

RADFORD UNIVERSITY

Board of Visitors

QUARTERLY MEETING
9:00 A.M.
SEPTEMBER 10, 2021
KYLE HALL, THIRD FLOOR, RADFORD, VA

DRAFT
MINUTES

BOARD MEMBERS PRESENT

Mr. Robert A. Archer, Rector
Mr. James R. Kibler, Vice Rector
Dr. Thomas Brewster
Dr. Jay A. Brown
Ms. Charlene A. Curtis
Dr. Rachel D. Fowlkes
Dr. Susan Whealler Johnston
Mr. Mark S. Lawrence
Dr. Debra K. McMahon
Ms. Lisa W. Pompa
Ms. Nancy Angland Rice
Mr. David A. Smith
Mr. Marquett Smith
Ms. Lisa Throckmorton
Dr. Katie Hilden, Faculty Representative (Non-voting Advisory Member)
Ms. Grace Hurst, Student Representative (Non-voting Advisory Member)

BOARD MEMBERS ABSENT

Ms. Krisha Chachra
Ms. Georgia Anne Snyder-Falkinham

OTHERS PRESENT

Dr. Carolyn R. Lepre, Interim President
Ms. Karen Castelee, Secretary to the Board of Visitors and Special Assistant to the President
Mr. Craig W. Cornell, Vice President for Enrollment Management
Dr. Angela Joyner, Interim Chief of Staff
Ms. Wendy Lowery, Vice President for Advancement and University Relations
Mr. Chad A. Reed, Vice President for Finance and Administration and Chief Financial Officer
Dr. J. Orion Rogers, Interim Provost and Vice President for Academic Affairs
Dr. Susan Trageser, Vice President for Student Affairs
Ms. Deb Love, Senior Assistant Attorney General, Education Section Chief

CALL TO ORDER AND OPENING COMMENTS

Rector Robert A. Archer called the quarterly meeting of the Radford University Board of Visitors to order at 9:08 a.m. in Kyle Hall, Room 340.

Rector Archer began the meeting by welcoming everyone to campus and expressed his appreciation for the reception with new faculty on the prior evening. Rector Archer said that it was great to have the students back on campus and that the University will continue to follow mandates and safety precautions for the students, faculty, staff and community. Rector Archer expressed his appreciation to the Board members for their participation at the recent Board Retreat in Roanoke and stated that he found the sessions to be both interesting and instructive, especially around the reading assignment of College Belonging. Rector Archer said he was pleased to report that the Search Committee, with the assistance of Greenwood/Asher and Associates, has been working hard on the search process. Rector Archer expressed his appreciation to the members of the committee for their efforts to locate the very best president possible for Radford University.

Rector Archer thanked Interim President Lepre and her entire team for their continued hard work in moving the University forward during this transition period and added that based on the Board Committee work, members can see the results of this effort.

In closing, Rector Archer thanked the Board members as we work together to insure the very best education and experiences possible for our great students and that decisions made will focus on them.

APPROVAL OF AGENDA

Rector Archer asked for a motion to approve the Board of Visitors meeting agenda for September 10, 2021, as published. Dr. Susan Whealler Johnston so moved, Mr. Mark S. Lawrence seconded, and the motion carried unanimously.

APPROVAL OF MINUTES

Rector Archer asked for a motion to approve the April 23, 2021, May 12, 2021, August 8, 2021, and August 9-10, 2021 minutes of the Board of Visitors meetings. Mr. Lawrence so moved, Dr. Johnston seconded, and the motion carried unanimously.

RECOGNITION

Rector Archer invited Interim President Carolyn R. Lepre to the podium who asked the Rector and Dr. Judy Jenks to join her. Interim President Lepre shared with the Board that at the recent Fall Convocation event, the University reconstituted the Founders Award, originally created by former President Douglas Covington with the recognition that in order to understand the present and the future, we must celebrate our history. Interim President Lepre shared that Dr. Jenks was presented with the 2021 Founders Award and exemplifies the values of Radford University, demonstrates the characteristics of our founders, and inspires others to see how education can be transformative and opens the door to opportunity. She stated that Dr. Jenks has demonstrated a passion for lifelong learning having received her bachelor's, master's and doctoral degrees from Radford University, has an established record of intellectual contributions to students, colleagues and the community and an extensive history of service by helping others improve their quality of life through nursing. Dr. Jenks expressed her appreciation upon receiving the award and recounted the many ways in which Radford University has impacted her life and the lives of her family members.

PRESIDENT'S REPORT

Interim President Lepre began her report by acknowledging the three new members of the Board of Visitors, Ms. Lisa Pompa, Mr. Marquett Smith and Ms. Charlene Curtis and the new Student Representative, Ms. Grace Hurst.

Interim President Lepre shared that it has been exciting to see the campus come alive as we welcomed back our students to campus and added a few highlights about the class of 2025, including: more than 16% of the first-year students are first generation; almost 40% of our new students were admitted with a high school GPA of 3.5 or better; we have 130 new Honors students, the largest new class since the launch of our program; together they represent 109 Virginia localities, 26 states and the District of Columbia and nine foreign countries. Interim President Lepre added that the student that came the farthest joins us from Saratoga, California and we welcomed 115 legacy students.

Interim President Lepre updated the Board members on the 2021 Fall Convocation at which time we honored our faculty and staff who achieved service milestones, as well as recognized the recipients of divisional awards. We also recognized the 2020 Dalton Eminent Scholar Award winners and the 2021 Radford University Foundation Award winners. In addition, as just acknowledged, we reinstated the Founders Award, recognizing Judy Jenks, D.N.P.

Interim President Lepre shared beginning of the year activities with the Board, including New Student Convocation, Club Fair, and receptions for all faculty, new faculty and retired faculty. Additionally, Interim President Lepre provided COVID-19 planning updates, a student vaccine update; information on the employee vaccination requirement; the masking requirement; testing and details of two COVID-19 Faculty and Staff Open Forums she recently hosted. Interim President Lepre acknowledged the incredible leadership of Dr. Susan Trageser, Dr. Noelle Bissell, the COVID-19 Working Group, Student Affairs, Department of Human Resources, Information Technology Services, Enrollment Management, Office of Admissions, University Relations and Institutional Research and their dedicated teams for their exceptional service and expert guidance, adding that their work has been truly remarkable.

Interim President Lepre shared additional University highlights aligning with the strategic plan focal areas of Academic Excellence and Research, Brand Identity, Economic Development and Community Partnerships, Philanthropic Giving and Alumni Engagement, Strategic Enrollment Growth and Student Success.

REPORT FROM THE ACADEMIC EXCELLENCE AND RESEARCH COMMITTEE

Dr. Thomas Brewster, Chair, stated that the Academic Excellence and Research Committee met on September 9, 2021 and shared the following information.

Interim Provost and Vice President for Academic Affairs J. Orion Rogers began his report by sharing that Radford University was selected as one of 66 institutions across the nation to participate in a new Association of American Colleges and Universities (AAC&U) Institute on Open Educational Resources (OER). The Committee learned that Fall 2021 will commence the process for Radford University to seek reaffirmation from the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) through the decennial comprehensive review. Interim Provost Rogers shared information about new chairs and directors, interim placements, new faculty and emeritus faculty. Interim Provost Rogers presented an overview of the summer 2021 outreach programs, and update on the Honors College and the REALising Inclusive Science Excellence in Biology, Chemistry, and Physics at Radford University, which is funded by a five-year, \$1M grant from the Howard Hughes Medical Institute.

REPORT FROM THE ADVANCEMENT, UNIVERSITY RELATIONS AND ENROLLMENT MANAGEMENT COMMITTEE

Ms. Lisa Throckmorton stated that the Committee met September 9, 2021 and shared the following information.

Ms. Throckmorton reported that Vice President for Enrollment Management Craig W. Cornell provided the fall preliminary census data for all levels of students and shared an overview of several new strategies being employed to meet the goals for the Fall 2022 enrollments. The Committee learned that the new freshman enrollments saw a decline of 44 students, or 3%, over last year, but a marked growth of 18% in out-of-state enrollments and the new freshman average high school GPA of 3.31, SAT of 1,055 and ACT of 21.8, all being close to, if not tied for records. Ms. Throckmorton also shared that the University would be focusing on normalizing new virtual recruitment initiatives, while gaining back many of the in-person activities; developing stronger application pools through more diverse student engagement platforms; and utilizing strategic funding to personally connect students through various modalities to their academic homes, faculty and leadership to capitalize on the strength with access to faculty.

Ms. Throckmorton stated that Vice President for Advancement and University Relations Wendy Lowery provided an update on recent projects completed by University Relations, website traffic and social media engagement. The Committee also learned of recent alumni activities, including the National Capital Region Golf Tournament; Read with Radford; and the Radford Night at Nationals Park, as well as upcoming events such as Homecoming on September 30 through October 2, 2021. Ms. Throckmorton reported that the Committee also heard an update on annual giving and the Telephone Outreach Program. Ms. Throckmorton was pleased to share that the TOGETHER Campaign website was the DotComm GOLD Award Winner and the total giving for FY21 is \$16,929,679, which is the most dollars raised in a year in University history.

REPORT FROM BUSINESS AFFAIRS AND AUDIT COMMITTEE

Dr. Debra K. McMahan, Chair, stated that the Committee met September 9, 2021 and shared the following information.

Dr. McMahan stated that the Committee heard reports from University Auditor Margaret McManus who reported that one hundred percent of University Discretionary Fund expenditures for the quarter ended June 30, 2021 were reviewed, and all were in compliance with the Board of Visitors' guidelines. She also reviewed a list of reports related to prior and projected audit department activity, and presented a follow-up audit status report. Dr. McMahan shared that Vice President for Finance and Administration Chad A. Reed presented a report of all past due accounts written off in the previous fiscal year and an update on capital projects currently in progress, including the Artis Center for Adaptive Innovation and Creativity, property acquisition, The Highlander, renovation of Tyler and Norwood Halls and the River Campus.

ACTION ITEMS

Recommendation for Approval of Radford University's Six-Year Capital Outlay Plan 2022-2028

Dr. McMahan presented the recommendation for approval of the Six-Year Capital Outlay Plan. Following discussion, Rector Archer asked for a motion to approve the resolution. Ms. Nancy Angland Rice so moved, Mr. David A. Smith seconded, and the motion carried unanimously. A copy of the resolution is attached hereto as *Attachment A* and is made a part hereof.

Recommendation for Approval of Radford University's 2021 Six-Year Plan

Dr. McMahon presented the recommendation for approval of Radford University's 2021 Six-Year Plan. Following discussion, Rector Archer asked for a motion to approve the resolution. Mr. Mark S. Lawrence so moved, Ms. Lisa Throckmorton seconded, and the motion carried unanimously. A copy of the resolution is attached hereto as *Attachment B* and is made a part hereof.

Recommendation for Approval of 2021-22 Operating Budget

Dr. McMahon presented the recommendation for approval of Radford University's 2021-22 Operating Budget. Following discussion, Rector Archer asked for a motion to approve the resolution. Ms. Rice so moved, Mr. Lawrence seconded, and the motion carried unanimously. A copy of the resolution is attached hereto as *Attachment C* and is made a part hereof.

Recommendation for Approval of Radford University's Competency-Based Education Tuition and Fees

Dr. McMahon presented the recommendation for approval of Radford University's Competency-Based Education Tuition and Fees for the transition of a per credit hour rate for IMPACT programs. Following discussion, Rector Archer asked for a motion to approve the resolution. Dr. Johnston so moved, Ms. Rice seconded, and the motion carried unanimously. A copy of the resolution is attached hereto as *Attachment D* and is made a part hereof.

REPORT FROM THE GOVERNANCE, ADMINISTRATION AND ATHLETICS COMMITTEE

Mr. David A. Smith, Chair, stated that the Committee met September 9, 2021 and shared the following information.

Mr. Smith reported that the Committee heard from Interim Chief of Staff Angela Joyner, Ph.D. who provided an update on how the Center for Career and Talent Development is reimagining career readiness and success metrics. She also shared a new tool that will be piloted this fall. Dr. Joyner then provided a brief overview of how the Center for Career and Talent Development is partnering with colleagues, employers and alumni to bring a holistic approach to career development, such as financial well-being. She shared highlights from the 3rd edition of the Career Guide and activities used to help best prepare our students to thrive at work and in life.

Mr. Smith reported that the Committee also heard from Director of Athletics Robert Lineburg who provided an update on the academic success of the student-athletes during the Spring 2021 semester, including: 71% of all athletes received a 3.0 GPA or better; 55% of all athletes received a 3.4 GPA or better; 43 individual student-athletes received a perfect 4.0 GPA; 13 of our 16 programs earned a team GPA of 3.0 or better; and overall department GPA for the Spring semester was a 3.28. Mr. Smith shared that the Committee also heard about the outstanding achievements of three students: Sydney Fisher, Annsley Eckert and Anthony Galati; an update on the Name, Image and Likeness (NIL) program; and the hiring of two new head coaches, Samantha Hurley for Women's Lacrosse and Alisa Tasler for Softball. Mr. Smith also shared an update on Athletics' resource development successes and upcoming dates and initiatives.

REPORT FROM THE STUDENT SUCCESS COMMITTEE

Dr. Debra K. McMahon, Vice Chair, stated that the Committee met September 9, 2021 and shared the following information.

Dr. McMahon stated that the Committee first heard from Student Government Association (SGA) President Grace Hurst who shared SGA's goals for 2021-2022 academic year, including collaborate with other organizations, encourage student engagement, promote mental health resources and advocate for student needs. Dr. McMahon also stated that the Committee heard about several welcome back events for all students during the first two weeks of the semester and events and initiatives that the SGA has planned for the remainder of the fall semester.

Dr. McMahon shared that Vice President for Student Affairs Susan Trageser, Ed.D., Associate Vice President for Student Affairs and Dean of Students Angie Mitchell, and Associate Vice President for Student Life Tricia Smith gave a presentation called "This is How We Do It," which outlined how Student Affairs staff are intentional in their approach to promoting student success and building a sense of belonging focusing on academic belonging, social belonging, campus community belonging and connections to the larger community through off-campus belonging. Dr. McMahon reported that Dr. Trageser shared the Models of Practice that frame the Student Affairs work, including the 8 tenets upon which it is based. Ms. Mitchell and Ms. Smith shared examples throughout the presentation for each tenet. The tenets include: Student Centered, Inclusion, Caring, Collaborative, Learner Focused, Excellence, Efficiency, and Team Oriented.

REPORT FROM THE FACULTY REPRESENTATIVE TO THE BOARD

Faculty Senate President Katie Hilden, Ph.D. began her report by sharing with the Board of Visitors that she was fulfilling their request and discussing the results of the faculty morale survey from last spring. Dr. Hilden shared that the analysis of the information falls to the Faculty Senate's Campus Environment Committee and they have completed their quantitative analysis. Dr. Hilden added that the Faculty Morale Survey takes place each spring and all teaching and research faculty receive links to the online survey. Last year, it was at the end of the semester and all teaching and research faculty had a two-and-a-half-week period to complete it. The evaluation period is for that year, the 2020-2021 period.

Dr. Hilden shared that in 2019-2020, there were 141 responses and in 2020-2021, there were 265 responses, an 88% increase in response rate. Dr. Hilden added that 51% of tenured and tenure track faculty participated.

Dr. Hilden stated that out of seven department questions, five had increased averages, including satisfaction with faculty diversity at the department level; out of seven college questions, four remained unchanged, deans' scores increased and satisfaction with faculty diversity at the college-level significantly fell; in the questions about the Provost, there were small decreases in averages for three questions from the 2020 survey and "values faculty opinion" is a strength and "responds to faculty inquiries in a timely manner" stayed relatively stable; in the questions about the President, there were significant decreases in averages across five questions with the challenges being "does all he/she can to meet my college's needs" and "values faculty opinion"; in the questions about Board of Visitors, overall satisfaction dropped from 2020; and in questions about Faculty Senate, there were decreases in averages across four questions, "Faculty Senate does all it can to represent faculty opinion" and "satisfied with Faculty Senate leadership"; and in the questions about work environment, resources and compensation, there were 16 questions in this area. Dr. Hilden continued by stating that this is an area of strength and stability over the past year. Technology and equipment scores improved slightly, there is a perceived need to provide support for faculty diversity and inclusiveness and the average scores around compensation and base salary are low. Dr. Hilden shared that in the 12 questions for overall

satisfaction, there were significant drops in averages for: “my colleagues express a positive attitude about the state of the university,” “satisfied with the current state of the university,” and “faculty morale is positive.” There was an increased score for “the future of the university is important to me.”

Dr. Hilden shared thoughts about the survey and potential ideas for future activities to boost faculty morale and engagement.

Dr. Hilden discussed the Teaching and Research Faculty Handbook updates. Drafts of language for both sections and a revision of the Academic Program Review process are being widely shared and discussed, as requested in the original motion initiating this process. After the first few rounds of this input, it has become clear that a slower, stepped approach is needed to allow for incorporation and development of significant changes. Dr. Hilden said that faculty recognize the need for change and want to develop language that meets our needs now but also far into the future, as we work with the current Board and future Boards. This deliberative approach to developing this language takes time and is informed by the diverse experiences, expertise, and needs of the Radford faculty. Dr. Hilden closed by stating that she looks forward to providing an update in December.

REPORT FROM THE STUDENT REPRESENTATIVE TO THE BOARD

Student Representative to the Board Grace Hurst began her presentation by introducing herself to the Board and sharing information about her background. Ms. Hurst discussed current social media platforms and the importance of staying connected to students by speaking the same language. Ms. Hurst continued by providing the areas of focus for her this year as the Student Representative. Her first priority will be mental health and will encourage school-life balance, trauma-informed training, wellness coaching programs and creating a community of care. Ms. Hurst stated her second priority will be Title IX and sexual assault awareness, with the goals of decreasing stigma, continuing education on Title IX reporting and conducting sexual assault awareness campaigns.

REPORT ON THE RADFORD UNIVERSITY FOUNDATION

Dr. Rachel D. Fowlkes, Representative to the Radford University Foundation Board of Directors, provided an update on recent Foundation news and activities. Dr. Fowlkes reported that in late August, the Foundation closed on the second sale of student housing properties to the University and that this sale was smaller, less than \$4 million. Dr. Fowlkes stated that the investment returns for the year ended June 30 are expected to exceed 20%. Dr. Fowlkes said that progress on the hotel project continues and that model rooms are available for viewing in RU Corporate Park. She added that the hotel is expected to be completed by the end of 2022 but hoping for an earlier completion. Dr. Fowlkes stated that it has been a pleasure for her to serve on the Foundation Board and learn how much the Foundation does to support the University and especially the students.

SACSCOC REAFFIRMATION PRESENTATION

Director of Institutional Effectiveness and Quality Improvement Sandra Nicks Baker, Ph.D. and Associate Director of Institutional Effectiveness and Quality Improvement Melanie Fox presented an overview and timeline of the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) reaffirmation process, including current and next steps. All higher education institutions are required by SACSCOC to undergo reaffirmation of accreditation every 10 years. The Quality Enhancement Plan (QEP) is a component of the reaffirmation process, which reflects SACSCOC commitment to enhancing the quality of higher education in the southern region by focusing attention on student learning. The process for determining the Quality Enhancement Plan was shared. After a call for proposals, “Diversity, Equity and Inclusion” was chosen by the QEP Topic Identification

Committee. Other current efforts toward this important process include: faculty credentials audit; campus-wide assessment; updating department and office websites; the QEP development; convening Reaffirmation Advisory Committees; and writing the Compliance Certification Report. A strong communications plan will also be utilized throughout the process.

CLOSED SESSION

Rector Archer requested a motion to move into closed session. Dr. Brewster made the motion that the Radford University Board of Visitors convene a closed session pursuant to Section 2.2-3711 (A) Items 1 and 29 under the Virginia Freedom of Information Act for the discussion of personnel matters and the award of a public contract involving the expenditure of public funds where discussion in an open session would adversely affect the bargaining position or negotiating strategy of the University. Ms. Lawrence seconded the motion. The Board of Visitors went into closed session at 12:15 p.m.

RECONVENED SESSION

Following closed session, public access to the meeting was reconnected. Rector Archer called the meeting to order at 1:21 p.m. On the motion made by Dr. Brewster and seconded by Dr. Fowlkes, the following resolution of certification was presented.

Resolution of Certification

BE IT RESOLVED, that the Radford University Board of Visitors certifies that, to the best of each member's knowledge, (i) only public business matters lawfully exempted from open meeting requirements under this chapter were discussed in the closed meeting to which this certification resolution applies, and (ii) only such public business matters as were identified in the motion by which the closed session was convened were heard, discussed or considered by the Board.

Roll Call	Vote
Dr. Jay A. Brown, Vice Rector	Yes
Dr. Thomas Brewster	Yes
Ms. Charlene Curtis	Yes
Dr. Rachel D. Fowlkes	Yes
Dr. Susan Whealler Johnston	Yes
Mr. Mark S. Lawrence	Yes
Dr. Debra K. McMahan	Yes
Ms. Lisa Pompa	Yes
Ms. Nancy Angland Rice	Yes
Mr. David A Smith	Yes
Mr. Marquett Smith	Yes
Ms. Lisa Throckmorton	Yes
Mr. Robert A. Archer, Rector	Yes

The resolution of certification was unanimously adopted.

OTHER BUSINESS

Bylaws Amendment

Rector Archer stated that the Executive Committee was bringing forward amendments to the Bylaws as a result of a subcommittee formed at the Retreat. At that time, the Executive Committee members were asked to review the Bylaws and provide any suggested changes to the subcommittee. These

changes reflect that review and advice from the Office of the Attorney General. Rector Asher asked members to see the following suggested changes. 1) The deletion on page 4 reflects Al Wilson's review and that the language is no longer applicable. 2) The addition on page 3 provides additional language in the Code section referenced and clarity for reasons Board members may participate remotely, a recommendation by Deb Love. 3) The addition on page 5 under Executive Committee reflects the language of the responsibilities for the Executive Committee in the Code of Virginia and currently not in the Bylaws, as pointed out at the Retreat. Following discussion, Rector Archer asked for a motion to approve the amendments to the Bylaws. Dr. Johnston made the motion, Dr. Jay A. Brown seconded, and the motion carried unanimously. A copy of the Bylaws is attached hereto as *Attachment E* and is made a part hereof

ANNOUNCEMENTS

Rector Archer announced the upcoming meeting dates.

December 2-3, 2021

February 10-11, 2022

April 28-29, 2022

July 24-26, 2022 Retreat

September 8-9, 2022

December 1-2, 2022

ADJOURNMENT

With no further business to come before the Board, Rector Archer adjourned the meeting at 1:33 p.m.

Respectfully submitted,

Karen Castele

Secretary to the Board of Visitors and Special Assistant to the President

Radford University Board of Visitors
RESOLUTION
Approval of the Six-Year Capital Outlay Plan for 2022-2028
September 10, 2021

BE IT RESOLVED, the Radford University Board of Visitors approves the Radford University Six-Year Capital Outlay Plan for 2022-2028, as presented in Appendixes A and B.

Approved: September 10, 2021

Robert A. Archer
Rector
Radford University Board of Visitors

Karen Castele
Secretary to the Board of Visitors
Radford University

17	Athletics Umbrella Fund (Construct Concessions/Ticketing)	Auxiliary	\$0	\$0	\$10,000,000	\$0	\$10,000,000
18	Construct Hurlburt Addition	Auxiliary	\$0	\$10,000,000	\$10,000,000	\$0	\$20,000,000
	Totals		\$385,346,000	\$18,000,000	\$341,825,000	\$21,000,000	\$766,171,000

Appendix B: Summary of Radford University's Six-Year Capital Outlay Plan for 2022-2028

2023-2024 Biennium

1. Renovate McConnell Library

The footprint that forms the McConnell Library consists of an original 14,000 square foot building built in 1931, a 47,500 square foot addition built in 1965, and a 46,444 square foot addition built in 1995. Both the 1965 addition and the 1995 addition, which represent approximately 90 percent of the library's square footage and operations, remain in their original configuration with building systems and equipment which have far exceeded their expected useful life. The original 1931 section of the building has been renovated for aesthetic improvements and space upfits, but still relies on end-of-life utility systems and components.

Given the fact that the building was constructed in multiple phases over many decades, with dozens of small interior upfit projects executed over the life of the building, there are a multitude of basic issues that need to be corrected by this overall renovation project. Accessibility systems and components are not consistently provided in all building spaces, such that the building provides a circuitous and confusing wayfinding situation, and public facilities such as toilets have been grandfathered for continued use. Building security likewise has been provided through inconsistent systems and components which are not in line with current technology. Portions of the building also contain hazardous materials such as asbestos and lead-based paint.

Various single pieces of HVAC equipment have been replaced as they have worn out, but no building-wide ventilation and indoor environment improvements have been undertaken. The remaining existing mechanical components do not operate with current efficiencies, such that energy consumption in the building is well above the campus average. Further, the HVAC humidity control capabilities do not meet current requirements for collections and archives storage. The electrical secondary distribution systems and components are original in many parts of the building, which does not provide adequate support for today's academic power needs, and data systems and components have likewise been inconsistently assembled over time. The proposed renovation will replace all of the aged and inefficient building systems and equipment with modern efficient solutions.

The renovation will also incorporate repurposing and space changes to provide amenities found in and expected within modern libraries. With the increasing move to electronic resources and purging of print collections, the University plans to repurpose print storage space for alternative configurations. Spaces targeted for repurposing are home to some of the library's print collection along with Archives and Special Collections. The print collection located in these areas is in the process of being weeded and the remaining books moved to compact storage.

The purging and relocation of existing collections will also create the necessary space for the Radford University Innovation Lab (RU iLab). Reflective of current library trends, this space will include learning commons, breakout rooms, interdisciplinary presentation spaces and classrooms, and multiple maker-spaces. This move will rebrand the library as a hub for innovation and productivity. In particular, the RU iLab will create the infrastructure for students to engage in collaborative, interdisciplinary thinking to confront present-day needs and pressing future problems.

The renovated space will also include student support areas for group study; provide technology-emphasized rooms for both instruction and information retrieval; incorporate student service functions such as tutoring and writing instruction; and incorporate the RU iLab.

2. Expand Create Riverway Experience

The New River is directly adjacent to the Athletics/Recreation Campus, with boat access points at several locations near University property. Also, an extensive partially developed greenway/trail system parallels the river and extends to Bissett Park and other City of Radford facilities to the west of campus. This series of projects to expand the overall riverway experience will serve to better connect students and others to the New River, for both instructional and recreational uses.

Several gathering areas with appropriate outdoor furniture and shelters are proposed along this greenway development, to provide spaces for relaxation and contemplation along with potential academic research and student life activities. Boat and canoe launch ramps would be provided to provide direct access to the river for recreational use. Festival event areas along with an amphitheater are proposed adjacent to the river. Recreational elements such as ziplines, ropes courses, and climbing walls would be located in the area, potentially for both student and public use. A restaurant adjacent to the river would provide food service and event spaces. A rails-to-trails connection along the existing trestle bridge would provide connectivity to other greenways in the New River Valley.

To further enhance connections to the river campus area, it is proposed to move the RU Able program to campus from its current off-campus leased space location. In conjunction with RU Outdoors and the Tourism and Special Events Resource Lab, these programs will enhance and facilitate greater connectivity to the overall significant assets made available by the New River. The gateway bridge into the river campus area and traffic patterns around the adjacent Dedmon Center will also be improved for efficiency and aesthetics, in partnership with the City of Radford.

3. Improve Campus Infrastructure

The university needs to make improvements to many infrastructure systems and components across campus. Systems include water, sanitary, storm drainage, electrical, steam, security, and information technology. Many basic utilities and services were installed for the citizens of the city of Radford. These services were incorporated for university use when the campus was first developed more than 75 years ago, and still provide service to many buildings and various areas of campus even today. The increased importance of electrical/data resiliency has also brought about the need for generator power to supplement the basic power grid.

As financial and facilities resources have been available, upgrades have been implemented to various elements of campus infrastructure. This approach has been partially successful, but new regulations for many utilities such as storm water and facility resiliency require additional upgrades, along with increased need due to the expanded campus footprint. For example, only a portion of the occupied buildings on campus have been retrofitted with access-control doors, security enhancements, and improved exterior site lighting. This project would provide funding necessary to bring the overall campus infrastructure up to date with current needs and regulatory requirements.

2025-2026 Biennium

4. Radford University Carilion Academic and Auxiliary Buildings

Radford University's 2019 merger with the Jefferson College of Health Sciences, Virginia created Radford University Carilion (RUC). RUC's operations are housed in Carilion Roanoke Community Hospital (CRCH), an active health care facility, which is part of the Carilion Clinic, a not-for-profit health care provider in southwest Virginia. CRCH is a 10-story, 408,000 square-foot hospital, providing a variety of health care services. RUC leases approximately 171,000 square feet in CRCH, including administrative, academic, laboratory, and other associated activities.

In today's environment, both RUC and Carilion have identified the need for expanded facilities to provide for both anticipated academic program growth and increased need for regional health care services. RUC's enrollment has grown over the last two years, and the demand for nursing and health sciences program graduates is very strong. RUC's current space in CRCH allows little to no flexibility to serve potential academic program growth, while future Carilion health care capital demands will likely require reclaiming of current RUC space. RUC's current programs benefit greatly from the immersive nature of the academic spaces within a working hospital; however, there are some basic academic and administrative needs which might be better served in a more flexible environment outside of the hospital proper.

The continued growth of health sciences initiatives in Roanoke offers unique opportunities to provide students with classroom, research, and real-world clinical education settings only a few steps away from one another. Along with the increased concentration of educational offerings will come the need for various student services. In January 2021, a Master Planning Committee was established that consists of members from both Carilion Clinic and Radford University and will work collaboratively with the Virginia Tech Carilion (VTC) Master Planning Committee to ensure potentially mutually beneficial approaches are identified to define desired growth areas of education and research offerings, the layout of Roanoke health sciences campus, and facility needs both now and in the next 3 to 5 years. Initial findings highlight the shared desire for increased academic space, expansion of student health and wellness space, as well as providing additional student housing and dining options. Additional priorities also include the need for expanded research and innovation space to support the cross pollination and collaboration of evolving activities and needs supported by Carilion Clinic, RUC, and VTC.

5. Athletics Umbrella Funding - Renovate Dedmon Center

The Dedmon Center was constructed in 1980, as a combination overall university recreation and athletic venue and support space. The facility originally included basketball, volleyball, gymnastics, and swimming performance venues along with locker rooms, training rooms, and athletics administrative offices. The facility is not designed for effective fan experiences in the way that current facilities are designed, and locker and training spaces are woefully inadequate. This project will reconfigure the arena seating bowl to provide more appropriate fan seating and viewing for indoor athletic events, and adjacent spaces will be renovated to include new locker rooms, athletic training rooms, and concessions.

6. Renovate Muse Hall Residences

Muse Hall is by far the largest residential housing unit on campus with approximately 900 beds, or about one-fourth of all students housed. Built in the late 1960s, the building has never undergone a complete renovation, and is in significant need of a variety of system repairs and upgrades. The building has a commanding presence on campus, and includes a 13-story resident tower along with a penthouse and three below-grade levels. The building is the only residence hall on campus with virtually no resident room air conditioning, and is the least desirable available on-campus housing. The building also includes the university's secondary dining facility, which is extremely important particularly during the week at mid-day meals. The building also has many basic building systems such as plumbing and electrical at end-of-life. Portions of the building also contain hazardous materials such as asbestos and lead-based paint, given their age.

This project would modernize the facility with renovated rooms, new finishes, and improved building systems. The renovated rooms will be done in a manner to make them more appealing to

students – less sharing of bathrooms space, provisions for some apartment-style accommodations, and improved student study and gathering areas.

2027-2028 Biennium

7. Renovate Walker Hall

Walker Hall was originally constructed in 1935 with an addition in 1963, and has housed a multitude of different occupant groups over the life of the building. Accessibility systems and components are not consistently provided in all building spaces, such that the building provides a circuitous and confusing wayfinding situation, and public facilities such as toilets have been grandfathered for continued use. Building security likewise has been provided through inconsistent systems and components which are not in line with current technology.

Various single pieces of HVAC equipment have been replaced as they have worn out, but no building-wide ventilation and indoor environment improvements have been undertaken. The remaining existing mechanical components do not operate with current efficiencies, such that energy consumption in the building is well above the campus average. The electrical secondary distribution systems and components are original in many parts of the building, which does not provide adequate support for today's academic and IT organizational power needs, and data systems and components have likewise been inconsistently assembled over time. The proposed renovation will replace all of the aged and inefficient building systems and equipment with modern efficient solutions.

The university's Department of Information Technology Services is currently scattered about campus housed at multiple locations. One objective of the project is to bring together the department's scattered operations under one roof, which offers both production and fiscal efficiencies. The renovated building would house IT administration and support functions, and provide appropriate areas for computer deployment and repair, software installation, web and content development, and IT infrastructure. The renovated building would also utilize space for general use classrooms and computer labs for overall campus use. To support the critical continuity of operation required of the IT departments, emergency and UPS back-up power will be provided.

8. Renovate Ingles Hall Residences

Ingles Hall was built in 1950 as a residence hall for students during a period of growth of the University. The dormitory building is in significant need of system repairs and upgrades. This project would modernize the building with renovated rooms, new finishes, and improved systems and components. The proposed renovation will replace all of the aged and inefficient building systems and equipment with modern efficient solutions. The renovated rooms will be done in a

manner to make them more appealing to students – less sharing of bathrooms spaces, provisions for some apartment-style accommodations, and improved student study and gathering areas.

9. Construct Combined Heat and Power Co-Generation Facility

This project would convert an existing building into a combined heat and power (CHP) facility for the overall campus. The conversion of the facility to CHP would consist of one or two 4.4 megawatt natural gas (NG) fired reciprocating engines. The engines would generate electricity for campus utilization while the waste heat generated from the equipment would supplement the university steam plant generation. The overall project costs for construction are approximately \$8 million for the single engine and \$16M for the twin unit option. This project would not require the utilization of Commonwealth or university funds due to the nature of the project being an Energy Savings Company (ESCO) partnership with Trane. The ESCO will complete the construction of the project, using their resources, and the project will ultimately being paid for by guaranteed energy savings realized by the university from the current utility expenses. The current pro forma has an approximate payoff period of 9 to 10 years.

10. Construct New Administrative Services Addition

Various university administrative functions are currently scattered in multiple locations both on- and off-campus, with several groups in leased spaces. This project will provide a relatively small addition adjacent to the existing Armstrong Building to house the support team for the Controller, the Compliance team, Accounts Payable, Payroll, Procurement, and Human Resources.

2029 and Beyond

11. Renovate Waldron Hall

Waldron Hall was completed in the fall of 2000, and houses the Waldron College of Health and Human Services (WCHHS). Academic occupant groups include the Dean's Offices; the Departments of Communication Sciences and Disorders, Physical Therapy, and Occupational Therapy; and the Schools of Nursing and Social Work. Special facilities include an interdisciplinary clinic and health services laboratories, along with campus general use classrooms and offices. The clinic spaces also support the community through immersive experiences for students in real-life settings with actual patients.

The WCHHS represents one of the signature programs of academic emphasis for the University as stated in the 2018 Strategic Plan. This emphasis is based on the current and projected strong demand for graduates from the WCHHS, including nurses, therapists, and other health science professions. These professions have proven to be even more in demand in the aftermath of the

COVID-19 pandemic. Further demands on the WCHHS faculty and academic footprint have come about due to the introduction of the Radford University Carilion (RUC) campus in Roanoke. RUC has attracted additional students to the WCHHS for the opportunity to go into these high-demand fields, with an accompanying growth in required facilities and faculty.

Much of the original equipment and furnishings are still in use in Waldron Hall, including outdated lab equipment and simulators. This places the students at a disadvantage, given the rapidly evolving nature of medical equipment, and does not portray the necessary environment when competing for students. The lab spaces are also still in their original configurations, which does not allow teaching and training to match current actual conditions in health care settings.

This project will allow the current building space footprint to be significantly revamped to provide more accurate teaching spaces in accordance with today's health care delivery methods. Certain conventional classroom settings will be repurposed into more appropriate lab and learning spaces. Existing equipment will be replaced, along with appropriate furnishings and casework. The renovation will also create a more effective and efficient overall building layout, and will create badly needed student study and collaborative spaces.

Given the age of the building, there are also a number of basic original building systems and components that are approaching their end of life. Further, the electrical power and data infrastructures are not readily adaptable to today's highly specialized clinical environments. This renovation project will replace these systems and equipment, along with greatly increasing the robustness of the data/IT backbone.

12. Renovate Peters Hall

Peters Hall was originally constructed in 1951, with additions in 1956 and 1967, and a renovation and addition in 2001. The building is the home for the College of Education and Human Development (CEHD), but has also housed a multitude of different occupant groups over the life of the building, including the School of Dance, athletics, student recreation, and a swimming pool. As several of these organizational units have moved to other locations on campus, remaining spaces have been upfit as well as possible using university funding in a somewhat piecemeal way.

The CEHD represents one of the signature programs of academic emphasis for the University as stated in the 2018 Strategic Plan. This emphasis is based on the current and projected strong demand for graduates from the CEHD to serve in various educational roles. In order to provide the types of spaces to support today's education pedagogical methods, it is necessary to reprogram many of the outdated classroom and lab spaces to provide an appropriate learning environment. There is also significant need for student study and collaborative spaces to support learning both inside and outside the classroom. This renovation project will reprogram and repurpose many spaces in the building to meet these needs.

Given the age of the building since the most recent renovation, there are also a number of basic original building systems and components that are approaching their end of life. Further, the electrical power and data infrastructures are not readily adaptable to today's highly specialized academic environments. This renovation project will replace these systems and equipment, along with greatly increasing the robustness of the data/IT backbone.

13. Renovate Governor's Quad Residences

The Governor's Quad consists of four basically identical residence halls for students built in 1965 during a period of growth of the University. The buildings included in the Governor's Quad are Trinkle, Stuart, Floyd, and Peery. The dormitory buildings underwent partial renovations in 2002-2005, but still need certain system repairs and upgrades. This project would modernize the building with renovated rooms, new finishes, and improved systems and components. The proposed renovation will replace all of the aged and inefficient building systems and equipment with modern efficient solutions, and will abate all remaining asbestos-containing materials. The renovated rooms will be done in a manner to make them more appealing to students – less sharing of bathrooms spaces, provisions of some apartment-style accommodations, and improved student study and gathering areas.

14. Construct New Public Safety Building

The RU Police Department, Emergency Medical Services team, Emergency Preparedness personnel, Emergency Operations Center, and Environmental Health and Safety Department staff are currently located in multiple buildings around campus. Further, these functions are located in shared building spaces which are not up to current standards for these critical areas of university services. This new building will be designed to maximize the safety and emergency capabilities of the university, including up-to-date hardware and software and associated furnishings.

15. Construct New Welcome Center

Students and their parents currently desire sophisticated engagement and support staff and facilities during their entire university experience. This proposed new building will include a campus Welcome Center to help guide both prospective and current students and their parents to desired resources and locations around campus.

16. Construct New University Convocation Center

The university has outgrown the central gathering areas necessary to address the needs of the student body. Other than the current basketball arena, there is no single interior space large enough to handle an address or event that involves more than a small minority of students. This project would build a convocation hall sufficient to handle large events such as convocation, commencement, new student move-in events, family weekend, and homecoming, along with

various athletic events. The center would also serve to provide a venue for orientation programs, conference services, and concerts, and would promote a wide variety of activities involving the local community.

17. Athletics Umbrella Funding - Construct New Athletics Ticketing/Concessions Center

Recent athletics construction projects have renovated and/or replaced the university athletics softball, baseball, and tennis facilities. These facilities are co-located together and include fields and dugouts along with a new indoor practice and coach's facility, but lack common fan ticketing, concession, and restroom areas. This project will provide a new building containing these common fan functions, such that accessible services are effectively provided in this area of the university athletics complex.

18. Construct Hurlburt Hall Addition

Various university student support functions and groups are currently housed in Hurlburt Hall. This project will provide an addition adjacent to Hurlburt Hall to expand the space for student support groups, along with campus-wide large meeting and gathering spaces, conference spaces, and event venues.

**RADFORD UNIVERSITY BOARD OF VISITORS
Resolution**

***Approval of Radford University's 2021 Six-Year Plan
September 10, 2021***

WHEREAS, the Higher Education Opportunity Act of 2011 became effective July 1, 2011, and requires each public institution of higher education in Virginia to develop and submit an institutional six-year plan; and

WHEREAS, § 23.1-306 of the Act requires, “*The governing board of each public institution of higher education shall (i) develop and adopt biennially and amend or affirm annually a six-year plan for the institution; (ii) submit such plan to the Council (State Council of Higher Education for Virginia), the General Assembly, the Governor, and the Chairmen of the House Committee on Appropriations, the House Committee on Education, the Senate Committee on Education and Health, and the Senate Committee on Finance no later than July 1 of each odd-numbered year; and (iii) submit amendments to or an affirmation of that plan no later than July 1 of each even-numbered year or at any other time permitted by the Governor or General Assembly*”; and

WHEREAS, Radford University prepared a six-year plan in accordance with the requirements of the Higher Education Opportunity Act of 2011 and guidelines provided by the State Council of Higher Education for Virginia; and

WHEREAS, the University submitted the six-year plan to the State Council of Higher Education for Virginia by the stated deadline of July 1, 2021 for the 2021 submission; and

WHEREAS, the 2021 Six-Year Plan must be approved by the Board of Visitors prior to the October 1 final submission;

THEREFORE, BE IT RESOLVED the Radford University Board of Visitors approves the Radford University 2021 Six-Year Plan (Part I and Part II) as presented in the format provided by the State Council of Higher Education for Virginia; and

BE IT FURTHER RESOLVED, that the University is authorized to revise the 2021 Six-Year Plan as required by State officials for final submission by the stated deadline.

Approved: September 10, 2021

**Radford University Board of Visitors
Resolution**

Amendment to the Bylaws

Now Therefore Be It Resolved, the Board of Visitors hereby amends the Radford University Board of Visitors Bylaws, as follows:

Section 1 D. Removal of Board Members

Delete

D. Removal of Board Members. If any member of the Board fails to attend (i) the meetings of the Board for one year without sufficient cause, as determined by a majority vote of the Board, or (ii) the educational programs for governing boards presented by the State Council of Higher Education for Virginia, and required by Virginia Code §23.1-1304 in the member's first two years of membership without sufficient cause, as determined by a majority vote of the board, the remaining members of the Board shall record such failure in the minutes at the Board's next meeting and notify the Governor, and the office of such member shall be vacated. ~~However, no member serving as of January 1, 2015 shall be removed for failing to attend the educational programs required by Virginia Code § 23-9.14:1 in the members first two years of membership if the member attends such training by January 1, 2016.~~

Section 3 E. Member(s) Participation via Electronic Communications.

Add

A. Member(s) Participation via Electronic Communications.

1. A member may also participate via electronic communication means from a remote location that is not opened to the public in the event of an emergency, personal matter, **a family member's medical condition that requires the member to provide care for such family member**, or medical condition that prevents the member from attending in person, in accordance with the Code of Virginia §2.2-3708.2 and provided that:
 - a. If, on or before the day of the meeting, the member notifies the Rector that such member is unable to attend the meeting due to an emergency, personal matter, **a family member's medical condition that requires the member to provide care for such family member**, or medical condition that prevents the member's physical presence, and the member identifies with specificity the nature of the emergency or personal matter.

Section 6 A. 1 Executive Committee

Add

1. The Executive Committee is authorized and required to:
 - a. **Organize the working processes of the Board;**
 - b. **Recommend best practices for Board governance;**

Adopted: September 10, 2021
