<tr>
<td><strong>Public Scholars (NEH)</strong></td>
<td>The Public Scholars program offers grants to individual authors for research, writing, travel, and other activities leading to the creation and publication of well-researched nonfiction books in the humanities written for the broad public; it encourages academic writers in the humanities to communicate the significance of their research to the broadest possible range of readers.</td>
<td>Proposals are due by November 30, 2022.</td>
</tr>
<tr>
<td><strong>Collaborative Research (NEH)</strong></td>
<td>The Collaborative Research program aims to advance humanistic knowledge by fostering rich scholarship that a single researcher could not accomplish working alone. The program supports sustained collaboration by teams of two or more scholars. Teams may propose research in a single field of study or interdisciplinary work. NEH encourages projects that incorporate multiple points of view and pursue new avenues of inquiry in the humanities.</td>
<td>Proposals are due by November 30, 2022.</td>
</tr>
<tr>
<td><strong>Scholarly Editions and Scholarly Translations (NEH)</strong></td>
<td>The Scholarly Editions and Scholarly Translations program provides grants to organizations to support collaborative teams who are editing, annotating, and translating foundational humanities texts that are vital to scholarship but are currently inaccessible or only available in inadequate editions or translations. Typically, the texts are significant literary, philosophical, and historical materials, but works in other humanities fields may also be the subject of an edition. The program supports continuous full-time or part-time activities during the period of performance of one to three years.</td>
<td>Proposals are due by November 30, 2022.</td>
</tr>
<tr>
<td><strong>Geriatrics Academic Career Awards (HRSA)</strong></td>

Citizen Leader Program Updates:

Citizen Leader Designated Courses and minors:
This fall we are offering 20 courses and 6 minors this fall. These courses will impact an estimated 1203 students. In addition, two courses (Sociology 200 and Communications 101) at NRCC are Citizen Leader designated, which provides better access to our program for our transfer students.

Minors for Fall 2022 include:
- Appalachian Studies
- Leadership Studies
- Peace Studies
- Wicked Problems
- Social Justice
- Women and Gender Studies

If you think your course or minor aligns with our learning objective: Make a connection between one’s academic experiences/knowledge and one’s own participation in leadership development and/or civic and or community engagement,” please contact me, Dr. Jean Mistele, jmistele@radford.edu. Our aim is to keep the designation process to a minimum. This year, renewals will occur every 3 years. However, we may email you to ask if your course will still be offered.

Citizen Leader Website:
Visit our website for all of the events we are supporting in September. We updated many of our pages so they are easier for students and faculty alike to learn about the program, access forms, and learn more about our synergistic engagement with national organizations such as ODK Honor’s Leadership Society.

**Separate From Citizen Leader: Synergistic Opportunities Coming Fall 2022**

**Omicron Delta Kappa (ODK):**
ODK, [https://odk.org/](https://odk.org/), is an honor Leadership Society ($94 annual membership fee) that is open to both undergraduate students (sophomore to senior), who rank in the top 35% of their class and graduate
students, no GPA requirement. ODK is designed to help all students develop their leadership skills. As the restrictions of COVID-19 are lifted, it is a good time to reinitiate this program at RU, which started in 1978. The **ODK informational meeting** is **September 16 in Heth 019 from 4 – 5 pm**. Our goal is to have an initiate ceremony October 2022 semester. If you have students who may be interested in this program or if you are interested in helping with this opportunity, please contact me, Dr. Jean Mistele, jmistele@radford.edu.

**American Democracy Project (ADP):** This is a new university wide opportunity for students to get involved in civic engagement projects outside of the Citizen Leader Program. The American Democracy Project (ADP) is a network of nearly 300 state colleges and universities focused on public higher education’s role in preparing the next generation to be informed and engaged in an equitable civil society. Established in 2003 as a nonpartisan initiative of AASCU in partnership with *The New York Times*, ADP has organized national and regional meetings; national programs, institutes, webinars, and workshops; and thousands of campus initiatives, including voter education and registration, curricular and co-curricular projects, professional development, special days of action and reflection, speaker series, and award programs. Here is the link to their website if you wish to learn more about the project and their initiatives [https://www.aascu.org/programs/ADP/](https://www.aascu.org/programs/ADP/). Please contact, Dr, Jean Mistele, the RU Coordinator, jmistele@radford.edu, if you are interested in supporting this project on the RU/RUC campus. We are in the early stages of planning for the RU project. Our next ADP meeting is tentatively, Sept. 30, time TBD, via zoom.
Hosted by the Highlander Success Center (HSC) and in collaboration with the Office of Undergraduate Curriculum, The REAL Experience will be held on Tuesday, October 4th from 3:00-5:00 p.m. With experiences presented (and food provided!) throughout Young Hall, all students are welcome to explore majors, minors, academic programs, student engagement opportunities, and student resources.
