Budget Development Process Overview

Budget Development for each division involves three components each year involving E&G and Auxiliary funds where Division Heads may work with their division to:

1) update their respective Six-Year Strategic plans,
2) provide detailed budgeting requirements for the upcoming fiscal year’s new initiatives, and
3) re-allocate base discretionary budgets.

The Office of Budget and Financial Planning (OBFP) provides instructions and training during January Our Turn each year on how to complete component three of the Budget Development process using the Budget Development Module (BDM) in Self Service Banner (SSB). The detailed instructions will also be made available during this time each year on the OBFP’s website under Resources.

The module will allow divisions to review and submit requests to reallocate E&G and Auxiliary base discretionary budgets for upcoming fiscal year in an effort to help reduce the number of budget transfers needed during the fiscal year. As an efficiency measure, divisions are asked to incorporate this component in their internal budget development process. As a result, divisions may have additional instructions and/or deadlines that differ from those provided in these instructions.

Self Service Banner Budget Development Module

General Information

The SSB-BDM will enable authorized Banner Finance users to query and update their respective E&G and Auxiliary base discretionary budgets for the upcoming fiscal year. Banner Finance users will be able to reallocate base discretionary budgets using a user-friendly worksheet in this module. The adjustments made through this module are permanent, thereby mitigating the need to continually perform one-time budget transfers throughout the fiscal year.

The FY 2022 base discretionary budgets were calculated using the FY 2021 original base discretionary budget plus/minus any authorized permanent adjustments.

Each year in January, the OBFP will notify each Division Head by email when the module is available to divisions. The notification advises the Division Head to apprise the appropriate personnel in the Division when the module is available along with any instructions and deadlines that must be followed specific to the Division, and to review all Division reallocation requests to ensure the total base discretionary budget allocation for the Division has not been impacted and all changes submitted are acceptable by the deadline.

Please note that SSB-BDM should be used only to redistribute E&G and Auxiliary base discretionary budget allocations. New funding requests will not be accepted through this process.

Reallocation requests must be submitted electronically via the SSB-BDM to the OBFP by Friday, February 26, 2021. After this date, no additional changes can be made within the SSB-BDM.

If you have any questions regarding these procedures, please contact the OBFP at 831-5760.

To see the History of changes, left click on the Account Code under Proposed Budget amount. A box will display the history as shown in the example below.

To exit – click Close Window – and return back to the Budget Development Worksheet or Query.
Organization Lock: (Deans/Directors/Department Heads and Division Heads Only)

The **Maintain Organization Lock Out** option is used to prevent (lock) or permit (unlock) changes to the Budget Development Worksheet. The locking process has a cascading effect; when you lock or unlock at the division level (higher organization), the others beneath it are locked or unlocked also. If you have questions about division level hierarchy, please contact your respective OBFP budget manager.

Division Heads will be given access to lock-out their respective organizations from making changes based on their needs to review and revise budgets prior to the final deadline. Division Heads will need to notify departments of Division deadlines to submit changes in SSB.

When the Division Head locks down the budget table, the Banner Finance user will not have access to make further changes (only query access will be available). If additional adjustments are needed, the Division Head can temporarily unlock a specific organization.

On the identified deadline date, the OBFP will lock-out all Banner Finance users to reconcile and begin finalizing the budget development process.

**Follow these steps to lock/unlock an organization:**

From the main Finance Budget Development menu, click Maintain Organization Lock.
To lock down an organizational unit, enter the following parameters:

- **Chart of Accounts**: R
- **Budget ID**: FY2022
- **Budget Phase**: 22XNPS
- **Organization**: highest level organization you intend to lock down (Dean, Director, Department or Division Head)

Click **Change Status** to Lock/Unlock and **Update**
Click **Return to Parameters** which will return you to the Maintain Organization Lock menu (screen shot previously shown).

Clicking **Submit** again without changing the parameters on the Maintain Organization Lock menu will allow you to see the updated status.
When an organization is locked, a message will display in the Worksheet that no changes are allowed except by those who have authorization (shown below).
