This notice will be sent to the organization’s last listed officer and advisor. One week after notification, if there has been no response, the organization will become inactive and privileges will be revoked. An inactive organization must complete the registration process defined by the Committee on Clubs and Organizations (COCO) to return as a registered organization.

   a. Submit any changes or amendments to SOAR at ruinvolved@radford.edu for review and approval by the Committee on Clubs and Organizations (COCO).

   a. Participants with disabilities who need an accommodation for the activities listed in this announcement are encouraged to contact (insert here the name and phone number of a representative of the sponsoring organization). Individuals with hearing impairments should call (540) 831-5128.

**Explanation of Conduct Procedures**

All student organizations are expected to conduct all activities in compliance with Radford University policies and procedures. Any policies or laws applying to individuals also apply to registered student clubs and organizations. For further information please refer to Radford University’s Standards of Conduct.
The Standards apply both to the conduct of individual students as well as student organizations. Specifically, the conduct (which may be an intentional or unintentional action) must involve one or more members of a student organization. Members may be general members, officers, new/associate members, or alumni. Examples of conduct that will likely apply to student organizations include, but are not limited to, the following:

1. The conduct is sanctioned by the student organization and/or any of its officers (“sanctioned by” may include, but is not limited to, the following: active or passive consent or encouragement; having prior knowledge that the conduct was likely to occur; or helping to plan, advertise, or promote the conduct); or
2. The conduct is committed during the course of an activity financed by the organization, or financed as a result of one or more members of the student organization contributing personal funds in support of the activity or conduct in question; or
3. The purpose of the activity was related to initiation, admission into, affiliation with, or as a condition for the continued membership in the student organization; or
4. Non-members of the student organization learned of the activity through members, advertisements, or communications associated with the student organization, or otherwise formed a reasonable belief that the conduct or activity was affiliated with or sanctioned by the student organization; or
5. Members of the student organization attempted to conceal the activity or protect other members who were involved; or
6. One or more officer(s) of the student organization had prior knowledge or reasonably should have known that the incident would take place.

The Director of Student Standards and Conduct (Director) communicates, as appropriate, with University offices, advisors, national associations or affiliations, and others on conduct allegations involving student organizations. At the discretion of the Director, and as appropriate, student organization violations may be processed by the appropriate self-governing bodies or councils provided they have received adequate training from the Office of Student Standards and Conduct. Any such bodies will follow the same procedures and guidelines outlined in the Standards and will convene with a chairperson appointed by the Director.

Policies and procedures applicable to student organizations set forth or overseen by individual offices such as Student Organization Assistance and Resources (SOAR), Campus Recreation, or the Fraternity & Sorority Life Office are regulated by those offices.

**Procedures for Handling Conduct Charges for Violations of the Standards of Student Conduct**

**Reporting a Suspected Violation**
Any individual may refer a student organization to SOAR or the Office of Student Standards and Conduct for an investigation of conduct charges. Referrals may also be made anonymously by using the link on the Office of Student Standards and Conduct website. Once a referral is made it is reviewed by the Director of Student
Standards and Conduct, or designee, to determine whether sufficient information exists to allege that a violation may have occurred.

Resolution Options
Typically there are two processes used to resolve a student organization case, one is referred to as the partnership model and the other is a more traditional hearing model. For a full list of resolution option please see the Standards of Student Conduct.

1. **Partnership Model** – This method is a collaborative process used to resolve an issue that has occurred. It requires that the student organization in question be fully cooperative and forthcoming throughout the process. In this process, the student organization and the conduct officer work together to develop sanctions that address the behavior and better the organization. In this model, the student organization must accept responsibility for the appropriate policy violations. This model is considered a facilitated conflict resolution process.

2. **Hearing Model** – This method is a more traditional method, where the student organization attends a hearing and the level of responsibility is determined by a conduct board with the sanctions issued with no input by the student organization.

Sanctions
If found responsible, the following sanctions, in addition to the Standards of Student Conduct Guidelines, may be applied to any student or, where applicable, student organization:

1. **Formal Warning**: A formal warning is an official written notice that the respondent is in violation of the Standards. Subsequent violations of the Standards will normally be met with more severe sanctions, including conduct probation.

2. **Educational or Restorative Measures**: Educational or restorative measures may include, but are not limited to, the following:
   a. Active or passive sanctions, such as research or reflection papers, projects, meetings, or attending or organizing appropriate educational activities;
   b. A specified number of community restitution hours in which a student or student organization must perform service to a designated community;
   c. Participation in classes, assessments, counseling, programs, modules, or workshops;
   d. Applicable fees may apply.

3. **Restitution to the University**: Restitution may include reasonable compensation for loss or damage to University property, funds, or premises.

4. **Conduct probation**: Conduct probation is a period of fixed duration during which the fitness of the student organization to continue at the University is evaluated. A student organization placed on probation is not considered to be in good standing with the University. Subsequent violations may result in suspension or dismissal from the University.

5. **Loss of Privileges**: Loss of privileges includes denial or restriction or privileges for a designated period of time. This may include but it not limited to the loss of privileges to hold events or meetings, use of university facilities.

6. **Suspension of organizational status**: Student organizations may have their status as a student organization suspended on a temporary or permanent basis. A student organization whose status is suspended is no longer eligible to receive benefits normally afforded to student organizations.
including, but not limited to, the ability to utilize University facilities or funds to support any activities related to the student organization. A suspended student organization must comply with any conditions imposed as well as any reactivation or recognition privileges in effect at the time the suspension is set to expire.

7. **Revocation of organizational status.**
8. **Social probation.**
9. **Organization probation.**

**Statement on Hazing**

Hazing or allowing hazing, by any organization or by any individual on behalf of an organization or group of an individual, organization or visitor within the Radford University community, is a violation of the Standards of Student Conduct.

*Hazing: Activities related to the initiation, admission into or affiliation with, or as condition of continued membership in a club, organization, association, fraternity, sorority, or student body that may intentionally or recklessly endanger the mental or physical health or safety of any person; inflict bodily injury; remove or destroy public or private property; and/or assist, direct, or cause participation that in any way demeans, humiliates, ridicules, or degrades regardless of the consent or acquiescence of a participant.*

*Code of Virginia § 18.2-56, as amended, which declares hazing illegal, establishes conditions for civil and criminal liability and outlines the duties of the University when a student has been found guilty of hazing.*

*For additional information, refer to Code of Virginia § 18.2-56: [https://law.lis.virginia.gov/vacode/18.2-56/](https://law.lis.virginia.gov/vacode/18.2-56/)*

Any individual or organization found responsible for a hazing violation is subject to sanctioning as stated in the Standards of Student Conduct. This includes, but is not limited to suspension of an individual or organization, removal of specific members of the organization and/or revocation of organizational status.

**Statement on Alcohol**

There are three Virginia Alcohol Beverage Commission laws with which people most often have trouble. Be sure you understand them before your organization has alcohol at an event.

**Age of Alcohol Consumer** - Persons who are 21 years of age may buy, drink and possess beer, wine and distilled spirits (hard liquor). Individuals who are under 21 years of age may not buy, drink or possess any alcoholic beverage. It is against the law for anyone to buy alcoholic beverages for under-age persons.

**Location of Consumption** - It is illegal for an individual to drink or offer a drink of alcohol to another individual in a public place (excluding businesses licensed for on-premise alcohol consumption). This includes any area that can be seen from your neighbor’s property (i.e., backyard areas, porches, tents, etc.).
The Sale of Alcohol - Alcohol may be sold by individuals or groups only if they hold an Alcohol Beverage Control Commission license. The “sale” of alcohol includes receiving money for drinks, “sign-up” collections, admission charges, or sale of items such as cups or t-shirts which entitle the buyer to “free drinks.”

Organizations may apply for a license that allows them to sell alcohol at a specific off-campus function. For further information about license applications, email enforcement@abc.virginia.gov, contact (540) 562-3604, or write to Regional Office in Roanoke, 2943 D Peters Creek Road, Roanoke, VA 24019.

Please also note that the unlicensed sale of alcohol will most likely result in suspension from the university for individuals involved. Further information can be located in the Standards of Student Conduct in the statement on alcohol and other drugs.

Under Virginia State Law, persons can be fined if caught drinking alcoholic beverages in public. In addition, under Virginia State Law, those persons attempting to use a fake or altered I.D. to purchase alcoholic beverages shall be guilty of a Class 3 misdemeanor, and upon conviction of a violation of this section (46.2-347). (http://law.lis.virginia.gov/vacode/title46.2/chapter3/section46.2-347/) The court shall revoke such convicted person’s driver's license or privilege to drive a motor vehicle for a period of not less than thirty days nor more than one year.

- It is illegal for intoxicated persons, regardless of age, to purchase or possess alcoholic beverages. Under Virginia State Law, persons convicted of this violation are subject to a fine of up to $2,500 and up to 12 months in jail or both.
- It is illegal to purchase alcoholic beverages for, serve, or sell alcoholic beverages to a person who is suspected of being under age or intoxicated. Persons who are intoxicated must not be permitted to remain in an area where alcohol is served. Under Virginia State Law, the purchaser or seller may be sentenced to 12 months in jail or fined up to $2,500 or both.
- Driving a motor vehicle while under the influence of alcohol is illegal. Note: Under Virginia State Law, if persons are charged with driving while intoxicated the car could be impounded, even if it belongs to parents or a friend, persons could face fines or a jail sentence, and would probably lose their driver’s license.

- Open container penalties. It shall be unlawful for any person to be in possession of glass, can, cup, or opened container of any description containing any alcoholic beverage (whether or not mixed with some other beverage) in or on public parks, playgrounds, or public streets in the City of Radford, Virginia. Any person violating this subsection shall be guilty of a Class 4 misdemeanor and shall be punished by a fine of not more than two hundred fifty dollars ($250.00).
The Office of Student Organization Assistance and Resources (SOAR) is designed to foster the development of future leaders who are critical thinkers and who approach every situation as a learning opportunity. How to Start a New Organization

Getting involved in a student organization is a great way to enhance your college experience. Being involved can help you gain new skills, build your resume, allow you to make new friends, and give you memories to last a lifetime. The office of Student Organization Assistance & Resources (SOAR) is here to help you accomplish your goals. Use the “How to Start a New Organization Handbook” to guide you through the steps you need to take to start a new student organization or reactivate an old one.

Please note: In order to be registered, all student organizations at Radford University must be student-initiated. Faculty/staff involvement in an advising capacity is encouraged and an advisor is required, but the Department of Student Life supports the learning opportunities inherent in student-led initiatives.

Below is a brief overview of the steps to start a new organization.

1. Submit the 2018-2019 NEW Student Organizations Form (at the bottom of the page). Check on RUInvolved or SOAR to be sure a similar organization does not already exist on campus, and then submit the form on RUInvolved.
2. Recruit at least four other currently-enrolled Radford University students to be members of the organization.
3. Secure an advisor for the organization. The advisor must be someone who works as full-time or adjunct faculty/staff at Radford University, not a sub-contracted entity (such as the bookstore or a food service vendor).
4. Write a constitution for the organization. There are helpful guidelines and an easy-to-follow sample constitution in the How to Start a New Organization Handbook.
5. Submit a final application on RUInvolved and make a presentation to the Committee on Clubs and Organizations (COCO). The final application must include a finalized constitution, contact information for the advisor, a list of names and email addresses of all founding members of the organization (there must be at least eight), and all questions on the application must be answered. After your application materials have been reviewed, you will be invited to give a presentation about your organization at a COCO meeting.
Advertisement and Publicity

Please refer to the posting guidelines to have all relevant content in organization advertisements and publicity.

First Friday of each academic year

Registered clubs and organizations
as well as local businesses will be on Moffett Lawn

Take advantage of this student involvement opportunity!

**Who can participate?**

All registered organizations are encouraged to participate in the annual Club Fair that is held at the beginning of each semester. Club Fair is designed to give Radford University organizations an opportunity to present displays and information to students concerning club activities. It offers organizations a great opportunity to recruit new members.

Only organizations that were registered with Department of Student Life during the previous semester can participate in Club Fair.

Local businesses and vendors must be members of and register with the Radford Chamber of Commerce to participate. No individual, group, or business may have a table or distribute information of any kind during this event, unless they have pre-registered.

Important: Due to guidelines set by the Montgomery County Health Department, food and beverages may not be served by clubs, organizations, departments, or local businesses. Only pre-wrapped hard candy is allowed. Do not attempt to give away or sell any food or beverages.

**How to Register**

Registration for Club Fair takes place through RUInvolved. When registration is open, a link to the registration form is available on your organization’s portal under the forms page on RUInvolved. Businesses register through the Radford Chamber of Commerce.

**Winter Club Fair**

Winter Club Fair is usually scheduled for the first Friday of the spring semester at an indoor location. Check RUInvolved near the end of the fall semester for information on registration. Due to space limitations at indoor locations, tables will be assigned to groups on a first-come, first-served basis.
Money Handling

Student organizations are encouraged to find creative ways to raise funds for supplies and events to support their organizations. Methods may include fundraising events, sales, soliciting donations, collecting dues, et al. Most student organizations (those not directly funded by the Student Finance Committee) are considered private associations registered with the university, rather than functional entities of it (i.e. the Biology Club is an independent private association registered with the school versus the Biology Department which is considered part of the school itself). Hence, student organizations are expected to manage all aspects of money handling themselves, including establishing tax-exempt status, creating bank accounts, and overseeing collection, disbursement, and management of funds. It is important to keep thorough records of all transactions involving organization money. See the guidelines here.

Recommended money-handling guidelines

1. Registered student organizations should establish and maintain, at minimum, a checking account in the name of the organization. Organizational funds should not be co-mingled with the private funds of any officer or member.

2. Prior to opening any bank account, banking regulations require that the organization apply for and maintain a Federal Employers Identity Number (FEIN), which basically serves the same purpose for your organization that a Social Security Number (SSN) provides for an individual. Please note: It is not appropriate to use any individual’s SSN for the organization’s banking purposes. No organization is authorized to use Radford University’s FEIN. FEIN applications are available online through the Internal Revenue’s Website at http://www.irs.gov/pub/irs-pdf/fss4.pdf (form) and http://www.irs.gov/pub/irs-pdf/iss4.pdf (instructions). You can also complete this form online: https://www.irs.gov/businesses/small-businesses-self-employed/apply-for-an-employer-identification-number-ein-online

3. It is recommended that, when establishing or renewing an account, two signatures be required on checks, usually the organization’s president or treasurer and advisor.

4. All financial obligations should be paid promptly. Failure to do so could result in the organization's suspension based on violations of good business practices as specified in the organization's registration agreement.

5. Deposits should be made promptly and appropriate security should be maintained over any cash or checks collected.

6. **Important:** Receipts should be issued for any money collected by the organization. This includes dues collected from organization members.

7. It is recommended that the treasurer be required to submit monthly reports to an appropriate executive officer and/or advisor and that the organization’s books be “closed out” and audited during the transition from one treasurer to the next.
Funding Resources for Events and Travel

Some alternative sources of funding are available to registered student organizations through the Club Programming Committee. This funding affords the opportunity to contribute to the quality of campus life by sponsoring special events and programs that may not be possible without additional financial assistance. This funding is intended to enhance the college experience of the entire Radford University community, not to cover operational expenses for an organization. There are strict regulations on what may be purchased using these funds. Please refer to the funding application instructions for each entity for more detail. Application deadlines are crucial for each of these funding opportunities. In each case, late applications will be rejected automatically, so make your plans and submit your funding applications well in advance of your proposed event or travel opportunity.

Please note: Organizations directly funded by the Student Finance Committee (including R-SPaCE, Diversity Awareness Programming, Appalachian Events Committee, Peer Health Educators, Highlander Student Media, ISAC, and BSAC) and organizations that are part of the Sports Club Council are not eligible to apply for funding through these sources.
Club Programming Committee Funding

Funding from the Club Programming Committee (CPC) is available for registered student organizations to host on-campus programs or to attend conferences or other out-of-town activities.

CPC funding grants registered student organizations, not directly funded by the Student Finance Committee, access to $4,000 through an application process for travel and on-campus programming. Up to $950 can be allocated for travel funding per academic year. Up to $2,000 per semester is allocated for on-campus programming.

All applications can be found and submitted on RUInvolved under your organization’s Forms tab. Applications received by 4pm on Wednesdays will be reviewed at the following week’s CPC meeting. The student who submitted the application will receive an email with further instructions. If the application passes initial screenings, the organization applying for funding must send a student representative to the meeting to make a presentation to the funding committee. Pay careful attention to application deadlines as indicated in the application instructions.

All application instructions are available on RUInvolved and on the forms page on the Student Involvement website: https://radford.campuslabs.com/engage/organization/studentlife

On-Campus Event Funding
To host an on-campus program, please read the instructions carefully and complete the On-Campus Event Funding Application.

Travel Funding
Limited amounts of funding are available for your organization to travel to conferences or other programs outside of Radford. Refer to the instructions in the application to determine if your planned trip is eligible for funding. Be sure to include a travel itinerary and as much information as possible about your travel plans along with the Travel Funding Application.
Use of Radford University Logo for Promo and Apparel

Due to legal and trademark reasons student organizations may only use the name “Radford University” or “RU” after the name of the organization, not before. For example, naming your new organization “The XYZ Club at Radford University” is acceptable; “Radford University XYZ Club,” “RU XYZ Club,” and “Radford U XYZ Club” are not.

Student-run organizations may not use their name/brand with the university logo, without prior permission from Associate Vice President of Student Life and the Office of University Relations.

Only official units of the university, including directly funded SFC organizations, may have logo lock-ups.

The logo must be not in close proximity to any artwork or club logo and must be used according to the university’s logo standards, which can be found on the University Relations graphic identity page: https://www.radford.edu/content/university-relations/home/our-services/creative-services/graphic-identity.html

Student organizations may only use the university logo on their communications or printed items with permission from University Relations. The email for permission to use the logo is branding@radford.edu.

Any use of the Radford University logo, seal, or mascot symbol on items for purchase, to raise funds or make a profit, must be approved by Cory Durand, Director of External Operations for Radford Athletics. He may be reached at cdurand@radford.edu or 540-831-6423.

Public Performance Copyrights and Your Rights (Movie Guidelines)

It is against federal law and university policies for organizations to show any kind of movie or documentary without following proper licensing procedures. To inquire about how to obtain a public performance license, please contact ruinvolved@radford.edu. Radford University currently works with Swank Motion Picture, Inc. for all film licenses (800/876-3344).

“Public Performance” (from www.mpaa.org)

Unauthorized public performances refer to situations where an institution or commercial establishment shows a tape or film to its members or customers without receiving permission from the copyright owner. This includes “public performances” where an admission is charged as well as those that are simply offered as an additional service of the establishment.

What the Law Says (from www.copyright.org)

In some instances no license is required to view a videotape, such as inside the home by family or social acquaintances and in certain narrowly defined face-to-face teaching activities. Taverns, restaurants, private clubs, prisons, lodges, factories, summer camps, public libraries, day-care facilities, parks and recreation departments, churches and non-classroom use at schools and universities are all examples of situations where a public performance license must be obtained.

This legal requirement applies regardless of whether an admission fee is charged, whether the institution or organization is commercial or non-profit, or whether a federal or state agency is involved.

Frequently Asked Questions

Q. We own the video, do we still need a license to view or show it in public?

- Yes. The location requires a license regardless of who owns the video. While you may own the actual video, you are only granted the right to view it in your home, not to perform in public.

Q. We do not charge admission. Do we still need a license?

- Yes. Regardless of whether or not an admission fee is charged, a license is required.

Q. We are non-profit. Do we still need a license?

- Yes. The legal requirement to obtain a license applies equally to non-profit and for-profit organizations.

Q. We are not open to the general public. Do we still need a license?

- Yes. Any location outside of the home is considered public for copyright purposes.
Fundraising Guidelines

Registered clubs and organizations wishing to engage in fundraising projects on campus should first consult the Associate Director for Student Involvement and reserve use of the facility in which the activity is to be held through the Information and Event Planning Office in the Bonnie Hurlburt Student Center. Funds raised must go toward or support the overall purpose of the organization. Fundraising events and advertisements for events must not violate Radford University policies or local, state, and federal laws.

Organizations that are not registered with Engagement and Intercultural Development may not engage in fundraising; however, these organizations may work with the Information and Event Planning Office to purchase a fundraising table on campus.

Sales, Auctions, or Solicitation

Fundraising activities must not inconvenience, harass, or annoy other members of the university community and may not include any type of door-to-door sales or solicitation. Approved sales may take place on Bonnie Plaza, Heth Plaza, and other campus buildings after first obtaining approval from the appropriate facility manager. The City Manager or appropriate city or county officials must approve any off-campus door-to-door sales or solicitations. Solicitation is strictly prohibited!

Raffles and Bingo Games are legal for Radford University clubs and organizations under certain conditions. According to communications from the Office of the Attorney General and per Virginia Code 18.2-340.16, student clubs and organizations are considered ‘qualified’ organizations because they “…are operated exclusively for religious, charitable, scientific literary, community, or education purposes” and, therefore, allowed to conduct raffles, bingo, and instant bingo games.

Monte Carlo, Casino, Las Vegas, Reno Nights or Poker/Card Game Nights

These types of events are illegal according to communications from the Office of the Attorney General and per Virginia Code 18.2-325.

It is legal if: (1) All participants paying an admission fee equally have the chance to win items at the end of the night and winning is not dependent upon bidding of auction items by those who accumulated the most play money/chips and (2) All participants do not have the opportunity to purchase additional quantities of play money/chips by the outlay of real money.

In order for an organization to participate in raffles or bingo games, proceeds must not exceed $25,000. If proceeds should exceed $25,000, a local permit may be obtained by completing an application available through the Hurlburt Information/Event Planning Office or by calling the Charitable Gaming Commission at (804) 786-1681. Organizations are encouraged to exercise extreme caution before entering into business deals and sponsoring presentations. High pressure sales agencies are: Agencies which pressure students to sign orders on the spot, agencies which pressure partial or full payment before delivering items ordered, or agencies which have a reputation of late delivery or not delivering what they have agreed to deliver. Students cannot sign agreements/contracts; so, work with your advisor before entering into business deals or viewing presentations.

Vehicle Use

As a general rule, student organizations use Enterprise for their vehicle needs. These rental vehicles are for university-related use only. A rented vehicle may not be used for any personal reasons. It is important that no
vehicle will be used for any purpose which will endanger anyone, cause unnecessary wear or damage to the vehicle, or have a negative effect on the individual(s) involved and/or Radford University. Pay close attention to vehicle pick up and return times to avoid late fees. If a vehicle is not returned on time, the individual driver (not CPC or other funding body) will be responsible for paying any late fees and additional rental charges. To inquire about vehicle usage, contact the Account Manager in Bonnie Hurlburt Student Center Room 226 or call 831-5044.
