In order to apply for admission into the Athletic Training Program, a student must:

A. Be currently enrolled at Radford University as a full-time undergraduate student, regular status.

B. Have a cumulative GPA of 3.0 or better with sophomore standing. Transfer students must complete one semester at Radford prior to admission.

C. Submit evidence that they have current vaccinations for mumps, measles, rubella, tetanus, diphtheria, and Hepatitis B (CAATE Standard 66)

D. Submit a signed technical standards form (CAATE Standard 64-65)

E. Submit proof of professional CPR with AED and 1st Aid Certification

F. Pass the following courses with the following grades.
   - ATTR 150 -- Fundamentals of Athletic Training – B or better
   - HLTH 200 -- Personal Health and Wellness – B or better
   - BIOL 105 -- Introduction to Biology – C or better

G. Submit a completed application packet no later than November 15th of each year. If November 15th falls on a weekend the packet will be due the Monday after. All applications are due by 5:00 pm on the deadline date. Application packets will be distributed in ATTR 150.

Selection for admission into the program is competitive based on various criteria. Students are encouraged to review the applicant evaluation instrument available from the program director. This form is used by the review committee, composed of current program preceptors, faculty and alumni, to score each student’s application. A maximum of 20 students per year are accepted, and all students must have minimum of 70% of the total score on the evaluation instrument. ATTAINMENT OF THE ABOVE REQUIREMENTS DOES NOT GUARANTEE ADMISSION TO THE ATHLETIC TRAINING PROGRAM. A student offered a position in the program must formally accept that position in writing. Students who are not admitted may reapply for admission, but must meet the admissions standards in place at the time. Students who reapply are not given preference over other students applying for that year.

All students who have been admitted to the program in the spring have until the end of summer school in the year they are admitted to complete the following courses with a “C” or better. Failure to pass these classes with the acceptable grade will result in the immediate removal from the program.

   - ESHE 201
   - ATTR 205
   - ATTR 225
   - ATTR 333
   **BIOL 322 or BIOL 310 – You must receive a B or better in these courses.**
**Note: you have to receive a B or better in BIOL 311 also when you take the class in your program of study.**

Late Review

Students may use WinterMester following application to enroll in courses that are required for admission. At the time the admissions packet is due (November 15) students must submit written proof of their enrollment in the course(s) to be eligible. Following successful completion of the course(s), student will be eligible for late review by the committee as long as grades are submitted or transferred to RU before the first day of the spring semester. However, if the program admissions quota has been reached during the primary review, students will have to wait until the following year to apply to the program.
