Report from the Faculty Representative to the BOV

- Dr. Roth reported that it is a privilege to be representing such a great group of terrific faculty. Dr. Roth mentioned the recent Convocation ceremony and the faculty that were honored by getting prestigious awards. He also pointed out that Radford has a lot of faculty members doing great things who were not honored. Faculty surveys show low faculty moral, likely due to the events of a few years ago- department restructuring and departure from shared governance. Dr. Roth emphasized the importance of involving the stakeholders (faculty) in decisions that affect them and the University as a whole. He noted that another issue with faculty is their salaries, but that he was going to say more about this at the full board meeting tomorrow. Dr. Roth noted that he is looking forward to working with Dr. Minner and applauds his commitment to shared governance and the liberal arts. Dr. Roth noted that the Faculty Senate Executive Council has met with Dr. Minner since his arrival and had very productive conversations.

Some of the items the Faculty Senate will be working on this year are:

- the Core Curriculum
- internal governance
- distance learning issues (Desire to Learn, D2L)
- recruitment of faculty for online courses and how online courses will affect faculty workloads

Dr. Roth noted that the faculty senate also will be working with Dr. Minner to look at student evaluations of faculty and they look forward to working with the Quality Enhancement Plan-Writing Team (SACS).
