Minutes
July 17, 2012

Members Present: J. Fox, K. Gainer, M. Hrezo, L. Jacobsen (chair), J. Kopf, R. Roth

1. The council was called to order at 1:05 p.m.
2. The minutes of the preceding meeting were approved.
3. The council directed that the secretary send out an email notice to the Faculty Senate when minutes are posted.
4. The council reviewed and approved the schedule of senate and committee meetings for Fall 2012.
5. The council directed the chair and secretary to schedule meetings for Spring 2013.
6. The council asked that the chair request the following clarifications of the proposed Radford University Credit Hour policy: What are the actual hours/weeks encompassed by a “semester”? How will this policy take into account asynchronous/ hybrid/online courses? How will “direct faculty instruction” be defined?
7. The council also asked the chair (1) to request that both the FSEC and the ad hoc committee on online courses be consulted during the ongoing process of developing a policy and (2) to monitor the process of constituting the ad hoc committee, including following up to make certain that the deans hold elections for college representatives.
8. The council took up the suggestion that assessment be expedited for the purpose of providing data to SACS. It was agreed that Bethany Bodo, Chuck Vehorn, and Pat Shoemaker would be invited to the next meeting for a discussion of relevant internal governance issues, as well as a discussion of whether expedited assessment would be feasible, given time constraints.
9. The chair reported on the Core Curriculum meeting that had been mandated by the Faculty Senate at the end of the Spring Semester. The following participated in the discussion: Laurie Cubbison, Margaret Hrezo, Laura Jacobsen, Sam Minner, Stephen Owen, and Chuck Vehorn. The council advises that this group continue to meet and that it address the following issues: gaps in the standardization of courses; problems in establishing equivalency between Core courses and courses taught at other schools, resulting in problems for students attempting to transfer in or transfer out; and questions as to where the program would best be housing and staffed.
10. The council began the process of setting priorities for the 2012-2013 years. The following goals were suggested:
   • reforming internal governance,
   • addressing the Core Curriculum issues listed under Item 9,
   • meeting the university community’s child care needs,
   • following up on the accessibility forums,
   • clarifying how online courses are to be handled, including the areas of student evaluations, faculty workload and pay policies,
   • developing recommendations for a revised summer school funding model,
   • developing recommendations for correcting salary inequities,
   • considering department chair term limits,
   • developing family-friendly policies (e.g., stopping the tenure clock),
• considering adjustments to the university calendar (e.g., considering fall break and/or MW/TH scheduling possibilities), and
• considering a plus/minus grading system.

11. The meeting adjourned at 4:05 p.m.
Faculty Senate Executive Council
Minutes
July 24, 2012

Members Present: J. Fox, K. Gainer, M. Hrezo, L. Jacobsen (chair), J. Kopf, R. Roth

Guests: B. Bodo, S. Minner, C. Vehorn

1. The council was called to order at 1:01 p.m.
2. The minutes of the preceding meetings were approved.
3. Bethany Bodo, Director of Academic Assessment, reported on the SACS recommendation that RU provide evidence of outcome achievement in all eleven Core Curriculum areas. Currently RU has provided information on four of the eleven. Outcomes in Areas 1-4 have been assessed once and additional scoring is taking place. Areas 5 and 6 were assessed during the spring semester and assessment will continue in the fall. Assessment plans for Areas 7-9 have been approved and are ready to be put into effect. Areas 10 and 11 were not due to have plans completed, but Ms. Bodo will work with faculty to develop them. (Dr. Hrezo observed that History does have an assessment plan.) Courses in Health and Wellness and Foreign Languages are not part of the Core Curriculum, but SACS has requested data on outcomes in those areas. Ms. Bodo further reported that she will be meeting with chairs to convey the SACS request and to discuss how the request may be met.
4. After discussion of the above, the following motion was passed by the FSEC: In response to initial feedback from SACS that identifies gaps in available data, and after discussion with the provost, the Office of Assessment, and the chair of CCAC, the FSEC strongly encourages departmental cooperation in providing as much assessment data as possible by the end of January 2013.
5. Provost Minner informed the Council that he would initiate meetings with chairs to facilitate the process of responding to the request from SACS.
6. The Provost reported on enrollment for the upcoming semester. In spite of larger freshman classes, RU’s performance over the last decade has been “pretty flat” in terms of retention, graduation, and students’ academic profiles.
7. Dr. Jacobsen suggested that information about the “360” review of the administration be shared with faculty. Provost Minner agreed that this would be a good idea and briefly described the purpose and method of the review. It is intended to be developmental, and the “360” refers to the fact that the review provides a panoramic view of an administrator by allowing for responses from multiple individuals.
8. Dr. Jacobsen reported that President Kyle has approved the faculty’s request for faculty participation on the President’s Cabinet and that, as chair of the FSEC, she has been invited to the next meeting.
9. Dr. Jacobsen reported that the Council for Review on University Policies met on Friday, July 20, to initiate the process of updating the Faculty Handbook to reflect motions passed by the Faculty Senate and approved by the Board of Visitors. Eight changes dating from 2010-2011 were authorized. Vickie Taylor, Executive Assistant to the Provost, will make the edits, and the CRUP will review the edits for accuracy. This fall,
two additional motions from the previous Faculty Senate that would affect the Handbook will be communicated to the President and the Board of Visitors.

10. Dr. Jacobsen reported that she and Dr. Fox met with Dr. Niels Christensen, Professor of Psychology, to discuss the previous salary study. Dr. Minner recommended that the faculty not lock itself into a specific strategy. Instead, he suggested a resolution to the effect that whenever an opportunity arises to make adjustments from internal funds, an ad hoc committee be created that would make recommendation on the issue in timely fashion. He stressed that “timely” would be a major factor in case such an opportunity arose.

11. In the absence of Dr. Pat Shoemaker, who had been invited to the meeting but was unable to attend, the council decided to leave the proposed credit hour policy on the table, but relevant documents were distributed, and Dr. Jacobsen conveyed Dr. Shoemaker’s clarification as to why the proposal referenced fifteen weeks of classes rather than fourteen (examination weeks are counted in determining semester length). The council did discuss the importance of raising this issue with the task force on online courses.

12. The council discussed the membership on the Internal Governance Leadership/Writing Team. The following individuals will serve on the team initially, and future changes and additions may be made:
   - Erin Webster-Garrett, Provost’s Office
   - Laura Jacobsen, Faculty Senate President
   - Ashlee Claud, AP Senate President
   - Sam Shumate, Staff Senate President
   - Steve Owen, Former Faculty Senate President

Dr. Jacobsen will create a draft of committee charges for review by the FSEC.

14. The council adjourned at 4:05 p.m.

August 20, 2012

Members present: J. Fox, K. Gainer, M. Hrezo, L. Jacobsen, J. Kopf, R. Roth

Guest: S. Minner

1. The council was called to order at 1:04 p.m.
2. The minutes of the preceding meeting were approved.
3. The following announcements were made by Dr. Jacobsen and Dr. Minner:
   
   - As a result of recommendations arising from the 360 review of the administration, several administrators in Academic Affairs will be co-located in Martin Hall.
   - Faculty are being asked to volunteer in three shifts during freshman move-in. Numerous events are planned for opening weekend, including a convocation for freshmen to be held Sunday, August 26, on the themes “The Right to Roam” and “Your RU Story.”
   - The FSEC has received copies of a revised First Amendment policy that it will address during the coming weeks.
   - Regarding integrated semester experiences, instead of a generalized RFP, deans will be asked to identify one member from each college who would be interested in working collaboratively with other colleagues to offer courses with a shared theme. The call to the deans would go out this fall, the faculty would plan the collaborative courses this spring, and the earliest the collaborative program would be offered would be this summer.
   - RU will be overhauling its Honors Academy as at the moment the program has no documented impact on the recruitment and retention of students. One possibility is that the program will institute higher standards for admission and become smaller.
   - In International Education, RU will explore partnerships with Brazil and Cuba. Overall, IE will move toward diversifying opportunities in the areas of foreign exchange programs and transfer credit agreements. The emphasis will be more on immersion and less on the model of an instructor taking a class abroad.
   - Steve Lerch will be serving as Interim Coordinator of Retention.
   - A search firm will be involved in the process of hiring a Vice Provost for Enrollment and Management.
   - Forty applications were received for the position of Assistant Vice Provost for Assessment. Seven applicants will participate in phone interviews.
   - Planning for the provision of child care is moving forward. Dr. Jacobsen is phasing out her involvement in favor of functioning as a liaison. The following will continue to serve as co-leaders in this effort:
     - Agida Manizade (faculty—will coordinate the team’s efforts; for fall semester she has one course reassigned),
     - Bethany Mott (staff), and
     - Sandy Beland (staff).
-  *Re* Internal governance reform, a team is in place, and consultant Rod Smolla will return to campus October 25-26 and has been invited to the October 25th Faculty Senate meeting. The following are the team members:
  - Erin Webster-Garrett, Internship in Provost’s Office,
  - Laura Jacobsen, Faculty Senate President,
  - Ashlee Claud, AP Senate President,
  - Sam Shumate, Staff Senate President,
  - Steve Owen, Former Faculty Senate President,
  - Dennie Templeton, Former AP Senate President,
  - Pam Caldwell, Former Staff Senate President,

  - Pat Shoemaker, Academic Affairs Leadership Team Representative, and
  - Emily Redd, SGA President.

5. The council considered and rejected an amendment to the motion to constitute the QEP Steering Committee as an IG committee that would have allowed the standing QEP committee to alter its own membership.

6. The council discussed the desirability of including a representative of the library on the task force on online education. Dr. Hrezo volunteered to write a motion to that effect.

7. The council adjourned at 2:41 p.m.

3. The council discussed summer school pay models, including one outlined in the proposed "Summer Pay Structure and Formula for CVPA Faculty." Discussion will resume at the next FSEC meeting.
4. Steve Helm provided background information about the process that led to the proposed First Amendment policy. After discussion, the council approved the following Resolution: The FSEC opposes the First Amendment policy recommendation dated August 2012 because it places too many restrictions on free speech. December 3, 2012

Members present: Jake Fox, Kim Gainer, Margaret Hrezo, Laura Jacobsen (chair), Jerry Kopf, Rick Roth

Guests: Laurie Cubbison, Sam Minner

1. The meeting was called to order at 8:34 a.m.
2. The minutes of the preceding meeting were approved as read.
3. Dr. Laurie Cubbison, director of the Core Curriculum, reported on the process of revising outcomes and objectives that began in response to pilot assessments of the program. A draft of new outcomes has been completed and meetings have taken place with instructors to design objectives in keeping with the revised outcomes. The next stage will include the revision of syllabi and the design or modification of assignments consistent with the revisions and to draft new syllabi. She also reported that the university is preparing to hire assessors to work with last year’s data. Materials will be assessed using both old and new rubrics. When completed, the university will have data from the pilot assessment, from last year's assessment, and from this year’s assessment. Dr. Cubbison also reported on progress toward an etextbook. Combining material from all four University Core A courses in one super-sized print handbook has proved to be a problem; at the same time, certain topics, such as ethics, are not covered adequately. The plan is to complete the process of revising outcomes, objectives, and assignments, and then to map the results to the planned etextbook. Planned release is Fall 2014. In response to a question regarding the use of the etextbook in department courses equivalent to CORE 201:202, Dr. Cubbison observed that the resources in the etextbook would address skill sets in CORE 201:202 equivalents regardless of content area. Dr. Cubbison also observed that one goal of creating an etextbook divorced from the current publisher is that the cost would go down so significantly that instructors should feel free to assign additional content-specific textbooks.

4. Dr. Minner reported on a meeting on the six-year plan at which President Minner, Mr. Alvarez, the vice presidents, and the deans were present. President Kyle talked about what she was tasked to do by the BOV, and Mr. Alvarez talked about the fiscal environment and the need to have the six-year plan ready by February 8, 2013. Topics discussed included recruitment, retention, and facilities. There was discussion as to why no faculty representatives were present. Dr. Minner reported that nothing was set at this meeting. He also stated that the six-year plan could be viewed as a funding opportunity and that the university is looking to hire a consultant on advancement. Areas that may be addressed could include retention advances and a capital campaign. Dr. Minner observed that if the university continues to expand health and allied health, there will be space issues that have to be addressed.

5. The council selected a group of five universities as benchmarks for COACHE: Appalachian State (peer institution), East Carolina, UVA, Western Carolina (peer institution), and VT.
6. The council discussed a motion to revise the interdisciplinary studies major within the college of humanities and behavioral sciences.

7. A question was raised about progress toward a new summer school policy. Dr. Minner reported that it was on the agenda for an AALT meeting later that week. For the coming summer, it looks as if the deans will stipulate their own processes for determining whether courses make or not.

8. The meeting adjourned at 10:02 a.m.

Members Present: Jake Fox, Kim Gainer, Margaret Hrezo, Laura Jacobsen (chair), Rick Roth

Members Absent: Jerry Kopf

Guest: Laurie Cubbison

1. The meeting was called to order at 10:35 a.m.
2. The Faculty Senate budget was discussed. The council agreed to request $1,000 for travel and $300 for printing. The council also agreed to request the assignment of a graduate student for five hours per week.
3. Dr. Cubbison, director of the Core Curriculum program, reported on the progress of the staffing plan. Her calculations of the cost of the program begin with Fall 2010, the point from which a full complement of University Core A courses has been offered each semester. She has been looking at everyone who has taught in University Core A, whether on the 100 or 200-level. The apparent budget deficit this year resulted from the fact that 100 and 200-level courses have never been administered by the same unit and money for the two levels was parked in different categories, although they were calculated under the same budget by the Office of Budget and Financial Planning. Dr. Cubbison is also factoring in stipends for graduate students who teach on the 100-level, as well as the costs for faculty development. Some of the technical issues she is dealing with as she prepares the proposal are the need to rely on admissions projections, such as for transfer students this semester, and the need for account for variations in the cost of backfill, which varies by college. When costs have been determined, the goal of the staffing proposal will be to achieve staffing stability, perhaps in part through the creation of Special Purpose positions.
4. The council discussed the revised Core Curriculum assessment plan forwarded by Bethany Bodo and agreed to introduce it as new business at the January 24th senate meeting. In the interim, Dr. Jacobsen will contact Ms. Bodo to ask by whom and for what reason the determination was made that that the current assessment plan is too expensive.
5. Dr. Jacobsen distributed copies of the five bills that the Faculty Senate of Virginia would like to see introduced in the General Assembly: a bill calling for partial tuition waivers for dependent children of university and college faculty, a bill allowing certain ORP participants to purchase service credit in the VRS, and bills mandating the appointment of faculty representatives to college and university boards, to the SCHEV, and to the Commission on Higher Education. The council voted to endorse these five bills and to put them on the agenda for the January 24th senate meeting.
6. The meeting adjourned at 11:34 a.m.

Members absent: Margaret Hrezo

1. The meeting was called to order at 1:05 p.m.
2. The minutes of the December 3, 2012, and January 7, 2013, meetings were approved as read.
3. Dr. Jacobsen reported that Connie Phillips recommends asking for a graduate assistant for ten-hours rather than five-hours. Total budget requested will be $1,400.00 (an additional $100 was requested for printing). Dean Grady and Associate Dean Nora Reilly will handle the request for a graduate assistant.
4. The council decided that a retreat at Selu should be held for the incoming senate sometime in mid-August and that a social event should be arranged to bring together the faculty senators and the members of the Board of Visitors. Dr. Jacobsen will contact Connie Phillips to make arrangements for both.
5. The council discussed but did not finalize the agenda for the January 24, 2013, Faculty Senate meeting. Bethany Bodo replied to Dr. Jacobsen’s questions about the issue of scaled-back assessment budget and would like an opportunity to report to the senate.
6. Dr. Ebenezer Kolajo, Assistant Vice Provost for Assessment, may attend the February 7, 2013, meeting of the Faculty Senate.
7. Dr. Jacobsen discussed with the council items to be covered in her January reports to the BOV. IG reform will be one item. Dr. Jacobsen reported that Dr. Smolla, consultant on IG reform will be meeting with the BOV. Dr. Jacobsen may also talk about the COACHE survey, including the high faculty response rate, and the issue of low salaries, including the effects on morale and on hiring and retaining faculty.
8. The council agreed that more data was needed on salary. Dr. Jacobsen will contact Debra Templeton to request information on salaries as compared to peer institutions, by rank. Dr. Kopf stated that he would check with the Resource Allocation Committee as to what data it had already collected.
9. The meeting was adjourned at 2:30 p.m.
Members present: Jake Fox, Kim Gainer, Margaret Hrezo, Laura Jacobsen (chair), Jerry Kopf

Members absent: Rick Roth

1. The meeting was called to order at 11:00 a.m.
2. The minutes of the January 14, 2013, meeting were approved as amended.
3. Dr. Jacobsen informed the council that the Faculty Senate has approximately $2,000 left in its budget.
4. The council agreed to continue to look into holding a social with the BOV.
5. The council discussed and approved the senate agenda for January 24, 2013. Bethany Bodo, Director of Academic Assessment, will attend. Ebenezer Kolajo, Assistant Vice Provost for Academic Assessment, will attend the February 7, 2013, senate meeting. Ms. Bodo would also like to be present at the February 7 meeting.
6. Dr. Jacobsen reported on two subjects discussed in the latest cabinet meeting. The president requests that faculty submitting travel requests adhere strictly to all requirements. Schedules for part-time hourly employees must be restricted to 28 hours a week to avoid the 30-hour threshold at which the university would have to cover health benefits. Schedules for adjuncts may not exceed nine credit hours.
7. The council discussed the demolition of Fairfax Hall and whether faculty should be consulted on decisions affecting historic buildings. The faculty has representation on the Building and Grounds Committee. Dr. Jacobsen will check with Dr. Lynn Zoch as to whether this committee was involved in any decisions regarding Fairfax Hall.
8. Dr. Jacobsen announced that Joe Carpenter, the new Vice President for University Relations, would begin work February 1, 2013.
9. The council discussed the potential impact of online courses on the university. The council agreed that the university needs to be able to argue that it is adding value through offering such courses. This added value must be assessable. The council would like to set up time to talk about this issue, possibly inviting someone from the task force on online courses, such as David Daugherty, to attend an FSEC meeting.
10. Dr. Jacobsen announced that the Association of Governing Boards would have a representative at the January 28-29, 2013 meeting of the BOV and that Rod Smolla, consultant on internal governance, would also attend.
11. The meeting adjourned at 12:30 a.m.

Minutes
February 4, 2013

Members present: Jake Fox, Kim Gainer, Margaret Hrezo, Laura Jacobsen (chair), Jerry Kopf, Rick Roth

Guests: Sam Minner

1. The meeting was called to order at 10:30 a.m.
2. The minutes of January 21, 2013, were approved with one amendment: the removal of Item 8.
3. Dr. Jacobsen gave a report on the BOV meeting. Rod Smolla, internal governance consultant, met with the full BOV for one and a half hours. In addition to discussing internal governance reform, the BOV discussed the budget and possible revenue streams.
4. Dr. Jacobsen reported that only one measure is currently advancing through the General Assembly: the proposal that one nonvoting faculty member and one nonvoting student sit on each BOVs, an arrangement that Radford has already adopted. Regarding the proposed 50% tuition waiver, it is possible that institutions will be authorized but not required to offer such a waiver.
5. Dr. Minner reported that this fall’s freshman class consisted of 2,037 students and that overall enrollment growth will result as smaller classes graduate. Radford’s target for the next several years is incoming freshmen classes in the range of 2,025-2030 students. Dr. Minner also reported that there was a record enrollment of African American students this fall and that the number of first generation students is up, too.
6. The council agreed that Richard Alvarez, Vice President for Finance and Administration, should be invited to report on the financial situation and Radford’s options.
7. Bob Sheehy distributed a draft report on online education at the Faculty Senate Curriculum Committee. Issues identified include class size and assessment. Discussion will continue about best practices in view of financial challenges and will try to answer the question of what strategic initiatives will help us survive.
8. The council approved the agenda for the February 7, 2013, meeting of the Faculty.
9. The council discussed the impact of the Affordable Care Act on part-time employees. The council agreed on the wording of a motion to bring before the Faculty Senate and agreed to move to suspend the rules to allow for immediate discussion of the motion.
10. The council discussed the demolition of Fairfax Hall. Dr. Jacobsen reported that according to John Cox, the head of Foundation, the Foundation owned the building.
11. The meeting adjourned at 11:50 a.m.
Members present: Kim Gainer, Margaret Hrezo, Laura Jacobsen (chair), Jerry Kopf, Rick Roth

Members absent: Jake Fox

Guests: Christina Brogdon, Laurie Cubbison, Sam Minner

1. The meeting was called to order at 10:30 a.m.
2. The minutes of the February 4, 2013, meeting were approved as read.
3. The council discussed the implementation of the Affordable Care Act with Christina Brogdon, Executive Director of Human Resources and Chief Officer. She informed the council that the university has been instructed to implement restrictions on part-time employee hours immediately on the assumption that the bill before the General Assembly will be approved. She also informed the council that, although there is a great deal of uncertainty as to how the bill will be implemented, the distinction between part-time and full-time status was likely to be determined on the basis of the average of hours worked from January 1st to December 31st. Ms. Brogdon reported that this semester fifty-seven adjuncts are teaching four or more courses. She further reported that adjuncts whose course loads at Radford are restricted may not pick up courses at other state schools, such as the NRCC, if by doing so they exceed the twenty-nine hour per week cap. The council asked whether an adjunct who teaches four courses in the Spring and four in the Fall but none in the Summer would be considered to stay within the twenty-nine hour maximum in terms of the annual average. There is as yet no clear answer to this question as implementation of the bill is still being worked out.
4. The council discussed ways in which an adequate number of seats in Core and departmental courses may be offered if the General Assembly bill passes. Options discussed included the following:

   i. raise course caps to reduce the number of sections required
   ii. raise course caps and hire graders
   iii. raise course caps so that adjuncts are teaching more students per section but simultaneously pay more per course
   iv. staff more sections with graduate students
   v. create SPF positions
   vi. encourage tenure/tenure track faculty to take on overloads
   vii. encourage tenure/tenure track faculty to offer online courses in the summer
   viii. increase summer offerings by tenure/tenure track faculty
   ix. in the case of University Core A, encourage faculty to offer departmental courses that fulfill Core outcomes and are approved for University Core A credit
   x. in the case of University Core A, apportion sections of CORE 201:202 in terms of the number of faculty in each college
xi. reduce number of low-enrolled upper division courses offered each semester and shift faculty into other courses, including CORE 201:202 and, in the case of the Department of English, CORE 101:102

xii. reduce number of elective upper division courses offered each semester and shift faculty into necessary courses, including CORE 201:202 and, in the case of the Department of English, CORE 101:102

xiii. reallocate money from elsewhere in the budget to cover instructional costs

5. The council began drafting a motion that would create a process for approving University Core A credit for departmental courses.

6. The council adjourned at 11:40 a.m.

Because these motions would have an impact on registration for fall semester, the council agreed that senators should be asked to approve taking up these motions ahead of several that had been introduced earlier in the year.
4. Ms. Bodo and Dr. Kolajo reported to the council on the potential impact of one motion with regard to assessment and accreditation, and Dr. Minner made some remarks regarding both accreditation and staffing.

Guests: Sam Minner

1. The meeting was called to order at 10:35 a.m.
2. The council discussed the retreat to be held in August before the start of the semester and agreed that half of the retreat should be devoted to a discussion of the Core Curriculum.
3. The council discussed the university’s lack of resources with regard to the Core Curriculum and other programs.
4. The council discussed the motion introduced by the Governance Committee to create a new rank for veteran special purpose faculty. The committee agreed that the motion should specify language for the Handbook and the section where that language would be inserted. Dr. Jacobsen will contact the chair of the committee to suggest that the committee develop substitute motion in time for the April 11, 2013, senate meeting.
5. The council discussed the motion introduced by the Governance Committee on the terms and evaluation of department chairs and school directors. Some members asked whether the motion should in fact be divided into two motions and whether terms limits for chairs and directors should be specified. It was agreed that these matters should be left for discussion and possible amendment from the floor.
6. The council discussed class size and the results from the Cooperative Institutional Research Program (CIRP) survey in which graduating seniors report a relatively high degree of High Faculty Interaction.
7. Dr. Jacobsen reported that in her remarks to the BOV she plans to stress the need for a tuition increase.

2. The minutes of the April 1, 2013, meeting were approved as read.
3. The agenda for the April 11, 2013, Faculty Senate meeting was discussed and approved.
4. The Foreign Language proposal was discussed. It was agreed that the proposal would need to be approved by all the colleges as the proposal affects B.A. requirements university-wide and not just graduation requirements within the College of Humanities and Behavioral Sciences.
5. The COACHE survey was discussed, including the importance of faculty access to the results and the need for it not to be seen as an administrative initiative.
6. The CIRP survey was discussed, including the manner in which results should be communicated to the faculty.
7. The council discussed possible content for Dr. Jacobsen’s upcoming report to the BOV.
8. The meeting adjourned at 11:25 a.m.
1. The meeting was called to order at 11:34 a.m.
2. The minutes of the meeting of April 8, 2013, were approved as read.
3. The chair stated that members of the 2013-2014 Faculty Senate should be asked to arrive at 4:30 on Thursday, May 2.
4. The council discussed the possibility of the provost sharing at least the general rankings of budget requests within Academic Affairs in order to eliminate the spread of misinformation through informal channels.
5. The council discussed Dr. Jacobsen’s upcoming presentation to the BOV. Tentatively, she plans to discuss the escalation of costs at Radford above and beyond the rate of inflation and to suggest that the escalation is not caused by the cost of faculty, which has remained flat over the past ten years. She also plans to point out that the decline in state funding is largely responsible for the gap between costs and funding. Dr. Kopf will contact Mr. Alvarez to request two or three slides to illustrate these points. Dr. Jacobsen also will bring to the BOV’s attention the salary (60th percentile goal) and FTE motions.
6. A period for open comments will be set aside at the conclusion of each BOV committee meeting. The council discussed encouraging faculty to participate, such as announcing the opportunity at senate meetings, sending out emails, asking committee chairs to send out emails, and sending emails to the senate as a whole. The council also discussed amassing examples of ways in which the university has been adversely affected by underfunding, including losing potential hires because of an inability to compete with salaries offered by other universities.
7. The council discussed the possibility of setting up an informal meeting with the BOV and President Kyle, such as a meeting over breakfast.
8. The council agreed to continue on Dr. Kopf’s summer school proposal over the summer, with an eye toward referring the matter to the Governance Committee for development of a motion for changes to the Handbook.
9. The council discussed the issue of professional development and uncertainty over what changes are being asked of faculty and who is affected.
10. The meeting adjourned at 11:50 a.m.
