- Closing Statements
- Next Steps

## **Memorandum of Understanding**

Between  
Radford University Board of Visitors and Radford University Faculty Senate  
June 4, 2026

In keeping with our stated commitment to effective and transparent communications between the Radford University Board of Visitors and the Radford University Faculty Senate, it is the intent of both entities to continue to pursue opportunities to exchange information, share perspectives and build trust.

As has been the case for many years, both entities will continue their efforts to facilitate informal interactions between faculty members and Board of Visitors members, including jointly attended receptions, speaking events, and student activities. More formally, the tradition established in April 2022 of holding joint meetings twice each year, in conjunction with the Board of Visitors quarterly meetings, will be continued. These meetings will be attended by the Board of Visitors Executive Committee, including the Radford University President, and the Faculty Senate Executive Committee, as well as guests as mutually deemed appropriate.

The Board of Visitors Rector and the Faculty Senate President will work to coordinate and schedule these meetings, including the development of agendas and materials to support the meetings. The Board of Visitors Secretary will assist with the logistics involved with the meetings. In creating this agenda and in taking up items from it, the Board of Visitors and the Faculty Senate agree that the purpose is not to demand specific actions; rather both entities acknowledge the goals of building the trust necessary for shared governance and coordinating efforts to best serve Radford University students.

It is the intent of both entities that the meetings be planned in advance. There may be occasions when scheduling or other situations arise that require changes to this arrangement or adjustment to the dates upon which the meetings will occur.
