Introduction to Internship

All students majoring in Recreation, Parks and Tourism must complete a 14-week AND 560 hour internship as directed by the National Council on Accreditation for Park, Recreation, Tourism and Related Professions (COAPRT) and/or the National Council for Therapeutic Recreation Certification (NCTRC). Upon successfully completing this experience, the student receives twelve (12) semester hours of credit based a pass/fail basis. Tuition is due prior to the semester in which the internship begins. This experience is designed to prepare each intern for a beginning professional job in their chosen profession. It provides the student with the opportunity to make practical use of principles, methods, knowledge, and materials which have been developed or acquired in the academic program of study.

The student's internship experience is done for a screened agency under the supervision of an agency/site supervisor and the assigned department's faculty member. All recreation therapy students are assigned to the recreation therapy coordinator or the department chair (if there is no recreation therapy coordinator *and* the department chair is a Certified Therapeutic Recreation Specialist (CTRS)). This is due to NCTR (National Council of Therapeutic Recreation) requirements.

A list of the already screened and approved agencies can be found here:

<https://www.radford.edu/content/cehd/home/rcpt/internships-jobs/approved-agencies.html>

If the agency you wish to use for your internship is not listed, have them fill out Agency Internship Survey form (Section AA of your internship manual). The agency is screened by the department chair or internship coordinator who make the final decision. If the survey receives approval then you are free to pursue your internship with that agency. The purpose of the screening is to determine if the agency has the experience and personnel to properly mentor you. For RT your agency supervisor *has* to be an active CTRS (Certified Therapeutic Recreation Specialist).

While the agency supervisor will supervise the student on-the-job, the Department Chair or the faculty member assigned by the department to you will maintain communication during your internship primarily using online chat, phone calls, or other electronic media). **Your assignments, in the form of quizzes, are on D2L. They are designed to simply establish that you are making progress and to give you another way of asking questions or gain help on any problems with your internship**

If necessary, as determined by your faculty supervisor, the department chair, and/or the internship coordinator you may be visited. The purpose of such visit might be, but not limited to, resolving differences between yourself and your supervisor (when all other attempts have been exhausted), to determine that you are being properly mentored, to address on-site issues that are too complex to address other problems that may have arisen, and so on.

Objectives

Student Objectives

There are numerous objectives associated with an internship experience. Those objectives are as follows:

1. Function as outdoor recreation and leadership, recreation therapy, or tourism and special events professionals.
2. Develop a professional philosophy and attitude.
3. Apply, practice, and enhance the knowledge and skills acquired at Radford University.
4. Engage in the process of program planning, implementation, and evaluation.
5. Participate in the administrative process including attendance at staff and budget meetings.
6. Test, develop, and/or enhance leadership and basic administrative and supervisory skills.
7. Apply assessment techniques for the purpose of determining the recreation needs and interests of individuals and groups.
8. Receive a continuum of supervised experiences in which they can develop self-awareness, self-discipline, and learn to make effective use of supervision to enhance professional development.
9. Engage in program development, staff trainings, and/or research projects.
10. Plan, implement, and evaluate projects and/or programs that move the agency toward its goals in providing for their clients.
11. Determine the appropriateness of outdoor recreation and leadership, recreation therapy, and tourism and special events as a career.
12. To achieve personal goals set prior to the internship and modified through the course of the internship.
13. To create a product of lasting value to the agency in the special project and writing a reflection paper on its value to assess what was learned.
14. To write a Final Report that tracks personal progress through the internship that is both reflective and evaluative on what was learned over the entire internship.

Agency and RCPT Objectives

1. Evaluate each student in terms of his/her skills, competencies, and appropriateness based on standards of professionalism for the field. These evaluations will be e-mailed to the agency via an online Qualtrics survey via the e-mail of the agency supervisor provided to the faculty supervisor by the intern. The intern is responsible for ensuring that the e-mail address is correct and that the agency supervisor receives the evaluation.
2. Provide suggestions to RCPT for curriculum improvement based on experiences with interns.
3. Involve site agency personnel in the preparation of future professionals.
4. Evaluate the effectiveness of agency services in terms of student involvement.
5. Enhance RCPT faculty supervisors by keeping them in touch with best practices in the field by practitioners.

Internship Responsibilities

Students

The responsibilities of the student in regard to the internship experience are to:

1. Meet all academic requirements for enrollment in RCPT 417 (soon to be RCPT 469) Pre-Internship and RCPT 470 Internship. As part of RCPT 417 (469), students will complete the Student Internship Check List (Section HH).
2. Select internship sites appropriate to the student's concentration (i.e., tourism and special events, outdoor recreation and leadership, or recreation therapy) from the approved list or initiate the approval process through completion of the Agency Survey Form (available through the Department Office or online <http://recparks.asp.radford.edu/agencyform.html>). Since not all agencies are unconditionally approved, check with the RCPT 417(469) Instructor FIRST to see if there is already a survey on file before contacting the agency.
3. Develop a professional quality resume, cover letter, portfolio, and internship goals as part of RCPT 413, Professional Issues.
4. It is recommended to interview with at least two potential internship sites. Suggestions on how to interview for an internship experience are found in Section II. Each interviewer must complete the Internship Interview Survey (Section JJ) and return it to the Department's Internship Coordinator (the instructor of RCPT 417(469)).
5. Discuss your preferred internship agency with the RCPT 417(469) Instructor and notify all agencies in a timely manner regarding your internship decision. This should be done as soon as possible after completing the two interviews. When informing the preferred agency, request that they send an e-mail to the RCPT 417 instructor confirming your acceptance as an intern.
6. Complete 6 important items to be placed in your internship folder located in the RCPT main office, 137 Waldron. 1. "Student Internship Agreement" (Section KK), 2. "Agency Contact Information" (Section LL), 3. Copy of Student's Internship Goals, 4. Internship verification (this could consist of an e-mail stating you have position, a signed contract from the agency, etc..). (5) RU Internship Agreement. (6) Documentation for 100 hours of field experience.

NOTE: The 6 items described above must be in place before starting the contract process. Failure to comply with this requirement may necessitate a delay in starting the internship or its cancellation.

NOTE 2: The contact information MUST include a STREET ADDRESS so that you can be found for the visit. Be sure there is a working number to call in case your faculty supervisor must visit and is delayed or needs additional directions on this form. Update this information if it changes during your internship.

7. Once the contact information is received the agency will receive a contract that MUST be signed by the agency and returned to our Department Internship Coordinator (the instructor of RCPT 417(469) (fax 540.831.7719) or scanned with signature and e-mailed to mulhassan@radford.edu attn: RCPT Internship Coordinator. This form is then signed by the appropriate contract administrator for Radford. It is returned, signed by the

Internship Coordinator OR the Department Chair in the absence of the Internship Coordinator (during the summer when the Internship Coordinator *is* the Department Chair. THEN a copy is returned to the agency. **ONLY when ALL the signatures have been obtained, proper copies made, AND it is returned to the agency may you begin your internship. Failure to complete this step may lead to a delay in being able to start your internship.**

8. Remove all registration blocks so that you **may register for RCPT 470 Internship (12 semester credits). Pay all tuition and fees to the Student Accounts Office when they are due. Failure to comply with this procedure may require a late registration fee and/or no credit for the course.** Note: Students intending to complete their internship during the fall must complete all previous steps during the spring semester.
9. **PLEASE NOTE: YOUR TUITION IS BASED ON THE SEMESTER YOU ARE DOING YOUR INTERNSHIP. YOU CANNOT TAKE YOUR INTERNSHIP OUTSIDE OF THAT SEMESTER.**
10. **Within one week** of the start of the internship, the student is required to notify (by mail, telephone, or email) the Internship Coordinator (instructor of this class) fall and spring of the identity of the immediate supervisor and updated contact information (e.g., direct telephone numbers home address, cell phone, etc.). In the summer, the Department Chair *is* the Internship Coordinator so send your forms in the summer to the Department Chair if they need action. The purpose of this is to recheck any variation from the internship contract and agency contact information.
11. Complete internship updates (recall those are the quizzes which you will be able to find in D2L throughout the course of the internship in a timely manner. Timely means as soon as reasonable after each quiz is opened up to you.
12. Complete a special project as agreed to by the agency and approved by the Department Chair. This project usually involves leaving a concrete product behind that you have done for the agency. The project should be something above and beyond your normal duties. It can be a manual, a program plan handbook based on a program that you did, something you built but also with a “how-to” manual, and so on. You will ALSO attach a four page reflective paper to your special project. These are turned into the dropbox in D2L. See Section DD for more details. **BEFORE** you start your special project it **MUST** be approved by *both* your site supervisor *and* your faculty supervisor (the one assigned to you by the Department Chair for the length of your internship).
13. Strongly Recommended: Maintain a personal log of experiences. The content should focus on the challenges you faced and how you dealt with them. Please also note projects and tasks about which you are particularly proud. Keep in mind that you also to develop professionally and emotionally as well. Please make notes in your log how you change and improve in dealing with emotions on the job.
14. Meet with the Department Chair, Internship Coordinator, or your Faculty Supervisor when the individual visits the agency (when necessary and hopefully not a common event). Attendance at such a visit is required. **Failure to attend this meeting can lead to failing the entire internship.** We do not have the resources to revisit. No excuses. A typical visit will require a meeting with your supervisor first then with you. If there are no discrepancies or issues, your Visitor will then meet with you to answer any questions you might have, resolve any problems that may have been brought to the Visitor’s

attention, and provide feedback on areas where you can/need to improve professionally. The intent of the visit is to resolve any problems/issues that were not addressable via remote communication.

15. At the conclusion of the internship, complete the "Final Report" (Section CC). The Final Report will be submitted in D2L in the appropriate dropbox. Your final evaluation (as well as your midterm evaluation) will be sent directly to your supervisor via a "qualtrics survey."
16. **STRONGLY RECOMMENDED:** Get personal liability insurance (**REQUIRED IN RECREATION THERAPY**) to cover any accidents during the internship for which you might be personally responsible. See your faculty supervisor if you need help with this.
17. **ALL of your paperwork, ALL six quizzes, your special report, your final report, and your midterm and final evaluations MUST be received before you can receive a final grade for your internship.**

Department

The responsibilities of the Department of Recreation, Parks and Tourism are to:

1. Conduct a course RCPT 417(469) to help students prepare for their internship.
2. Assist students in the development of their internship goals.
3. Supervise arrangements for and give final approval of internship assignments.
4. Maintain contact with agency supervisor as necessary regarding student progress. Your assigned faculty supervisor will be responsible for this.
5. Consult with agency supervisor and student regarding issues which may develop prior to, during, or after the internship. Again, the faculty supervisor assigned to your internship.
6. Read and evaluate final papers, projects, and journals associated with the internship. Your assigned faculty supervisor is responsible for this.
7. Visit students at their internship sites and conduct evaluation conferences with students and supervisors during such visits **IF NECESSARY**. It is *not* anticipated this *will be* necessary except under extreme circumstances.
8. Evaluate the student's total experience including evaluation reports of the agency supervisor and assign a final grade (pass or fail). These will be sent by the assigned faculty supervisor via an online link.
9. Review and approve internship sites based on established criteria determined by the Department (Section GG). The Internship Coordinator will make these decisions with the Department Chair making decisions in the absence of the Internship Coordinator.
10. Assess selected learning outcomes. In real time this is the responsibility of the assigned faculty supervisor. The Internship Coordinator will make a periodic report to the faculty starting in the fall 2020 at the department annual retreat.

Agency responsibilities

Responsibilities of the internship agency regarding student support are to:

1. Complete the Agency Internship Survey (Section AA) and update as necessary. The survey can be completed online at <http://recparks.asp.radford.edu/agencyform.html>.
2. Interview and select students in an appropriate manner.
3. Communicate with the Department (c/o: Internship Coordinator) by letter, email, or fax as soon as possible that the student has been accepted as an intern. The Department will respond with the Agency Internship Agreement (Section MM) for signatures only after receiving confirmation of acceptance from the agency.
4. Review and sign the Agency Internship Agreement (Section MM). If differences occur, these are to be brought to the attention of the Department so that a resolution of these differences can be accomplished before the student begins the internship experience (Section GG). A copy of the signed form will be returned to the agency when it has been signed by the internship coordinator. In some cases, a signature from the university contract office may be necessary which normally takes a few extra days.
5. Assign a qualified staff member to supervise the student. Prepare staff for the arrival of the student and inform personnel as to their role(s) in mentoring the student. Mentoring means the intern has ample opportunity to learn new tasks and assignments, has an opportunity ask questions, and this may be formal (specific training meetings or classes) and/or informal (such as working with qualified individuals who can respond and authoritatively answer questions).
6. Provide a general orientation to the agency and facilities.
7. Provide appropriate physical arrangements for the student, such as office, desk, use of telephone, access to a computer, how to use office equipment, etc. as required by the internship.
8. Allow time for the student to meet with the Faculty Internship Supervisor and be present during the Faculty Internship Supervisor Visit (*if necessary*). The faculty member is aware that your time is valuable and will be as efficient and considerate of your time as possible.
9. Provide the opportunity for the student to assume increasing responsibilities progressing from a general orientation to more specific roles and responsibilities, working with other personnel within specific units of the agency and to assume leadership responsibilities part-time or full-time. This includes allowing the student to attend meetings where decisions are made as well as to gain knowledge about administrative procedures including budget, program development, capital development projects, etc. If their participation is appropriate we would encourage that.
10. Assign the student (within limitations of education and experience) a special project to be completed during the internship. This assignment should be of high quality and provide a service to the agency. It needs to be something of lasting value to the agency as in updating an internship manual, a program planning manual, a project manual or something concrete built by the intern or something similar. This needs to also be approved by the student's faculty supervisor to provide a check on scope and appropriateness. Normally that is the limit of what the faculty supervisor is responsible for in this area unless concerns/questions come from the agency and/or the intern.
11. Complete a midterm and final evaluation (Section NN) of the student's performance. These evaluations will be sent to you in an online Quattrics survey format for your convenience as described above. Please note that you are required to discuss your evaluations with your intern(s). You can do this by having the student present when you

complete the online survey or discussing the results after you have submitted the evaluation.

In-Area and Out-of-Area Internships

Out-of-area internships will be approved in accordance with Department policies and procedures. In-area is designated as any site within a day's drive of Radford, Virginia. A "day's drive" extends west to almost the Mississippi River, to Southern New York (including New York City) to the north, and as far south as Tampa, Orlando, and Daytona, Florida. You can ask the Faculty Supervisor if you are in doubt as to what is "in-area." **If there are concerns about a student's potential success, the Department Chair may restrict that student to approved agencies within a 50 mile radius or closer from Radford University or even within the City Limits of Radford.**

Out-of-area internships are in two tiers. The highest tier, and by far the hardest for permission, is anywhere not covered by the second out-of-area tier). There is no guarantee you will be visited by a faculty internship supervisor for this tier. Unless a true emergency develops. Talk to the Internship Coordinator to see if your petition would have much of a chance in being accepted if you are concerned. If the same or similar experience can be obtained in a lesser tier you will be denied.

The second tier is in the Rocky Mountain area ranging roughly from Denver to north to Jackson, Wyoming and south to Colorado Springs and west to Utah. The reason for this tier is to allow ample opportunity for unique internships while minimizing potential travel costs to the department. You must petition the Internship Coordinator (or Department Chair in the absence of the Internship Coordinator) who will consult with faculty, if necessary, to determine your qualifications for an out-of-area internship.

A request to complete an internship experience out-of-area is an exception, not the rule. Students considering an out-of-area internship experience must file a petition to the Internship Coordinator (Department Chair in the absence of the Internship Coordinator) within three weeks of the start of the semester in which the student is enrolled in RCPT 417(469). Occasionally an exceptional opportunity comes up after this deadline. Reviewing such a petition will be at the discretion of the Internship Coordinator (Department Chair in the absence of the Internship Coordinator). The petition must include the following:

- Major and overall GPA;
- Desired internship location;
- Rationale for why an equivalent experience cannot be obtained in-area;
- Factors for success (e.g., interpersonal and communication skills, personal maturity, dependability, work ethic, etc.);
- Performance history (e.g., classroom behavior, leadership roles, work experience, character, etc.).

- Support at destination by family and/or close friends of the family.
- Anything else that should be considered by department faculty.

The Internship Coordinator (Department Chair in the absence of the Internship Coordinator) in consultation as necessary with the faculty has the final approval of any out-of-area internship experience. Students seeking exceptional sites may be asked to speak at a faculty meeting. Petitioners will be informed regarding their status (accepted, rejected, or accepted with provisions) to seek out-of-area internships when a decision has been made. Upon notification, students have one week to appeal by submitting a written petition bringing up anything that might have been missed to the Internship Coordinator (Department Chair in the absence of the Internship Coordinator). The Internship Coordinator (Department Chair in the absence of the Internship Coordinator) will review the appeal and then make a final decision with no further appeals allowed. Approval only permits the student to investigate out-of-area internship opportunities and specific agency approval must follow established procedures for all internship sites. There is no guarantee that the approval to seek an internship will lead to acceptance by the agency.

Finding an Internship

Recreation, Parks and Tourism students successfully compete for internships in some of the best recreation sites in the United States. The first half of RCPT 413 Professional Issues in Recreation, Parks and Tourism is dedicated to developing products (i.e., resume, goals, cover letter, and portfolio) and skills (i.e., interviewing and professionalism) necessary to secure an internship. To further your searching skill RCPT 417(469) is designed to assist you. The course is designed to assist you in all the paperwork associated with the internship, deadlines, where to search, to consult with you on appropriate internships, and to assist as necessary in getting the paperwork completed properly to allow an internship to proceed. It is the goal of RCPT 417(469) that each student finds an internship site that meets their educational and professional goals. Each student is ultimately responsible for successfully finding that internship, but help is available throughout the process to help maximize the chances of finding the best internship possible.

Internship information is available to students through a variety of formats. An official list of approved internship sites is online at <http://recparks.asp.radford.edu/internships.htm>. Students who are unsuccessful in obtaining an internship by the deadline set in RCPT 417(469), must petition the Internship Coordinator (Department Chair in the absence of the Internship Coordinator) for an extension by the deadline date.

It is strongly suggested that internships be sought out near where the intern wishes to live in the future. The reasons for this are as follows: 1. A significant percent of our interns receive further employment from their internship site. If you do not plan on living at that location you miss out on a potential job. 2. Others in the field are doing THEIR internships where YOU intend to live. Those interns are busy networking and/or making themselves employable to their agency. If you did your internship somewhere else... when you return home... the job you probably REALLY wanted went to someone else. 3. The further away you go, the more difficult it is to adjust to

new surroundings, find housing, and dealing with problems. Since you are far away, we cannot easily get to you to assist you in dealing with problems.

Contract Dates and Summer Internships

Whenever possible, internship contract dates should follow Radford University's academic calendar (<http://www.radford.edu/~registra/final/calendar.html>) for fall, spring, and summer III. Exceptions are made when the internship site *requires* dates that are different. However we HAVE to know the dates of your internship as the University has a CONTRACT with your agency ONLY during the dates of your internship. It protects both the University and the Agency from liability. And it covers you under limited conditions. Be aware of that If you work longer than your internship dates it is at the risk of the agency and you. The University ONLY accepts responsibility for you DURING the term of your contract. It is possible to extend your contract, but that has to be a mutual agreement between the department and your internship agency. Under special circumstances when a longer internship will allow a student to be better prepared for future employment, an extension may be required by the Internship Coordinator (Department Chair in the absence of the Internship Coordinator). Or, if the internship is required to be longer than is required for the department, at the student's request a longer internship period may be allowed by the Internship Coordinators (Department Chair in the absence of the Internship Coordinator). If you go longer than the time period specified in your contract, a *new* contract must be created. You initiate this through your Faculty Supervisor who will work with the Internship Coordinator to create the new contract.

Students wishing to complete an internship during the summer can still "walk" during spring commencement. Summer interns must complete all requirements by August 15. *Officially* that is roughly the closing date. But that is usually extended to the first or second week of September, but those dates have not generally been published and the ONLY way to ensure that you graduate as a summer graduate is to get your paperwork done on time. The Department cannot guarantee there will always be an extension. If you *miss* the cut-off date you will officially graduate in December. If for some reason a student needs to change her/his internship start and/or finish date after the contracts have been completed, the Department must be notified in a timely manner (*timely* being as soon as possible). The Department Chair and the agency supervisor must approve any changes to the contract dates. Again, the reason is University insurance covered in the contract. Similar rules apply to fall and spring internships.

Typically, when a student completes RCPT 417(469), the internship is completed the following semester (or in the fall after taking RCPT 417(469) in the spring). There are rare occasions when the student will be forced to postpone the internship until two semesters (or longer) after completing RCPT 417(469). If this is the case, the student must adhere to the following protocol or the internship will not be approved:

1. Contact the CEHD advising center if taking a leave of absence from RU and learn the steps to be readmitted to Radford. There is paperwork to fill out to avoid having to go through readmission to Radford. However, the paperwork to take a leave of absence is very short and easy. To get *readmitted* is a long process and is not guaranteed.
2. Complete all required pre-internship paperwork before course registration starts for RCPT 470 enrollment. That means the semester *prior* to the start of your internship.

3. IF you do not follow the above, you will have to reapply to Radford. Once readmitted to Radford, contact the current professor of RCPT 417(469) to be properly enrolled in RCPT 470 by the first day of registration.

INSURANCE

During the interview, ask whether the agency has a liability insurance policy in effect that will cover actual or alleged negligence arising out of performance of duties as an internship student. If the agency does not have such a policy, the student is still covered by the University's policy as it relates specifically to internship responsibilities. However, there is a fine line between what is and what is not the student's responsibility, especially in health care facilities. Recreation Therapy students are *required* to carry personal liability insurance. Proof of insurance is required to be turned in *prior* to your internship starting. See the Department Chair if you have questions. For all other inters, again, personal liability insurance is highly recommended. Therefore, it is strongly suggested that the student obtain personal liability insurance or have a "rider" added to an existing insurance policy of a parent or guardian for the duration of the internship. **THE ABOVE IS IMPORTANT!!! READ IT TWICE!!!**

NCTRC REQUIREMENTS

Students in recreation therapy must meet standards of the National Council for Therapeutic Recreation Certification (NCTRC) for field placement. NCTRC requires that students be supervised by a full-time, "actively" certified CTRS at a single internship agency site. Students must complete at least 560 hours in no less than 14 *consecutive* weeks. No less than 20 hours per week nor more than 45 hours per week will be accepted. If an internship is interrupted due to the closing of a facility, termination of a CTRS supervisor, or severe illness/family emergency, students should immediately contact their Department Chair (our only CTRS in the department at this time) for assistance. Please consult NCTRC guidelines for further information. Only the CTRS faculty member can be responsible for all aspects of RT interns. <http://www.nctrc.org/certification/InformationforNewApplicants.pdf>.

TERMINATION OF INTERNSHIP

Although every effort is made to support the internship learning process from both the faculty and the site supervisor, on occasion it becomes necessary to terminate a student intern. Because of differing agency guidelines and stipulations within the University each case must be considered separate and distinct. Early and immediate intervention provides the best alternative to issues that may be cause for termination. Agency personnel guidelines will direct the initial review and appropriate documentation must be provided to the Department Faculty Supervisor. All information should be reviewed with the intern and the Faculty Supervisor. Every effort will be made to reconcile the issues. Students may exercise their option to withdraw from the class according to established University guidelines or to file a grade appeal according to the University Undergraduate Catalog and the Student Handbook. In certain instances, warnings, conferences, and early intervention cannot be part of the process because of policies and

procedures within the agency. In these cases, a student may be fired immediately without consultation with the Department Internship Chair. However, the general guidelines include:

1. Student and/or site supervisor contacts the Internship Coordinator (Department Chair in the absence of the Department Chair).
2. Internship Coordinator (Department Chair in the absence of the Internship Coordinator) has direct communication with both the student and the site supervisor.
3. All documentation, from both parties, is forwarded to the Internship Coordinator (Department Chair in the absence of the Internship Coordinator).
4. Supervisor and the circumstances are reviewed with the Internship Coordinator (Department Chair in the absence of the Internship Coordinator) and may be referred to the faculty for further consideration.
5. Due Process is followed at all times in the process.
6. A final recommendation is made.

Under certain circumstances it may be determined that the student is unable to complete the degree program. Other alternatives may be recommended for the student, but these alternatives are based on each situation and the reason(s) for dismissal.

The bottom line is that YES you CAN be fired from your internship. That is not what anyone wants. But if the agency would normally fire its own employee under the same circumstances you may be fired as well. You can be removed from an internship if you are not performing your duties by either your agency supervisor or the Internship Coordinator (Department Chair in the absence of the Internship Coordinator). The Internship Coordinator or the Department Chair does not control your internship agency's policies on firing.

The Internship Coordinator (Department Chair in the absence of the Internship Coordinator) will review the circumstances with you and will listen to your agency supervisor. If there are no mitigating circumstances you will need to start your internship all over again and your case will be submitted to the Dean of Students for action if the conditions dictate that. As mentioned above, each case will be handled individually due to the wide array of internship agencies and circumstances. Sometimes there simply is no good option for the intern. If due process has been followed and the student was at fault the student will receive an 'F' for the internship and will have to re-enroll in a future internship to graduate. Proceeding in good faith, if the Department Chair determines that there were mitigating factors that were sufficient in scope to prevent an intern from performing her/his duties as an intern, the intern may be placed elsewhere to complete the internship and/or receive an Incomplete grade to allow a chance to complete the internship.

INTERNSHIP UPDATES

ALL UPDATES ON ONLINE IN D2L IN THE FORM OF QUIZZES!!!

There will be **SIX** updates! The links for these will be found in D2L for RCPT 470 for the section you are assigned. **ALL** of them **MUST** be satisfactorily completed in **FULL** to pass your internship.

SECTION CC

INTERNSHIP FINAL REPORT

This is easiest to do if you keep a daily log of what you do. It is a summary of your major and minor learning experiences on the jobs, your feelings on challenges you confronted on the job and anything else you want to draw to my attention. This report will be at least **four to eight paged long**, double spaced. Adding pictures is helpful if they illustrate what you have done. The pictures do NOT count for the page length.

Your final report is a reflective narrative paper. It walks the reader through your internship from how you found your internship to the end of your internship. You should focus on those points in your internship where you faced challenges and how you dealt with them. Sometimes you will have met the challenges successfully, sometimes not. What did you learn from those challenges is the focus.

At the end, you should evaluate the site and what kind of Radford student would do well and what kind of student would not. It is important that you give an honest evaluation so students who follow you can self-evaluate how well they would do there. Not everyone will respond to your internship the way you did. Who WOULD succeed and WHAT would that person be like?

Lastly, please evaluate your own self. Where did you do well in your internship and where could you have done better? How did you grow as a professional and what did you do that better prepared you for your future career? Tell us what you are doing after you are finished with your internship meaning do you have a job? If so, what kind of job? Is your job permanent, part-time, an extension of your internship, etc.? Are you going to graduate school? Or are you going to travel for a time and then look for a job? Or whatever you plan on doing.

Your final task is to submit your final report into the D2L final report dropbox for the internship class. The deadline varies depending on the semester for which you are taking the internship. Please pay careful attention to the deadline as it may mean the difference between graduating on time or not being an “official” graduate until the following semester!

SECTION DD

Internship Special Project

As an intern from the Department of Recreation, Parks and Tourism at Radford University, you are expected to develop a “special project” in conjunction with your agency supervisor. The project should fulfill a specific need for the agency and may take a variety of forms, such as a report, training manual, in-service training project, video production, marketing plan, homepage construction, etc. The intention is for you to develop a long-term plan and work on a project from week to week throughout the internship. The agency supervisor should provide guidance on a regular basis and give enough support for you to complete the project. The project should be considered part of your required 560 hours and be completed in incremental stages throughout your internship. The internship site is NOT required to allow you to use work time to work on your special project but MAY at their discretion. However, this is, first and foremost, your project. The variation on projects is unlimited and the intention is threefold:

- Develop your long-term planning skills;
- Devise a project that is meaningful to the agency; and
- Expand your responsibilities as an intern.

You will ALSO write a FOUR page reflection paper for your special project that you will turn in at the same time as your special project as described below in the first FAQ.

Frequently Asked Questions

Do I HAVE to write a paper in ADDITION to my Special Project?

Yes. You will submit a FOUR (4) page paper, double spaced in ADDITION to your special project. The paper will be a reflective narrative that leads the reader from the initiation of the project all the way through the end. Write in detail about the challenges you faced and what you learned as a result of the project. In the end, how do you KNOW if your project was successful or not? Tell the reader what you learned as a result of doing the project.

Can I combine several smaller projects?

Although the Department recommends a single project, some internships lend themselves to multiple projects. For instance, some internships require a separate project for each rotation or several different types of projects. Under these circumstances it is acceptable to complete several smaller projects. **A TANGIBLE product must be left behind. This means something you built, wrote, or created.**

Is it O.K. to do a special event?

The Department discourages special events or programs unless required by your agency. If this is the case, the event must be consistent with time and planning requirements of other projects. You also MUST leave a program or event manual behind if you do this.

Who ultimately decides what an acceptable special project is?

Ideas for special projects should originate with the student or internship agency. Discuss alternatives with your agency supervisor and **seek final approval from your Faculty Supervisor.**

How do I turn in my special project?

Place your Special Project in the special project assignment on D2L. AND your four page paper into the dropbox in D2L.

When is it due?

Deposit your special project NO LATER than the day you turn in your Final Paper. Turning it in EARLY would be helpful.

SECTION EE

Internship Performance Report

Your supervisor will be e-mailed a survey via “Qualtrics” by your assigned faculty internship supervisor for BOTH your mid-term and final evaluations. Your supervisor should go over the evaluation with and discuss all issues. It is okay if you are present while the supervisor fills it out. Or the supervisor can discuss it with you afterward. Please be sure to let your supervisor KNOW you HAVE to discuss the evaluation with them once it is complete or as it is being filled out.

Please note that YOU are responsible for making sure the e-mail address for your agency supervisor is correct and up-to-date. Further, YOU are responsible for making sure your supervisor *receives* the evaluations. Sometimes the e-mails may be blocked by internal security and/or the address you were given is not correct (or, copies wrong by your faculty supervisor). In any case, do not assume these have been received by your agency supervisor. CHECK!

Student Internship Letter

Dear

This is to offer a few quick reminders about some elements of the internship about which you may be uncertain. The Department of Recreation, Parks and Tourism has approximately 50-70 interns annually. The faculty is constantly involved in some stage of support for the internship process throughout the year. Although one faculty person is responsible for your internship supervision you may be contacted by other faculty attending professional meetings, consulting, and/or other business, which may place them in your proximity. This is an effort for all faculty to maintain contact and provide support. Since I have primary responsibility for internship supervision, I will be contacting and visiting interns throughout the summer and all of your formal communication should be directed to me.

You should have a clear understanding of the responsibilities associated with this experience, but if you are having problems you should contact The Internship Coordinator at 540.831.7720. Every attempt will be made for someone to respond to your call as soon as possible. Remember that the Internship Coordinator may not always be available due to travel, teaching, being in meetings and so on. In the absence of the Internship Coordinator the Department Chair is your next best source. Please leave a phone number where you can be reached and convenient times when you can be reached. An attempt to return your phone call will be made as soon as possible.

Primary factors of assessment for the internship will include the following:

1. A total of **six (or more!) progress reports** (in D2L) are required over the course of the internship.
2. **Professional conduct** on the job will be of first and foremost importance throughout the experience. This is an educational experience and you should ask your site supervisor questions regarding conduct. Don't assume you will always make the right decision and be sure to learn from your mistakes, but don't repeat mistakes.
3. A **weekly meeting** with your site supervisor is recommended for ½ hour to one hour throughout the internship to assist with obtaining answers and getting direction. Working alongside your supervisor and/or with other colleagues who are knowledgeable and willing and able to answer your questions may substitute for formal meetings.
4. **Mid-term and final evaluations** are mandatory and will be sent directly to your supervisor by your internship supervisor. Your supervisor should discuss your evaluations with you after they are complete. You may be present when the survey is completed by your supervisor is that is okay. But your supervisor **MUST** discuss your evaluations with you regardless.
5. The Department requires a **special project** (see the Internship Manual) that must be completed during the internship. You and the site supervisor should agree on this project. You should record all aspects of this project and provide a project report at the end of the term. Do not hesitate to ask for assistance and support from your site supervisor, but keep in mind that this is your project. This is a long-term project so don't wait until the end of the semester and then be rushed to complete the task.
6. A **final report** (see Internship Manual) about the agency and your experience is required. This will become a part of the agency files within the Department of Recreation, Parks and Tourism, which will be made available to other students who might want to consider the same agency for a subsequent internship. This is due one week prior to the end of the contract agreement.
7. An **internship journal** is recommended, but not required for the experience. The faculty in the Department of Recreation, Parks and Tourism believes this experience is one of the most important aspects of your professional preparation and we want you to succeed. We will do everything within our power to assure your success, but in the end, you will determine the success of your experience and the value of your degree. Good luck with your internship.

Sincerely,

Department Chair

SECTION GG

Department Criteria for Selecting an Internship Site

1. The agency or department is forward looking in its policies and is interested in maximum professional growth of its staff and the development of a sound and quality recreation, parks and tourism program.
2. There should be an agency policy approving the use of the agency or department within a health care agency as an internship training site.
3. A basic democratic philosophy is carried out in organization and administration of the agency or department within a health care agency.
4. The agency or department is positively interested in the internship and is willing to enter into an agreement (contract) as to satisfactory working relationships with the student.
5. The agency or department has a varied program of services with adequate supplies and equipment as reflected by the completed Internship Agency Survey Form.
6. The agency or department supervisor of the student possesses a baccalaureate degree with a major in recreation, leisure studies, tourism, recreation therapy, or allied field with at least two years of subsequent paid full-time experience in the field.
7. The National Council for Therapeutic Recreation Certification shall certify the agency or department supervisor of the student doing an experience in recreation therapy at the CTRS level.
8. The agency or department supervisor must be interested in working with internship students, possess the necessary professional and personal characteristics for student supervision, and be thoroughly familiar with the agency or department program.
9. The agency or department supervisor must be willing to attend meetings regarding the progress of the student at the agency site.
10. The student must be mentored and not used as simply an additional worker. This can be done formally in a meeting for half an hour or an hour each week, or it can be accomplished through working on a regular basis with a student where they can learn by example and have a chance to ask questions.
11. When possible, students should be allowed to shadow the supervisor at meetings, workshops, etc.

NOTE: Internship sites not on the approved list (located online at <http://www.radford.edu/~recparks>) must complete the Agency Internship Survey form and be approved by the faculty. Since not all agencies are unconditionally approved, check with the RCPT 413 Instructor FIRST to see if there is already a survey on file before contacting the agency.

Suggestions for the Internship Interview

The following are some general points for your information when preparing for the internship interview.

Preparing for the Interview:

1. Dress appropriately and follow all the usual rules of courtesy.
2. Know your own capabilities and weaknesses. Do you know what goals you wish to accomplish? What kind of satisfaction do you expect from your internship?
3. Be sure you know the correct name of the agency or department and where it is located. Know the name of the person with whom you have the appointment.
4. Know where the interview is to be held and the time of your appointment. It is also helpful to know how long the interview will last so you can prepare accordingly. Arrive 5 or 10 minutes before the appointment and let the secretary/receptionist know that you are there.
5. Be prepared to answer and ask questions. Internship interviewers frequently ask questions such as: Tell me about yourself. Why do you want to do your internship here? What would you like to do after graduation? What is your philosophy of recreation therapy (outdoor recreation, tourism and special events)?

The Interview:

1. A little nervousness is normal in an interview. Try to avoid overt nervousness (trembling, voice cracking).
2. Don't answer questions with just yes or no, but don't talk too much either. Maintain eye contact with interviewer. Stay alert and interested. Be an active listener.
3. Sell yourself. This is your opportunity to convince the interviewer that you are the person for whom their agency is looking. Emphasize your strong points by relating material gained from your experience(s).
4. Be honest. If you have made a mistake in the past, explain it without making excuses. Don't claim skills or qualifications you don't possess.
5. Don't expect to be offered an internship position during the interview and **DO NOT ACCEPT ONE IF IT IS OFFERED.**

After the Interview:

Determine the agency or department where you would like to do your internship and obtain final approval from the internship supervisor. Then you must indicate your decision to the agency by letter. Also write a thank you note to each of the other agencies for taking the time to interview you and the courtesy you were shown during the interview. Let them know that you have accepted an internship with another agency.

Internship Interview Survey

Students in the Department of Recreation, Parks and Tourism Department at Radford University are required to complete a minimum of two interviews before selecting an internship site. After the interview, each practitioner conducting the interview is requested to fill out the following survey and return it to the Department so that the faculty may better prepare students in the future. The purpose is to determine the level of professionalism and preparation demonstrated by students during the internship selection process.

Student Internship Agreement

I, the undersigned student, agree to accept an internship with the agency named below. If I am placed in a paid position, I agree to accept the rate of pay stipulated below. I enter into this internship agreement with the full knowledge that the internship agency has committed considerable time and resources so that I can develop vocational competence through the internship experience. I further agree to comply with the following conditions of the internship:

CONDITIONS OF INTERNSHIP

Time Off

The student intern must be on the job regularly and punctually. He/she has only the privileges allowed other regular employees of the agency. He/she must not ask the employer for or take time off from work for any university requirements without first obtaining the consent of his/her Agency Internship Supervisor AND their assigned Faculty Internship Supervisor. Students will not be allowed to take academic work for credit that conflicts with regularly scheduled work hours. In ALL cases you should wait until your internship visit is scheduled PRIOR to scheduling ANY time off. In rare instances permission may be granted by your assigned Faculty Internship Supervisor if you ask PRIOR to requesting any time off from your agency and you have the approval of the site supervisor.

Absence from Work

The tasks performed by students in their internships are part of a carefully planned and scheduled program of work. A student's absence from work necessitates rescheduling and planning of performance expected of him/her. Therefore, in case of sickness or other emergency necessitating a student's absence from work, the employer should be notified by telephone as early as possible. If an absence will cause the student to miss a full week or more, then his/her University Internship Supervisor should also be notified.

Layoff

Any student intern who is permanently or temporarily laid off must immediately notify the University Internship Supervisor.

Discharge or Desertion

A student who leaves the internship without prior approval of the Agency Internship Supervisor or who so conducts himself/herself on the job as to cause his/her discharge will be subject to disciplinary action which could result in suspension from the university.

Failure on Job

Any student who, although not discharged immediately by the employer, fails to perform in a satisfactory manner shall be brought before the proper academic committee for appropriate action.

Finding Jobs

Under certain conditions, the student may be permitted to work on a paid internship of his/her own finding. He/she must petition his/her Agency Internship Supervisor for approval of such work before accepting the internship. The student is expected to conduct himself/herself on this job in the same manner as on any internship. Approval of the petition is based on the following considerations: (1) The paid internship of the student's own finding must be the equivalent (in training potentials and application to the student's program of study) of any internship that the department could provide for the student. (2) Existing assignments with internship supervisors must be given priority. It is understood that during the period of the internship, the student is to give primary concern to the accomplishment of internship objectives and secondary concern to his/her status as an employee.

Health Problems

The student may occasionally have a health problem that may have a significant effect on his/her placement in an internship. It could be a physical defect, which may limit his or her placement possibilities, or it may be a condition requiring extensive or unusual medical/surgical treatment. In some cases, this could require removal from a particular internship or a leave of absence for all or part of a semester. Regulations require that the student discuss the problem with his/her Agency Site Internship Supervisor and write a petition for appropriate action. The Faculty Internship Supervisor may refer the student to the university health department, where, after an exchange of information with the family physician, a judgment will be made with respect to the legitimacy of the request. In most cases, the student will be asked to sign a statement releasing the health information so that the health department may disclose the necessary facts to the Agency Internship Supervisor. Also, the Faculty Internship Supervisor is given permission, through the signed statement, to use the information with potential or existing employers to the best advantage of the student. Whenever surgical or medical treatment is elected, the student must petition in advance. When emergency conditions prevail, a petition must be filed with the Faculty Internship Supervisor as soon as possible after the emergency.

PROFESSIONAL LIABILITY

Radford University students who are engaged in internships under the teaching supervision of University faculty, whether on- or off-campus, are protected by the state's self-insured medical malpractice coverage or by the state's self-insured liability coverage. The student must be engaged in activities that are the approved course practicum. Activities outside the approved course practicum are not covered.

PERSONAL INJURY

I agree to indemnify and hold Radford University harmless from any and all claims of injury to myself arising from or connected with my placement as a recreation, parks and tourism intern with the agency named below.
