVID-19 pandemic. Of that money, approximately \$14.0 billion was given to the Office of Postsecondary Education as the Higher Education Emergency Relief Fund, or HEERF. The University portion of the HEERF III funding for 2021-22 was \$16.9 million for student financial aid, of which, \$0.1 million was reappropriated in 2022-23.

Congress set aside approximately \$3.0 billion of the \$30.75 billion allotted to the Education Stabilization Fund through the CARES Act for the Governor's Emergency Education Relief Fund (GEERF). The Department has awarded these grants to States (governor's offices) based on a formula stipulated in the legislation. The University received \$1.3 million in GEERF funding in 2020-21. The University also received \$0.9 million in GEERF II funding in 2021-22 which was reappropriated in 2022-23. The funding will be awarded as need-based financial assistance.

The American Rescue Plan Act of 2021 (ARPA) State and Local Recovery Funds for Higher Education allotted \$100,000,000 to the State Council of Higher Education for Virginia (SCHEV) for need-based financial aid for in-state undergraduate students from low- and moderate-income households at public institutions of higher education. The University's portion of the 2022-23 funding is \$5.6 million for student financial aid.

GEAR UP (Gaining Early Awareness and Readiness for Undergraduate Programs) is a \$22.0 million seven-year grant funded by the U.S. Department of Education and administered by the State Council of Higher Education for Virginia (SCHEV). The program is designed to significantly increase the number of low-income students who are prepared to enter and succeed in postsecondary education. The University received \$35,000 in GEAR UP funding in 2022-23.

The University is recognizing the revenue and expense of the relief funding in SFA. Refer to the Financial Performance Report (Schedule A) for a summary and the University Operating Budget (Schedule B) for details on the proposed budget adjustments.

Sponsored Programs:

The original revenue and expense budgets for Sponsored Programs were each \$9.0 million. With general fund allocations from various agencies within the Commonwealth for special projects, a budget adjustment of \$0.1 million is being recommended resulting in revised revenue and expense Sponsored Program budgets of \$9.1 million concurrently.

Auxiliary Enterprises:

The original budget for Auxiliary Enterprises was \$68.5 million in revenue and \$66.5 million in expense. The revised revenue budget is \$62.2 million, a decrease of \$6.3 million which is due to enrollment changes in seat-based programs. The revised expense budget is projected at \$65.0 million, a decrease of \$1.5 million. These adjustments decrease the planned reserve contribution by \$4.8 million resulting in an estimated reserve draw of \$2.8 million. Further review and reductions in expense budget will be ongoing throughout the remainder of the fiscal year to limit the reserve draw as a result of the revenue estimates. The revised budgets are reflective of the following adjustments.

Non-General Fund

The University is estimating a decrease in Auxiliary Enterprise operating revenue, specifically to comprehensive fees of \$1.1 million, as well as, room sales of \$3.6 million, book sales of \$0.1 million, and meal plan sales of \$1.5 million.

Auxiliary Enterprise miscellaneous adjustments recommended include a decrease of operating expense budgets by \$2.9 million due to greater than anticipated turnover and vacancy and scholarship allocation savings, as well as increases for strategic investments that include funding to Athletics of \$0.4 million for marketing and Student Affairs of \$0.7 million student services, retention and accessibility.

Refer to the Financial Performance Report (Schedule A) for a summary and the University Operating Budget (Schedule B) for details on the proposed budget adjustments.

Preliminary Financial Performance Report:

The Financial Performance Report (FPR) is more commonly presented at the September Board of Visitors meeting reflecting the prior fiscal year's budget and actual financial activity. The FPR is generated from annual budget projections and actual accounting data recorded in Banner Finance. The actual accounting data is recorded using a modified accrual basis of accounting which recognizes revenue when received rather than when earned and expenditures when posted rather than when payment is issued.

As shown on the Financial Performance Report (Schedule A), the Original Budget reflects the 2022-23 budget of \$251.9 million approved by the Board of Visitors at the September 2022 meeting. The Revised Budget reflects 2022-23 recommended mid-year revenue adjustments totaling \$3.3 million. While there are a number of factors that influenced the recommended mid-year adjustments they are primarily attributed to actual 2022-23 enrollment levels and relief funding.

The revised budget of \$255.2 million is sufficient to sustain University operations for the remainder of 2022-23 while utilizing limited or no Auxiliary Enterprise reserves. As aforementioned, Auxiliary Enterprises will be under review throughout the remainder of the fiscal year to limit the reserve draw resulting from the revised revenue budget.

Actual expenditure activity for the period ending January 31, 2023, totals \$177.9 million, which is consistent with projections. The vast majority of the outstanding expense budget balance relates to anticipated third and fourth quarter compensation.

Radford University Board of Visitors approval of the 2022-23 third quarter operating budget adjustment as presented in Schedule B for the University Operating Budget.
