ACADEMIC AFFAIRS REPORT
Interim Provost and Senior Vice President for Academic Affairs Marten denBoer began his report with updates on the Goals for 2022-2023.

Goal #1: Faculty Workload Optimization
Faculty are continuing to use their talents effectively by participating in student retention activities. For example, a study hall for communication sciences and disorders students and the math and statistics assistance center are being staffed by faculty. Faculty are also mentoring at-risk students in health and human performance.

Goal #2: Faculty Engagement in Student Recruiting
Faculty are engaging in student recruitment by attending home school conferences to reach the home school student population, mock trial participation and coordinating auditions and portfolio reviews in area high schools. Department of Physical Therapy and School of Social Work are allowing students to apply for early assurance admission.

Goal #3: Student Success
Dr. denBoer explained the undergraduate suspension policy and suspension appeal process. He presented data on full-time fall-to-spring retention rates for new freshman and new transfer students. The data showed new-transfer student retention had a modest improvement for Fall 2022.

Goal #4: Academic Affairs Budget Process
Empowering Deans to reallocate funds strategically and allowing them to prioritize new initiatives, savings strategies and one-time funding requests have been implemented to improve the budget process. Earlier budget development and timely faculty search approvals have also been implemented to improve the process.

Goal #5: Successful SACS Reaffirmation
Dr. denBoer introduced Dr. Jessica Stowell, the Director of Institutional Effectiveness and Quality Improvement, who presented an update on the SACSCOC on-site visit coming up March
27-30, 2023. Interviews and meetings will focus on off-campus sites, eight off-site findings, mandated on-site review-19 standards and the Quality Enhancement Plan (QEP). The QEP is called RISE: Realizing Inclusive Student Excellence. The RISE QEP seeks to improve student learning and success through faculty development and fostering campus belonging. There are two components:

1. The RISE Faculty Institute will provide faculty development in active learning and inclusive teaching practices to 20 faculty members a year for five years.
2. The RISE Community Action Teams (R-CATs), based in each college, will be made up of faculty and students who collaborate to create events intended to increase students’ sense of belonging.

ACADEMIC AFFAIRS INFORMATION ITEMS
A total of 34 faculty have been approved for promotion and five faculty members were awarded emeritus status.

FACULTY SENATE PRESENTATION
Faculty Senate President Kurt Gingrich provided an update on efforts to improve faculty and student retention. He also discussed the Faculty Senate Motion on LMS usage and how it pertains to the recommendation below to revise the Teaching & Research Faculty Handbook, Section 2.8: Class Administration.

ACTION ITEMS

Recommendation to Approve Tenure Recommendation for 2023-2024
Interim Provost and Senior Vice President for Academic Affairs Marten denBoer, Ph.D. presented the list of teaching and research faculty recommended for tenure for the 2023-2024 academic year. Following discussion, Dr. Fowlkes asked for a motion to approve the tenure recommendations for 2023-2024. Ms. Pompa so moved, Ms. Armentrout seconded, and the motion passed unanimously. A copy of the resolution is attached hereto as Attachment A and is made a part hereof.

Recommendation to Approve Revisions to the Teaching and Research Faculty Handbook, Section 2.8, Class Administration
Dr. denBoer presented a recommendation for changes to the Teaching and Research Handbook. The proposed changes require all faculty to make use of the university’s web-based learning management system (LMS). Specifically, and as minimum expectation, all courses that enroll five or more students must have an active course shell that includes the current course syllabus, which must include the course title, prefix and number, grading criteria, mode of delivery and course policies and expectation. It must also include an active gradebook in which students can see scores/grades for all work that has been graded in course. Following discussion, Dr. Fowlkes asked for a motion to approved the revision to the Faculty Handbook. Mr. Lawrence so moved, Ms. Pompa seconded, and the motion passed unanimously. A copy of the resolution is attached hereto as Attachment B and is made a part hereof.

Recommendation to Approve Changing the Name of the School of Nursing to the College of Nursing
Dr. denBoer presented a recommendation to change the name of the School of Nursing to the
College of Nursing. This change more appropriately aligns with the administrative structure of that academic unit and will align with the Teaching and Research Faculty Handbook, significantly reducing the number of revisions needed for that document. Following discussion, Dr. Fowlkes asked for a motion to approve the name change to College of Nursing. Ms. Snyder-Falkingham so moved, Mr. Lawrence seconded, and the motion passed unanimously. A copy of the resolution is attached hereto as Attachment C and is made a part hereof.

ADJOURNMENT
With no further business to come before the Committee, the meeting adjourned at 2:24 p.m.

Respectfully submitted,

Rhonda D. Conner
Executive Assistant to the Provost

THEREFORE, BE IT RESOLVED, that the Academic Excellence and Research Committee recommends that the Board of Visitors approves the faculty Tenure Recommendations listed above to become effective the beginning of the 2023-2024 academic year.
RESOLUTION TO AMEND THE
TEACHING AND RESEARCH FACULTY HANDBOOK

WHEREAS, All proposed changes to the Teaching and Research Faculty Handbook must be managed in accord with §5.0 of that handbook, and

WHEREAS, the authority to amend or revise the Faculty Handbook lies with the Board of Visitors. However, proposals for revising the Handbook may be initiated by faculty, administrators, the President, or members of the Board of Visitors. Revisions fall into two categories: (1) those required to ensure that the University is in compliance with state policies and mandates, and (2) those within the purview of the decision-making processes within the University, and

WHEREAS, revisions required to ensure that the University is in compliance with state policies and mandates, and that do not require a decision by University personnel, will be effected through an administrative update, with faculty being informed of the change and the reasons for it, and

WHEREAS, revisions within the purview of the decision-making processes in the University Internal Governance system will be considered by appropriate committees as defined by the Internal Governance system. Proposals for changes will be made in the form of text intended to replace a portion of the Teaching and Research Faculty Handbook, noting new language and striking out the old language, and

WHEREAS, it will be the Faculty Senate’s responsibility to ensure that the general faculty is provided time and opportunity to review the proposed change so faculty can communicate with their senators prior to any action by the Faculty Senate; and

WHEREAS, the Faculty Senate’s recommendations on proposed revisions to the Teaching and Research Faculty Handbook will be forwarded to and approved by the President. The Provost will forward the Faculty Senate’s recommendations to the Academic Excellence and Research Committee who will in turn make recommendations to the member of the full Board of Visitors; and

NOW, THEREFORE, BE IT RESOLVED, that the Academic Excellence and Research Committee recommends that the Board of Visitors approves, in accordance with §5.0 of the Teaching and Research Faculty Handbook, Section 2.8: Class Administration of the Teaching and Research Faculty Handbook as hereby amended. Said sections are to now read as follows:

 Motion to Revise the Teaching Responsibilities Language in the Teaching and Research Handbook
MOTION:

The Faculty Senate recommends the addition of language (red type) and the deletion of language (stricken through) in section 2.8 Class Administration of the T&R Faculty Handbook to read:

2.8 Class Administration
Faculty should meet all classes at the time and place indicated in the schedule of classes unless approval to change has been granted in advance by the Department Chair or Program Director and the Dean.

No classes are to be added or dropped except by the approval of the Chair or Program Director or Dean. Faculty members will inform students, in writing and in other media if appropriate to the course format, of their course requirements, attendance, and grading policies during the first week of the semester. Faculty members are responsible for submitting mid-semester grades for all students in all undergraduate courses as directed by the registrar. Students must be provided the opportunity to examine and discuss with their instructor all examinations, materials, and criteria used in the grading process.

Regardless of the mode of course delivery, all faculty are expected to make use of the university’s web-based learning management system (LMS). Specifically, and as a minimum expectation, all courses that enroll five or more students must have an active course shell that includes the following items:

1. The current course syllabus, which must include the course title, prefix and number, grading criteria, mode of delivery (e.g., online asynch, in-person, etc.), and course policies and expectations.
2. An active gradebook in which students can see scores/grades for all work that has been graded in course.

Original works prepared at student expense must be made available to the student at the conclusion of the semester during which the work was submitted.

Student examinations, papers, projects, and other materials used in determining grades should be retained by the professor for at least one semester after the course is offered unless these materials are returned to the student. All records of student grades should be retained and turned in to the Department Chair or Program Director upon leaving the employment of Radford University. A Change of Grade Form must be completed by the instructor and approved by the Dean before a grade can be officially changed in the Registrar’s Office.
RATIONALE:

Radford University students come to our institution with changing expectations with regard to teaching and learning. The professoriate also evolves, with changing expectations and understandings of what constitutes competent teaching. The current motion reflects the fact that the General Faculty of Radford University believe that access to a web-based course shell with the listed components constitutes a norm of transparency and communication that students are entitled to expect. This motion is deliberately written with sensitivity to the issue of academic freedom; the requirement is strictly focused on providing a standard of communication and transparency for our students and carries no implications for the conduct or content of any course.
RADFORD UNIVERSITY ACADEMIC EXCELLENCE AND RESEARCH COMMITTEE
MARCH 23, 2023

RESOLUTION TO CHANGE THE NAME OF THE SCHOOL OF NURSING TO THE
COLLEGE OF NURSING

WHEREAS, the School of Nursing was previously known as the College of Nursing and Health Sciences (circa 1990) and the name was later changed to Waldron College of Health and Human Services; and

WHEREAS, in 2021, the School of Nursing separated from Waldron College of Health and Human Services and now functions as a standalone college in all respects, resulting in seven colleges within the University; and

WHEREAS, this change more appropriately aligns with the administrative structure of that academic unit and will align with the Teaching and Research Faculty Handbook, significantly reducing the number of revisions needed for that document; and

WHEREAS, the change to a college with the proposed departmental structure has a net-neutral effect on the budget;

NOW, THEREFORE, BE IT RESOLVED, that the Academic Excellence and Research Committee recommends that the Board of Visitors approves to change the name of the School of Nursing to the College of Nursing;

BE IT FURTHER RESOLVED, that the President and/or designee(s) are hereby authorized to submit any and all documentation that may be required to receive approval of the name change to the State Council of Higher Education for Virginia (SCHEV) and the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC).
