RESOLUTION OF TENURE RECOMMENDATIONS

WHEREAS, the tenure-track faculty are appointed initially on one-year contracts and throughout the probationary period, which is normally six years, they are subject to reappointment annually upon recommendation by the Department Personnel Committee, the Department Chair, the College Dean, the Provost, and the President; and

WHEREAS, no later than the beginning of the fall semester of the sixth year of full-time appointment, tenure-track faculty are notified by their Department Chairs of their eligibility for consideration for award of tenure and candidates for tenure must submit to their Department Personnel Committees pertinent information regarding their qualification for tenure, including a statement justifying the granting of tenure, all past performance evaluations, including a summary of student evaluations and any peer evaluations, a current curriculum vita, and any other relevant documentation; and

WHEREAS, criteria for the award of tenure include: the continuing need for the individual’s expertise; the individual’s teaching effectiveness; effectiveness as an advisor; professional development; participation in University co-curricular activities; committee work; cooperation with colleagues; and contributions towards the objectives of the department, college, and University; and

WHEREAS, upon consideration of the candidate’s achievement of the above criteria, the Department Personnel Committee submits its recommendation to the Department Chair, who in turn submits his or her recommendation to the College Dean. The Dean submits his or her recommendation to the Provost, and the Provost submits their recommendation in each case to the President. At each stage, the recommendation is added to the previous recommendations, and all are transmitted to the next level. Copies of each recommendation, together with justification, are sent to the faculty member, who has the right to appeal negative recommendations to the Faculty Grievance Committee; and

WHEREAS, the final authority for awarding or denying tenure lies with the Board of Visitors and all of the faculty members listed below have met the criteria for award of tenure;

**THEREFORE, BE IT RESOLVED,** the Board of Visitors approves the faculty Tenure recommendations listed above to become effective the beginning of the 2022-2023 academic year.
RESOLUTION TO AMEND THE
TEACHING AND RESEARCH FACULTY HANDBOOK

WHEREAS, all proposed changes to the Teaching and Research Faculty Handbook must be managed in accord with §5.0 of that handbook; and

WHEREAS, the authority to amend or revise the Faculty Handbook lies with the Board of Visitors. However, proposals for revising the Handbook may be initiated by faculty, administrators, the President, or members of the Board of Visitors. Revisions fall into two categories: (1) those required to ensure that the University is in compliance with state policies and mandates, and (2) those within the purview of the decision-making processes within the University; and

WHEREAS, revisions required to ensure that the University is in compliance with state policies and mandates, and that do not require a decision by University personnel, will be effected through an administrative update, with faculty being informed of the change and the reasons for it; and

WHEREAS, revisions within the purview of the decision-making processes in the University Internal Governance system will be considered by appropriate committees as defined by the Internal Governance system. Proposals for changes will be made in the form of text intended to replace a portion of the Teaching and Research Faculty Handbook, noting new language and striking out the old language; and

WHEREAS, it will be the Faculty Senate’s responsibility to ensure that the general faculty is provided time and opportunity to review the proposed change so faculty can communicate with their senators prior to any action by the Faculty Senate; and

WHEREAS, the Faculty Senate’s recommendations on proposed revisions to the Teaching and Research Faculty Handbook will be forwarded to and approved by the President. The Provost will forward the Faculty Senate’s recommendations to the Academic Excellence and Research Committee who will in turn make recommendations to the member of the full Board of Visitors;

NOW, THEREFORE, BE IT RESOLVED, that the Board of Visitors of Radford University hereby approves in accordance with §5.0 of the Teaching and Research Faculty Handbook, Section 2.8: Class Administration of the Teaching and Research Faculty Handbook as hereby amended. Said sections are to now read as follows (additions are in red):

Motion to Revise the Class Administration Language in the Teaching and Research Faculty Handbook

Referred by: Curriculum Committee
MOTION:

The Faculty Senate recommends the addition of language (red type) and the deletion of language (stricken through) in the second paragraph of section 2.8 Class Administration of the Teaching and Research Faculty Handbook (2.8) to read:

Faculty members will inform students, in writing and in other media if appropriate to the course format, orally and in writing, of their course requirements, attendance, and grading policies during the first week of the semester. Faculty members are responsible for providing some form of feedback regarding grades and/or academic performance prior to each semester’s withdrawal date. Athletes, students on probation, readmitted, and/or new students, meaning freshmen and transfer student, must be awarded midterm grades as directed by the Registrar. For other students, such feedback might take the form of a midterm grade, a written or oral progress report, or whatever means the faculty member deems most appropriate. Faculty members are responsible for submitting mid-semester grades for all students in all undergraduate courses as directed by the registrar. Students must be provided the opportunity to examine and discuss with their instructor all written examinations, and other materials, and criteria used in the grading process.

RATIONALE:

The above Handbook language was approved by the Board of Visitors on 2 February 2016 but is not reflected in our current Handbook. On 27 April 2020, the Student Government Association (SGA) approved a motion in support of posting mid-semester grades for undergraduate students. In response, in Motion 20-21.164, Faculty Senate supported this SGA motion and tasked the options, having taken into consideration reservations about the idea expressed by faculty members, and having received feedback from professional advisers, the Curriculum Committee believes that the best option is to require posting mid-semester grades for all students in all undergraduate courses.
RESOLUTION TO AMEND THE
TEACHING AND RESEARCH FACULTY HANDBOOK

WHEREAS, all proposed changes to the *Teaching and Research Faculty Handbook* must be managed in accord with §5.0 of that handbook; and

WHEREAS, the authority to amend or revise the Faculty Handbook lies with the Board of Visitors. However, proposals for revising the Handbook may be initiated by faculty, administrators, the President, or members of the Board of Visitors. Revisions fall into two categories: (1) those required to ensure that the University is in compliance with state policies and mandates, and (2) those within the purview of the decision-making processes within the University; and

WHEREAS, revisions required to ensure that the University is in compliance with state policies and mandates, and that do not require a decision by University personnel, will be effected through an administrative update, with faculty being informed of the change and the reasons for it; and

WHEREAS, revisions within the purview of the decision-making processes in the University Internal Governance system will be considered by appropriate committees as defined by the Internal Governance system. Proposals for changes will be made in the form of text intended to replace a portion of the Teaching and Research Faculty Handbook, noting new language and striking out the old language; and

WHEREAS, it will be the Faculty Senate’s responsibility to ensure that the general faculty is provided time and opportunity to review the proposed change so faculty can communicate with their senators prior to any action by the Faculty Senate; and

WHEREAS, the Faculty Senate’s recommendations on proposed revisions to the Teaching and Research Faculty Handbook will be forwarded to and approved by the President. The Provost will forward the Faculty Senate’s recommendations to the Academic Excellence and Research Committee who will in turn make recommendations to the member of the full Board of Visitors;

NOW, THEREFORE, BE IT RESOLVED, that the Board of Visitors of Radford University hereby approves in accordance with §5.0 of the *Teaching and Research Faculty Handbook, Section 4.2.3.5: Department Curriculum Committee* of the *Teaching and Research Faculty Handbook* as hereby amended. Said sections are to now read as follows (additions are in red):

Motion to Revise the Department Curriculum Committee Language in the Teaching and Research Faculty Handbook

Referred by: Curriculum Committee
MOTION:

The Faculty Senate recommends the addition of language (red type) in the first paragraph of section 4.2.3.5 Department Curriculum Committee of the Teaching and Research Faculty Handbook (4.2.3.5) to read:

This body reviews and makes recommendations to the department on course and curriculum proposals and revisions in the major and minor academic programs in the department. This body also reviews reports on assessments of student learning, considers the curricular implications of such reports, and shares recommendations for curricular improvements with all the teaching faculty in the department or school. Departments and schools that have formal assessment committees or functionally equivalent committees can assign this role to those committees instead.

RATIONALE:

SACSCOC requires policy and ongoing documentation of how faculty regularly review, analyze, and act upon programmatic assessment data and results as necessary. In response to this requirement, this motion would increase the likelihood that action is taken based on assessment results by adding it as a formal responsibility in the faculty handbook.
RESOLUTION TO AMEND THE
TEACHING AND RESEARCH FACULTY HANDBOOK

WHEREAS, all proposed changes to the *Teaching and Research Faculty Handbook* must be managed in accord with §5.0 of that handbook; and

WHEREAS, the authority to amend or revise the Faculty Handbook lies with the Board of Visitors. However, proposals for revising the Handbook may be initiated by faculty, administrators, the President, or members of the Board of Visitors. Revisions fall into two categories: (1) those required to ensure that the University is in compliance with state policies and mandates, and (2) those within the purview of the decision-making processes within the University; and

WHEREAS, revisions required to ensure that the University is in compliance with state policies and mandates, and that do not require a decision by University personnel, will be effected through an administrative update, with faculty being informed of the change and the reasons for it; and

WHEREAS, revisions within the purview of the decision-making processes in the University Internal Governance system will be considered by appropriate committees as defined by the Internal Governance system. Proposals for changes will be made in the form of text intended to replace a portion of the Teaching and Research Faculty Handbook, noting new language and striking out the old language; and

WHEREAS, it will be the Faculty Senate’s responsibility to ensure that the general faculty is provided time and opportunity to review the proposed change so faculty can communicate with their senators prior to any action by the Faculty Senate; and

WHEREAS, the Faculty Senate’s recommendations on proposed revisions to the Teaching and Research Faculty Handbook will be forwarded to and approved by the President. The Provost will forward the Faculty Senate’s recommendations to the Academic Excellence and Research Committee who will in turn make recommendations to the member of the full Board of Visitors;

NOW, THEREFORE, BE IT RESOLVED, that the Board of Visitors of Radford University hereby approves in accordance with §5.0 of the *Teaching and Research Faculty Handbook*, Section 1.12.2.6: Parental Leave to be added to the *Teaching and Research Faculty Handbook* under the section 1.12.2 Personal Leave. Said section as follows (in red):

---

Motion to Add the Parental Leave Language to the Teaching and Research Faculty Handbook

Referred by: Faculty Issues Committee
MOTION:

The Faculty Senate recommends the addition of section 1.12.2.6 (red type) to the Teaching and Research Faculty Handbook to read:

Teaching and Research Faculty members may be eligible for up to eight (8) weeks (320 hours) of paid Parental Leave to be used within six (6) months of the birth/placement of a child for any one or more of the following reasons:

- To give birth to, care for, and bond with a newborn child.
- To care for and bond with a minor child placed with the employee through adoption or foster care or a legal custodial arrangement.
- To supplement reduced income replacement disability benefits following the birth of an infant.

To meet eligibility criteria for Parental Leave, Teaching and Research Faculty members must be eligible for Family and Medical Leave for the same birth/placement. If Parental Leave at Radford University is available to both parents and both meet eligibility criteria, each is entitled to up to 320 hours of Parental Leave. Eligibility determinations are made as of the date that the child is born or placed via adoption or foster or custodial care. A Teaching and Research Faculty member who is not eligible for Parental Leave on the date of the birth or placement may become eligible during the following six (6) months and access Parental Leave once the Teaching and Research Faculty member meets eligibility requirements.

Parental Leave shall be in addition to other leave benefits available to Teaching and Research Faculty members, including Sick Leave, Annual Leave, and Family Medical Leave and shall not be counted against leave under such programs. Parental Leave shall run concurrently with any leave provided to an eligible Teaching and Research Faculty member under the Family and Medical Leave Act. Parental Leave may run concurrently or sequentially with leave provided under the Virginia Sickness and Disability Program if a Teaching and Research Faculty member is eligible for such leave.

Parental Leave may be taken in one continuous period of time or intermittently subject to supervisor approval. The 320 hours of Parental Leave may be used only once per child and only once within a twelve (12) month period.

Teaching and Research Faculty members should submit a written request for Parental Leave at least thirty (30) calendar days prior to the anticipated leave begin date or as soon as practicable to the Department of Human Resources and the immediate supervisor. Teaching and Research Faculty members must comply with Radford University leave request procedures, absent unusual circumstances. Failure to do so may be grounds for delaying or denying a Teaching and Research Faculty member’s approval for Parental Leave.

The Department of Human Resources may require a Teaching and Research Faculty member to show documentation of the birth or placement in order to approve Parental Leave. Official documents for consideration include, but not limited to: a report of birth, a birth certificate, an order of parentage, an adoption order, certified DNA test results, a custody order, and a foster care placement agreement. Documents provided should show date of birth and date of placement, if placement was other than the date of birth.
Parental Leave provided to Teaching and Research Faculty members terminates upon separation from employment with Radford University, if a Teaching and Research Faculty member transfers to a non-covered position, or at the conclusion of the foster or custodial care placement or within six (6) months of the birth/placement, whichever comes first. Upon termination, unused Parental Leave is not compensable to a Teaching and Research Faculty member.

Teaching and Research Faculty members should consult with the Department of Human Resources in advance of requesting Parental Leave for additional information regarding applicability and usage.

RATIONALE:

The Teaching and Research Faculty Handbook requires updating to incorporate Parental Leave language for Teaching and Research Faculty consistent with the Virginia Code § 2.2-1210 and Virginia Department of Human Resource Management Policy 4.21. Parental Leave establishes paid parental leave, to eligible employees, that recognizes the benefits to employees and their families of meaningful bonding time upon the birth or placement of a child. The paid Parental Leave Policy is in addition to other leave benefits available to Commonwealth employees, such as Virginia Sickness and Disability Program leave (VSDP), sick leave, annual leave, and leave under the federal Family Medical Leave Act (29 U.S.C. § 2601-2654).

The Parental Leave revision to the Teaching and Research Faculty Handbook is now being submitted to the Board of Visitors for consideration and final approval. Faculty Senate has recommended the revision, legal counsel has reviewed the revision, and the President’s Cabinet has approved the revision.
RESOLUTION TO AMEND THE
TEACHING AND RESEARCH FACULTY HANDBOOK

WHEREAS, all proposed changes to the Teaching and Research Faculty Handbook must be managed in accord with §5.0 of that handbook; and

WHEREAS, the authority to amend or revise the Faculty Handbook lies with the Board of Visitors. However, proposals for revising the Handbook may be initiated by faculty, administrators, the President, or members of the Board of Visitors. Revisions fall into two categories: (1) those required to ensure that the University is in compliance with state policies and mandates, and (2) those within the purview of the decision-making processes within the University; and

WHEREAS, revisions required to ensure that the University is in compliance with state policies and mandates, and that do not require a decision by University personnel, will be effected through an administrative update, with faculty being informed of the change and the reasons for it; and

WHEREAS, revisions within the purview of the decision-making processes in the University Internal Governance system will be considered by appropriate committees as defined by the Internal Governance system. Proposals for changes will be made in the form of text intended to replace a portion of the Teaching and Research Faculty Handbook, noting new language and striking out the old language; and

WHEREAS, it will be the Faculty Senate’s responsibility to ensure that the general faculty is provided time and opportunity to review the proposed change so faculty can communicate with their senators prior to any action by the Faculty Senate; and

WHEREAS, the Faculty Senate’s recommendations on proposed revisions to the Teaching and Research Faculty Handbook will be forwarded to and approved by the President. The Provost will forward the Faculty Senate’s recommendations to the Academic Excellence and Research Committee who will in turn make recommendations to the member of the full Board of Visitors;

NOW, THEREFORE, BE IT RESOLVED, that the Board of Visitors of Radford University hereby approves in accordance with §5.0 of the Teaching and Research Faculty Handbook, Section 1.2.3: Emeritus Faculty of the Teaching and Research Faculty Handbook as hereby amended. Said sections are to now read as follows (additions are in red):

Motion to Revise the Emeritus Faculty Language in the Teaching and Research Faculty Handbook

Referred by: Faculty Issues Committee
MOTION:

The Faculty Senate recommends the addition of language (red type) and the deletion of language (stricken through) in section 1.2.3 Emeritus Faculty of the Teaching and Research Faculty Handbook (1.2.3) to read:

Based on recommendations from the Department Personnel Committee, the Department Chair, the College/School Dean, and the Provost, the President may make recommendations to the Board of Visitors regarding the award of Emeritus status to retiring tenured and Special Purpose faculty who meet the following criteria: a minimum of ten years of service to Radford University, including documented years of service to Jefferson College of Health Sciences evidence of effective teaching; and significant professional contributions and annual faculty evaluations predominantly ranked as “exceeds expectations.” The following privileges and responsibilities, available to regular faculty, shall also be granted with attached to Emeritus status: include the use of the library, use of those faculty athletic facilities available to regular faculty, use of a university computer account, a Radford University identification card and special event discounts available with it, the ability to purchase meal plans, and attendance at University functions that are open to all regular faculty.

RATIONALE:

This motion expands recommending awarding Emeritus status to all full-time faculty (tenured and special purpose). As “evidence of effective teaching and significant professional contributions” are part of the annual faculty evaluation for tenured faculty, streamlining this language would make the criteria the same for both tenured and special purpose faculty. One privilege is added, the ability to purchase meal plans.
RESOLUTION FOR DISCONTINUANCE OF THE
POST-BACCALAUREATE CERTIFICATE IN BIOETHICS

WHEREAS, the Artis College of Science and Technology (ACSAT) at Radford University proposes to discontinue the Post-Baccalaureate Certificate in Bioethics; and

WHEREAS, the purpose of the certificate was to provide students with the ethical competency needed for ensuring patient safety, building community trust, and supporting best practices in the expanding fields of healthcare, medicine and biomedical research; and

WHEREAS, the Post-Baccalaureate Certificate in Bioethics was initiated in 2014;

HOWEVER, the availability of this certificate and the curriculum did not attract many students since 2014, only four students have enrolled for the certificate and no students have completed the certificate;

NOW, THEREFORE, BE IT RESOLVED, a decision has been made to discontinue the certificate and remove it from the Radford University degree inventory; and it is further

RESOLVED, that the President and/or his designee(s) are hereby authorized to submit any and all documentation that may be required to receive approval of the discontinuance of the program to the State Council of Higher Education for Virginia (SCHEV) and the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC).
Proposed Intent to Discontinue

Radford University is proposing the discontinuance of the Post-Baccalaureate Certificate in Bioethics (CIP code: 51.3201). The certificate is located in the Artis College of Science and Technology.

Background

The Post-Baccalaureate Certificate in Bioethics was initiated in 2014. The availability of this certificate and the curriculum however did not attract many students. A total of four students enrolled in the program since it was initiated. In spring 2020, faculty members along with the College’s administration discussed options. It was determined that the certificate program be discontinued.

Rationale for Intent to Discontinue

The purpose of the Post-Baccalaureate Certificate in Bioethics was to provide students with the ethical competency needed for ensuring patient safety, building community trust, and supporting best practices in the expanding fields of healthcare, medicine and biomedical research. One student enrolled spring 2015, one fall 2016 and two spring 2017. No student completed the program. This indicates that the certificate is no longer desirable for students at Radford University.

Critical Shortage

The program is not in a critical shortage area.

Teach-out Plan

No students are enrolled in the Bioethics certificate program. A teach-out plan is not needed.

“Stopped Out” Students

Institutional records indicate that four students have “stopped out” of the certificate program. No plan is needed to notify students.
RESOLUTION FOR DISCONTINUANCE OF THE SURGICAL TECHNOLOGY A.A.S. PROGRAM

WHEREAS, the Waldron College of Health and Human Services (WCHHS) at Radford University / Radford University Carilion proposes to discontinue the Surgical Technology, A.A.S program; and

WHEREAS, the purpose of the program was to develop surgical technologists for the workforce; and

WHEREAS, the Surgical Technology Program (SURT) is a degreed program that transitioned with other programs from Jefferson College of Health Sciences (JCHS) on July 1, 2019 to Radford University Carilion;

HOWEVER, Radford University does not hold the responsibility or regional accreditation for A.S. or A.A.S. education. Provisional accreditation was given by SACSCOC to allow time for this program to transition to a local community college;

NOW, THEREFORE, BE IT RESOLVED, with the transition concluding Summer 2022, a decision has been made to discontinue the program and remove it from the Radford University degree inventory; and it is further

RESOLVED, that the President and/or his designee(s) are hereby authorized to submit any and all documentation that may be required to receive approval of the discontinuance of the program to the State Council of Higher Education for Virginia (SCHEV) and the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC).
**Proposed Intent to Discontinue**

Radford University / Radford University Carilion requests to discontinue the Associate of Applied Science in Surgical Technology (CIP Code – 51.0909). The degree program is located in Waldron College of Health and Human Services and located at Radford University Carilion, 101 Elm Ave, Roanoke VA, 24018.

**Background**

The Surgical Technology Program (SURT) is a degreed program that transitioned with other programs from Jefferson College of Health Sciences (JCHS) on July 1, 2019 to Radford University Carilion. The program was approved by SCHEV at that time. The purpose of the program is to develop surgical technologists for the workforce.

**Rationale for Intent to Discontinue**

Prior to and after the conversion of JCHS to Radford University, a transition plan to move the remaining A.A.S. degrees to Virginia Western Community College (VWCC) was formed and then initiated. Multiple meetings related to the transition of the SURT program to VWCC have occurred and will continue. This program is discontinuing from being offered at Radford University and is being established with a slightly different curricular model (based on the other VCCS schools) at VWCC in July 2022. VWCC will “teach out” the current curricular model for current enrolled students and then implement their new curriculum for incoming students in the Fall 2022. VWCC has contacted SCHEV for approval and has submitted all necessary curricular paperwork.

Radford University does not hold the responsibility or regional accreditation for A.S. or A.A.S. education. Provisional accreditation was given by SACSCOC to allow time for this program to transition to a local community college. This transition is occurring during that provisional accreditation period. The program transitioning will not decrease number of graduating technologists.

**Critical Shortage**

The program is not in a teaching critical shortage area, and the program will transition to VWCC and continue producing graduates.

**Teach-out Plan**

Students are currently enrolled within the program within two respected cohorts (“first year” and “second year”). The current second year students will graduate from Radford University in May 2022. The first-year students will continue at VWCC under the same current Radford University curriculum until graduation in May 2023. VWCC has contingency plans to address any of these student(s) that fall out of the current curriculum between now and May 2023. Faculty are aware of the closure and have all been hired at VWCC which will ensure consistency of education. The faculty positions remained intact with the individuals staying within their respective roles.

**“Stopped Out” Students**

There are no students currently “stopped out.” All students have been notified of the transition to VWCC. The current second year students will graduate from Radford University in May 2022. If a second-year student “stops-out” they may repeat coursework at VWCC next year. The first-year students will continue at VWCC under the same current Radford University curriculum until graduation in May 2023. VWCC has contingency plans to address any of these student(s) that fall out of the current curriculum between now and May 2023.
RESOLUTION TO CHANGE THE NAME OF THE COLLEGE OF GRADUATE STUDIES AND RESEARCH TO THE COLLEGE OF GRADUATE STUDIES

WHEREAS, with the recent reorganization of Academic Affairs in early January 2022, oversight of the Research Compliance Office and the Office of Sponsored Programs and Grants Management have been reassigned from College of Graduate Studies and Research to the Associate Provost for Research, Faculty Success and Strategic Initiatives; and

WHEREAS, renaming the College as the College of Graduate Studies parallels Radford University’s recent elevation in Carnegie Classification status from a Master’s College and University to a Doctoral/Professional University (D/PU) in which professional degrees are specified in the classification title; and

WHEREAS, the College’s primary mission at this time is focused on graduate recruitment, admissions and academically related functions for administration of graduate programs; and

WHEREAS, renaming the College would more accurately reflect the current mission of the College and eliminate confusion regarding where the offices reside organizationally within the university;

NOW, THEREFORE, BE IT RESOLVED, to change the name of the College of Graduate Studies and Research to the College of Graduate Studies;

BE IT FURTHER RESOLVED, that the President and/or designee(s) are hereby authorized to submit any and all documentation that may be required to receive approval of the name change to the State Council of Higher Education for Virginia (SCHEV) and the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC).
BE IT RESOLVED, the Radford University Board of Visitors approves the Administrative and Professional (AP) Faculty Handbook revision regarding Parental Leave as presented within the proposed action item.
RADFORD UNIVERSITY BOARD OF VISITORS
Resolution
April 29, 2022

Approval of the Radford University Supplemental Defined Benefit Plan for Faculty

Approval of the Radford University Supplemental Defined Benefit Plan for Faculty;

WHEREAS, retirement incentives are recognized as a pivotal component to an overall strategy for achieving operational and organizational efficiencies; and

WHEREAS, the Code of Virginia § 23.1-1302 states that the governing board of each public institution of higher education may establish a compensation plan designed to provide incentives for voluntary early retirement of teaching and research staff employed in non-classified, faculty positions; and

WHEREAS, the Radford University Faculty Early Retirement Program ("FERP") has been established in compliance with the Code of Virginia to provide reasonable incentives to retire that consider the needs of those individuals who may be interested in voluntarily retiring as well as the needs of the University; and

WHEREAS, the Radford University Supplemental Defined Benefit Plan for Faculty is a defined benefit plan qualified under Section 401(a) of the Internal Revenue Code to which the FERP’s incentive payments will be paid so that participants in the FERP can receive the payments in a tax-advantaged manner.

NOW THEREFORE, BE IT RESOLVED that the Radford University Board of Visitors does hereby approve and establish the Radford University Supplemental Defined Benefit Plan for Faculty under Section 401(a) of the Internal Revenue Code, effective January 1, 2022, to provide incentive payments for eligible employees who participate in the Radford University Faculty Early Retirement Program.

Interim President
MEMORANDUM

TO: Members of the Board of Visitors
FROM: Carolyn Ringer Lepre, Ph.D., Interim President
DATE February 11, 2022
RE: President’s Report

I will begin my report today by acknowledging the incredible work of our faculty and staff do each and every day to ensure that our students are successful. They continue to invest their talents and time, so that we can provide high-quality learning experiences and ultimately transform the lives of our students. While some of their efforts may go unnoticed, their impact can be found in the incredible stories that our students share about their Radford University experience. Today, I will highlight a select number of activities, events and initiatives that demonstrates their commitment and the impact it has had for our community.

Spring 2022 Semester
Our Highlander family had the opportunity over the extended holiday to reconnect with family and friends, as well take the opportunity to rest and refuel. We were thrilled to welcome our students, faculty and staff back to campus for the start of the spring semester on January 18, 2022. We were especially pleased to welcome 30 new freshman and 151 new transfer students. We also welcomed 40 new learners in the IMPACT programs and 21 new students in the recently launched Fast-Track programs. It is wonderful to see the campus come to life when our students return and experience the energy and excitement at the beginning of a new semester.

COVID-19: Spring 2022 Operating Plan Update
As the members of our community returned to campus, the health and well-being of our family has remained a central focus. Our progress to date has been a result of our collective efforts as we continue to navigate the global health pandemic. Since releasing the Spring 2022 Operational Plan in October, there have been a number of developments, such as Omicron, the latest variant that is the predominant strain of the virus, the CDC updated guidance for isolation and quarantine, and the most recent guidance from Governor Youngkin and the attorney general’s office.
Consistent with a legal opinion issued by the Virginia Attorney General on January 26, 2022, Radford University no longer requires COVID-19 vaccinations or booster shots for students as a general condition of enrollment or in-person attendance. Weekly testing for students not fully vaccinated is also no longer required. COVID-19 testing and booster clinics will still be offered for all employees and students. The first booster clinics were held at the start of the semester. Another clinic is being held today and additional opportunities will be scheduled for main campus and RUC throughout the semester.

I am encouraged by the high vaccination rates of our students and employees and I invite you to visit our Covid-19 planning webpage at www.radford.edu/covid for up-to-date information and protocols.

**Annual MLK Day of Service Event**

For more than eight years, we have engaged in the meaningful call to service as a way to commemorate the legacy of Dr. Martin Luther King Jr. We honored his life through one of our signature volunteer events, the annual MLK Day of Service. This particular event has given us the opportunity to demonstrate our unwavering spirit of caring for the communities in which we live, learn and work. This year, our Highlander family participated via virtual serving opportunities and had the chance to support organizations throughout the New River and Roanoke Valley with donations. Although the activities may have looked different this year, our commitment to serving our community did not change.

**Legislative Visits**

Over the past two months, I have continued to meet with members of both the House and Senate to share Radford University’s priorities. As we have in years past, we are advocating for expanded investments in Radford students, specifically need-based financial aid and operating support. We are also seeking support for a renovation to the McConnell Library and campus infrastructure projects. My conversations with members of the General Assembly, members of the Senate Finance and Appropriation Committee and the House Appropriations Committee have been informative and positive.

Our meetings with members of the Northam administration, including the Secretary of Education and the Secretary of Finance, as well as the Secretary of Commerce and Trade went well and we were pleased to see many of our priorities included in the outgoing governor’s budget. As we meet with members of Governor Youngkin’s administration, we are hopeful that our priorities will continue to garner support as the General Assembly sessions progresses.

**Advocacy Day**

A proud tradition at Radford has been Advocacy Day. This annual event gives our students the opportunity to share their personal stories advocate for the University and engage directly with state leaders. This year 19 students met with legislators and observed the General Assembly in session. These remarkable students shared our priorities and the lasting impact an investment in
Radford University and their education could have for the Commonwealth of Virginia. You met these wonderful students last night at the dinner.

**Presidential Fellow**

At the State of the University address in the fall, I shared that we were re-imagining the Presidential Fellow program. The proposed project for Spring 2022 will support Radford University’s commitment to diversity, equity and inclusion as outlined in the One Virginia Plan which was submitted in July, 2021. The fellow will collaborate with existing campus stakeholders such as the Diversity Equity Action Committee (DEAC), Center for Diversity and Inclusion (CDI), Academic Affairs, Student Affairs, Institutional Research and Effectiveness, Human Resources, and student organizations, as well as external partners.

After reviewing a strong pool of interested candidates, I am pleased to announce that Dr. Jamie Lau, assistant professor of biology, has been selected as the 2022 Presidential Fellow. Dr. Lau was recognized at the convocation ceremonies as the recipient of the 2021 Donald N. Dedmon Distinguished Teaching Professor Award. I am looking forward to working with Dr. Lau on this very important initiative for the university.

Mr. Rector and members of the Board, this concludes my report.
Item:
Adoption of a Resolution certifying that Radford University is in compliance with its Debt Management Policy. In addition, this certification is required annually by the Secretary of Finance for the Commonwealth of Virginia as part of Institutional Performance reporting.

Background:
The 2005 Session of the General Assembly adopted, and the Governor signed, legislation that provides Radford University and all other public colleges and universities in the Commonwealth the opportunity to attain certain authority and autonomy to manage its academic and administrative affairs more efficiently and effectively through implementation of the Restructured Higher Education Financial and Administrative Operations Act. At its meeting on June 30, 2005, the Radford University Board of Visitors approved a Resolution of Commitment allowing the University to exercise restructured financial and operational authority as identified in the Restructuring Act.

The 2015 Virginia Acts of Assembly, Chapter 665 includes a requirement in the General Provisions related to Higher Education Restructuring. §4-9.01 requires, in part, that: “Consistent with §23-9.6:1.01 [recodified as §23.1-206], Code of Virginia, the following education-related and financial and administrative management measures shall be the basis on which the State Council of Higher Education shall annually assess and certify institutional performance. Such certification shall be completed and forwarded in writing to the Governor and the General Assembly no later than October 1 of each even-numbered year. Institutional performance on measures set forth in paragraph D of this section shall be evaluated year-to-date by the Secretaries of Finance, Administration, and Technology as appropriate, and communicated to the State Council of Higher Education before October 1 of each even-numbered year. Financial benefits provided to each institution in accordance with § 2.2-5005 will be evaluated in light of that institution’s performance.”

The Secretary of Finance collects information to fulfill the reporting requirements as they relate to paragraph D-Financial and Administrative Standards, specifically §4-9.01 d.2. which states: “Institution complies with a debt management policy approved by its governing board that defines the maximum percent of institutional resources that can be used to pay debt service in a fiscal year, and the maximum amount of debt that can be prudently issued within a specified period.” To assess this measure, the Secretary of Finance is seeking a statement from the Board of Visitors certifying Radford University’s compliance with said policy and the effective date of that policy.

Schedule A below provides the required ratio calculation and demonstrates the University is in compliance with its Debt Management Policy. Currently, as disclosed in the 2021 unaudited
annual financial statements, the University’s debt obligations including affiliated foundation total $120,170,779 which is mainly attributable to the Student Recreation and Wellness Center, Renovations of four Residence Hall projects, and the affiliated foundation property acquisition.

Capital Lease Obligation

In March 2018, the University entered into a 25-year capital lease with the Radford University Foundation, LLC to meet student housing demand. Due to existing housing
commitments, a management agreement was entered between the Radford University Foundation and a third party to manage the properties. Therefore, the University’s obligation regarding the capital lease was not effective until fiscal year 2020. The University accounted for the acquisition of the various residential properties as a capital lease in 2020, and recorded the building as a depreciable capital asset, and recorded a corresponding lease liability in long-term debt, both on its Statement of Net Position. During fiscal year 2021, a portion of the properties were purchased by the University which decreased the capital lease and therefore also decreased the depreciable asset and lease liability.

A summary of changes in long-term debt for the year ending June 30, 2021, is presented as follows:

**Long-Term Debt Defeasance**

During fiscal year 2021, the Commonwealth of Virginia, on behalf of the University, issued pooled bonds Series 2021B for $13,460,000 with interest rates of 1.62 to 4.0 percent to advance refund $2,900,000 of Series 2011A, $7,220,000 of Series 2012B and $3,340,000 of Series 2013A pooled bonds. The bonds, issued at a premium of $7,343, are used to provide funds for debt service savings for the Commonwealth. The net proceeds were deposited in an irrevocable trust with an escrow agent to provide for future debt service payments on the refunded bonds.

The advanced refunding resulted in a deferred accounting loss of $206,722 for the University, which is being amortized to interest expense over the life of the next debt. At June 30, 2021, $184,171 of the deferred accounting loss is reported on the Statement of Net Position as a deferred outflow of resources. The defeasance will reduce the University’s total debt service obligation by $1,202,463 over the next 13 years. The debt service savings discounted at a rate of 1.144 percent for 2011A, 1.276 percent for 2012B and 1.391 percent for 2013A results in a total economic gain of $1,178,451.

For financial reporting purposes, these notes payables are considered an in-substance defeasance and have therefore been removed from the long-term debt payable line item of the Statement of Net Position. The assets in escrow have similarly been excluded.

Item:

Board of Visitors approval of the Radford University’s 2021-22 third quarter operating budget adjustment and review of the actual activity as of December 31, 2022.

Summary:

Due to the ongoing COVID-19 pandemic, the University has examined the fiscal impact on all available funding sources. Therefore, a third quarter budget adjustment is necessary to align revised revenue forecasts with authorized expenditure levels.

The far-reaching effects of the global pandemic have touched all facets of University operations including the Educational & General (E&G) operation, Sponsored Programs, Student Financial Aid Programs, and Auxiliary Enterprises. Fall 2021 revenue shortfalls associated with reduced service levels have been offset by Federal and State relief programs initiated to support Institutions of Higher Education during this unprecedented time. The impact of these factors is outlined by major program below.

An accompanying outline of adjustments is also provided in the 2021-22 Financial Performance Report (Schedule A) which summarizes the adjusted operating budget and related activity through December 31, 2022 and the Detailed University Operating Budget (Schedule B) which breakdowns the recommended adjustments.

Education and General (E&G):

The original 2021-22 revenue budget for E&G was forecasted at $145.5 million. The revised budget recommendation is $153.8 million, an increase of $8.3 million. The revised revenue forecast is reflective of the following adjustments.

**General Fund**
No general fund changes.

**Non-General Fund**
The University is estimating a $2.0 million decline in E&G revenue related to non-general fund business level factors. This estimate is based on actual summer and fall 2021 headcount and preliminary spring 2022 enrollment levels. Based on final census data, fall traditional enrollment on main campus was lower than forecast. Specifically, Fall 2021 enrollment for main campus was budgeted on a projected student headcount of 7,010, while actual headcount enrollment came in at 6,660, a decrease of 350 students or 5.0 percent. The University also experienced a decrease in Summer 2021 enrollment as compared to budget. The Radford University main campus revenue decrease of -$4.3 million is partially offset by a revenue increase for Radford University Carilion of $2.3 million.
Relief Funding
Higher Education Emergency Relief Funds (HEERF II and HEERF III) provided higher educational institutions COVID-19 relief funding, of which the University received $21.6 million for institutional relief and $16.9 million for student relief. The institutional relief funds will be utilized primarily to replace lost revenue in Educational and General (E&G) of $10.3 million and $11.3 million in Auxiliary Enterprises.

Miscellaneous
Higher education institutions will have the option to use available fund balances from other fund sources, including E&G, to support operations, increased costs or revenue reductions for auxiliary enterprise programs for the 2020-2022 biennium. Within these parameters the University will again defer the required indirect contribution from Auxiliaries for 2021-22, resulting in an E&G budget change of $5.4 million with a respective fund availability for Auxiliary budgets. This is consistent with the flexibility that was granted during the previous two fiscal years.

Refer to the Financial Performance Report (Schedule A) for a summary and the Detailed Operating Budget (Schedule B) for details on the proposed budget adjustments.

Student Financial Assistance (SFA):
The original revenue budget for SFA was $16.1 million. The revised budget is $39.8 million, an increase of $23.7 million. The revised revenue forecast is reflective of the following adjustments.

General Fund
General Fund appropriations for Virginia Military Survivors and Dependent Education Program, the College Transfer Grant program, and carryforward of graduate fellowship allocations increased by $79,200 over the originally budget amount. These are routine supplemental allocations that vary by year.
Relief Funding

The Coronavirus Aid, Relief, and Economic Security Act or, CARES Act, was passed by Congress and the bill allotted $2.2 trillion to provide fast and direct economic aid to the American people negatively impacted by the COVID-19 pandemic. Of that money, approximately $14 billion was given to the Office of Postsecondary Education as the Higher Education Emergency Relief Fund, or HEERF. The University portion of the HEERF II and HEERF III funding for 2021-22 is $16.9 for student financial aid.

Congress set aside approximately $3 billion of the $30.75 billion allotted to the Education Stabilization Fund through the CARES Act for the Governor’s Emergency Education Relief Fund (GEERF). The Department has awarded these grants to States (governor’s offices) based on a formula stipulated in the legislation. The University received $1.3 million in GEERF funding in 2020-21, and carried-forward $0.2 million into 2021-22. The University also received $0.9 million in GEERF II funding in 2021-22. The funding will be awarded as need based financial assistance.

The American Rescue Plan Act of 2021 (ARPA) State and Local Recovery Funds for Higher Education allotted $100,000,000 to the State Council of Higher Education for Virginia (SCHEV) for need-based financial aid for in-state undergraduate students from low- and moderate-income households at public institutions of higher education. The University’s portion of the 2021-22 funding is $5.6 million for student financial aid.

GEAR UP (Gaining Early Awareness and Readiness for Undergraduate Programs) is a $22 million seven-year grant funded by the U.S. Department of Education and administered by the State Council of Higher Education for Virginia (SCHEV). The program is designed to significantly increase the number of low-income students who are prepared to enter and succeed in postsecondary education. The University received $78,000 in GEAR UP funding in 2020-21, and carried-forward $60,000 into 2021-22.

Refer to the Financial Performance Report (Schedule A) for a summary and the Detailed Operating Budget (Schedule B) for details on the proposed budget adjustments.

Sponsored Programs:

The University’s portion of the Higher Education Emergency Relief Fund (HEERF II and HEERF III) for institutional need is $21.6 million in 2021-22. The University is recognizing that revenue and expense in sponsored programs.

Auxiliary Enterprises:

The original revenue budget for Auxiliary Enterprises was $70.0 million in revenue and $64.1 million in expense. The revised revenue budget is $78.0 million, an increase of $8.0 million. The revised expense budget is $61.1 million, a decrease of $3.0 million. These adjustments result in a $17.0 million increase in planned reserve contribution. The revised budgets are reflective of the following adjustments.

Non-General Fund

The University is estimating a decrease in auxiliary comprehensive fee revenue of $3.0 million related to the decrease in enrollment detailed in the E&G section above.
Relief Funding

As noted in E&G above, Higher Education Emergency Relief Funds (HEERF II and HEERF III) provided higher educational institutions COVID-19 relief funding, of which the University received $21.6 million for institutional relief and $16.9 million for student relief. The institutional relief funds will be utilized primarily to replace lost revenue in Educational and General (E&G) of $10.3 million and $11.3 million in Auxiliary Enterprises.

Coronavirus Relief Funds (CRF) provided higher education institutions COVID-19 relief funding. The University carried-forward $187,042 from 2020-21 into 2021-22.

Miscellaneous

Auxiliary Enterprise budget adjustments for decreases in Auxiliary Indirect contributions of $5.4 million as noted in the E&G section above. The budget is also being adjusted to reflect allocations for strategic investments.

Refer to the Financial Performance Report (Schedule A) for a summary and the Detailed Operating Budget (Schedule B) for details on the proposed budget adjustments.

Preliminary Financial Performance Report:

The Financial Performance Report (FPR) is more commonly presented at the September Board of Visitors meeting reflecting the prior fiscal year’s budget and actual financial activity. The FPR is generated from annual budget projections and actual accounting data recorded in Banner Finance. The actual accounting data is recorded using a modified accrual basis of accounting which recognizes revenue when received rather than when earned and expenditures when posted rather than when payment is issued.

As shown on the Financial Performance Report (Schedule A), the Original Budget of $240.5 million was approved by the Board of Visitors at the September 2021 meeting. The Revised Budget reflects 2021-22 recommended mid-year revenue adjustments totaling $61.8 million. While there are a number of factors that influenced the recommended mid-year adjustments they are primarily attributed to the following: COVID-19 relief funding and actual 2021-22 enrollment levels.

The revised budget of $302.2 million is sufficient to sustain University operations for the remainder of 2021-22. Actual expenditure activity through December 31, 2021 totals $127.6 million and is in line with expectations. The vast majority of the outstanding expense budget balance relates to anticipated third and fourth quarter compensation. At this time all programs are expected to come in within expected activity.
