ACADEMIC PROGRAMS
Harvey Knowledge Center

Meet Our Academic Coaches

The HKC has 26 academic coaches and counting. They can support learning strategies, time management, note taking, and subject-specific content!

Ayana is a junior math major with a passion for social justice. Ayana has been a member of the HKC team since her freshman year and she welcomes students by keeping every interaction grounded and real. She can support students in math-specific content as well as in building the skills and strategies for understanding, learning, and retaining mathematical concepts.

Daniela is a sophomore philosophy major who loves building connections. As a student who made use of tutoring throughout her high school years, Daniela is sensitive about creating a judgement-free partnership with the students who come in to work with her. Daniela can support students in Philosophy, English, and Religion courses, as well as students wanting to work on writing skills, organization, time management, and study strategies for any course.

Interested in Mentoring Academic Coaches?

Here’s what past mentors have had to say:

“Discussing variation in teaching styles and the flexibility that our department historically has given faculty to teach classes in their own way was illuminating for the students, as none of them had taken the same course from 2 different professors”

“Group discussions and brainstorming benefited from multiple viewpoints and experiences.”

The HKC is seeking faculty applicants to serve as mentors for small groups of undergraduate academic coaches! More information and the application process can be found on our website at https://www.radford.edu/content/harvey-knowledge-center/home/involved/apply-to-become-a-faculty-mentor.html.

Students Can Drop by Our Study Hall!

Are your students wondering where to study? Do they need some accountability to get their homework done? Do they want learning and memory tips from an experienced student? Do they just want a cup of coffee?

Tell them about our Study Hall: Mondays and Wednesday evenings at 7pm in the Harvey Knowledge Center computer lab. Students can also join from Zoom using the ID: 97365300825.
Looking Ahead to Next Year

Citizen Leader Course Applications for 2022-2023

We are turning our attention to the 2022-2023 academic year. We invite faculty to join us. We recognize that many of you currently teach courses that have a strong civic engagement and/or a leadership focus. We encourage you to consider having your course Citizen Leader designated. If you have an idea for an event or activity that is aligned with civic engagement or leadership for a class that we can extend to students across campus, please contact us so we can determine if we can help you financially and help with promotion.

Why should I have my course Citizen Leader designated? We can help fund materials for your course. Contact Dr. Jean Mistele, jmistele@radford.edu at any time to ask questions or to set up a face to face or a zoom meeting – I am happy to help you!

Please click on one of the following links to fill out the application forms to have your course reviewed for designation.

New course application link: course designation form.

Renewal course application link: https://radford.campuslabs.com/engage/forms; (8th on the list) Please have your administrators identify your course as Citizen Leader using the Attribute Code section after your course is approved, for new courses.
Honors College

Honors College students took a study break for a free hour of activities in the Bonnie Game Room on Thursday, September 23rd. Hosted by honors student leaders Bri Litton (COSD), Stephanie Sheline (MGMT), and Lauren Buenviaje (COSD), thirty students bowled, played pool, and socialized.

In conjunction with 2021 Homecoming Week, the Honors College hosted a panel of alumni currently in graduate school to give advice to current honors students. Held virtually on Wednesday, September 29th, honors alumni from masters, professional, and doctoral programs shared their experiences transitioning to the next level of their education.

Panelists included:

- **Aubree Marshall** (BIOL and ANSC) – Ph.D. student in Anthropology at Michigan State University
- **Coleman Gentry** (PSYC) – M.S. student in Industrial-Organizational Psychology at Radford University
- **Alex Atwood** (BIOL and CHEM) – M.D. student at Virginia Tech Carillion School of Medicine
- **Sarah Derrick** (COMS) – M.A. student in Communication Studies at Virginia Tech
- **Lindsay Graham** (BIOL) – DPT student in Physical Therapy at Radford University
MEGHAN BUELL
TRANSGENDER RESOURCE, EDUCATION, AND ENRICHMENT SERVICES

MEGHAN BUELL, STARTED TREES, INC. AS A WAY TO ‘PAY IT FORWARD’ TO THE TRANSGENDER COMMUNITY AFTER LIVING AND TRANSITIONING IN A SMALL TOWN ENVIRONMENT AND SUCCESSFULLY TRAVERSING THE CHALLENGES.
