8VAC20-23-530. Special education deaf and hard of hearing preK-12.

Endorsement requirements. The candidate shall have:

1. Earned a baccalaureate degree from a regionally accredited college or university and graduated from an approved teacher preparation program in special education deaf and hard of hearing; or

2. Earned a baccalaureate degree from a regionally accredited college or university and completed a major in special education deaf and hard of hearing or 27 semester hours in education of students who are deaf and hard of hearing distributed in the following areas:

   a. Foundations: 3 semester hours. Includes knowledge of the foundation for educating students with disabilities; historical, ethical and legal aspects that include understanding and application of the regulatory requirements; and expectations associated with identification, education, and evaluation of students with disabilities.

   b. Characteristics: 3 semester hours. Includes the ability to demonstrate knowledge of etiologies of hearing loss, definitions characteristics, learning, and support needs of students who are deaf and hard of hearing from pre-K through secondary levels, who may be using various communication modalities/languages and who may have additional disabilities.

   c. Assessment and evaluation: 3 semester hours. Includes an understanding and application of the foundation of assessment and evaluation related to best practices, including types and characteristics of assessments, formal and informal assessment and the use of assessment information to determine special education eligibility and inform service delivery, curriculum, accommodations, instructional methods, and student progress. Understanding comprehensive evaluation requirements, participation of students with disabilities in state and local accountability systems, assessment options, appropriate testing accommodations, and assessment of students from diverse backgrounds.

   d. Instructional planning: 3 semester hours. Includes the following:

      (1) Familiarity with individual family service plans (IFSPs).

      (2) An understanding and application of development and implementation of the individualized education program (IEP) including service delivery, curriculum, and instruction of students who are deaf and hard of hearing and in transition.

      (3) Knowledge of the general curriculum requirements and expectations and how to provide access to the curriculum based on student characteristics and needs.

      (4) Ability to assess, interpret data, and implement instructional practices to address the identified needs of the students. Skills in this area include the ability to identify, understand, and implement a range of specialized instructional strategies and research-based interventions that reflect best practice in instruction for students who are deaf and hard of hearing.

      (5) Ability to align the instructional practices and intervention with the Virginia Standards of Learning and state assessments.

      (6) Ability to develop and use curriculum-based and standardized assessments to conduct ongoing evaluations of instructional materials and practices to assess student needs as they relate to the curriculum design and delivery.

      (7) Ability to model and directly teach instructional strategies in a variety of settings, collaborate with general educators to develop and implement instructional practices that meet the needs of students who are deaf and hard of hearing, and monitor student progress.
e. Speech, language, and literacy development: 3 semester hours. Includes an understanding of the normal developmental sequence of speech, language (oral, signed, and written), auditory, and cognitive milestones, varying methodologies and strategies used in assessing language skills (through the air and spoken) of a student who is deaf and hard of hearing; demonstrate skills necessary to foster and enhance language development and communication skills in students who are deaf and hard of hearing including American Sign Language, cued speech, and listening and spoken language skills. Ability to model and directly teach instructional strategies that foster language and literacy development.

f. Classroom and behavior management: 3 semester hours. Includes an understanding and knowledge of research-based classroom management techniques, positive behavior intervention supports and individual interventions; and demonstrate ability to create a safe, orderly classroom environment including classroom organization, instructional design, and establishment of classroom routines and procedures. Knowledge of the elements of effective instructional planning, differentiation of instruction, and other instructional approaches to enhance student engagement and achievement. Understanding of behavior assessments, data collection and analysis, development, and monitoring of behavior intervention plans.

g. Audiology and speech and hearing science: 3 semester hours. Understanding of the basic principles of sound reception and production including neuroanatomy of speech and hearing mechanisms and physical characteristics and measurement of acoustic stimuli; biological, neurological, and acoustic bases of communication; reading and interpreting audiograms and other audiologic assessments used in determining eligibility; knowledge of types, degrees, and effects of hearing loss on developmental domains; relevance of age of onset, age of identification of hearing loss, and age of amplification and intervention in speech and language development; ability to troubleshoot hearing aids, external components of cochlear implants, and other assistive listening devices; and ability to foster development of listening skills.

h. Collaboration: 3 semester hours. Includes skills in consultation, case management, co-teaching, and collaboration that includes understanding roles and responsibilities, knowledge and application of effective communication skills, of culturally responsive practices and strategies, and the ability to develop home, school, and community partnerships to address the needs of students who are deaf and hard of hearing.

i. Communication modalities: 3 semester hours. Includes introduction to the various communication modalities used by students who are deaf and hard of hearing, including listening and spoken language, cued speech, speech reading, and through the air communication including use of American Sign Language (ASL) and contact varieties of signed language and coursework to learn ASL.
