**WHAT IS RESPONDUS LOCKDOWN BROWSER?**

LockDown Browser is a locked browser for taking quizzes using Brightspace by D2L. It prevents you from printing, copying, going to another URL, or accessing other applications during a test. If a D2L test requires that Respondus LockDown Browser be used, you will not be able to take the test with a standard web browser.

LockDown Browser should only be used for taking quizzes in D2L. It should not be used in other areas of D2L. Download the latest [Respondus LockDown Browser](https://d2l.com) from D2L prior to logging into D2L or follow the steps below.

**USING WITH A WEBCAM (RESPONDUS MONITOR)**

You may be required to use LockDown Browser with a webcam, which will record you during an online, non-proctored exam. (The webcam feature is sometimes referred to as "Respondus Monitor.")

Your computer must have a functioning webcam and microphone. A broadband connection is also required.

If an exam requires LockDown Browser and a webcam, follow steps 1-5 in the previous “Taking A Test” section. At this point the Startup Sequence for the webcam begins.

- You will first need to review and agree to the Terms of Use.
- The **Webcam Check** will confirm that your webcam and microphone are working properly. The first time the Webcam Check is performed on a computer, Adobe Flash Player will require you to select **Allow** and **Remember**.
- The remaining steps of the Startup Sequence will depend on settings chosen by your instructor. Follow the instructions and note your progress along the top of the screen.
- If you encounter a problem, select the **It's not working** link for troubleshooting tips.

The test will begin after the Startup Sequence is complete. You cannot exit LockDown Browser until the test is submitted for grading.

**PROBLEMS?**

If you have problems downloading, installing, or taking a test with Respondus LockDown Browser, contact the Technology Assistance Center at 540-831-7500 or stop by Walker Hall 153 for walk-in support Monday through Friday 8 a.m. - 4:45 p.m.
