

Entry Level Technical Analyst

CGI is seeking graduating students interested in careers in the Information Technology field. CGI is more than just an IT consulting company; we are a global organization offering a world of opportunities. Become part of a unique culture that gives you the freedom to innovate, to make decisions, to achieve your full potential and to chart your own career!

Our Entry-Level Technical Analysts typically have a demonstrated interest in information technology and business, strong problem-solving abilities, and excellent interpersonal skills. Technical Analysts will be placed on one of our many projects and could be doing a number of different tasks.

What you'll need:

- A bachelor's degree from a 4-year institution by August 2015
- Academic background that focuses on information technology or information systems with exposure to computer-based technical content
- Solid understanding of configuration management and the systems development lifecycle
- Working knowledge of script development
- Java or C++ programming experience is preferred
- A great attitude and hunger for learning
- Excellent analytical, written and oral communication skills
- Ability to work within a team environment
- 3.0 GPA (strongly preferred)
- Ability to work in the U.S. for an indefinite period of time

What you'll do (assignments may include responsibilities in one or more of the following areas):

- Test and implement new technologies and applications
- Provide user support in a helpdesk environment
- Assist technical architects with infrastructure requirement development
- Perform project code review
- Install and configure software packages
- Investigate and debug software errors, troubleshoot application issues
- Develop and execute various scripts
- Write technical documents

What you'll gain:

- Involvement in the technical components of a client project
- Exposure to business issues and challenges
- Opportunity to leverage your computer knowledge and analytical skills

Join our team and experience the commitment at CGI!

CGI IS AN EQUAL OPPORTUNITY EMPLOYER
