Subject: Annual Dean’s report (March 1, 2020 – March 26, 2021)

Please accept my dean’s report for 2020-2021 academic year. It is indeed an honor and privilege to serve as dean of this great college. The COVID-19 global pandemic presented us with challenges unlike any we have faced as a college and a university. However, we faced those challenges together and through it all remained steadfast in our commitment to our mission and vision. Thank you for your dedication and faithful service to our students.

Please read and review the summary of my efforts as well as the accomplishments of the college during this past academic year. Despite all of the challenges, we have much to be proud of!

**Advancement**

**Engagement**

- Held monthly meetings with the CEHD Homecoming Reunion Planning Committee throughout the summer and fall to plan the annual CEHD reunion breakfast. As a result of this work, the committee raised $26,955 to endow a scholarship for future educators. It is important to note that this committee endowed this scholarship in less than a year.
- Hosted the annual CEHD Legacy Breakfast: Honoring the Golden Class of 1970 as a virtual event on October 17. This was a virtual event with over 30 participants from across the country.
- Presented at the quarterly Capital Campaign steering committee meetings.
- Established the CEHD Leadership Council. The purpose of this group is to assist the Dean with identifying and securing resources to support college initiatives and priorities as well as serving as ambassadors for the College and the University.
• Appointed a social media ambassador for the college. The social media ambassador highlights the successes of the students, faculty, staff, and alumni on the college’s various social media accounts (i.e., Facebook, Instagram, etc.).

As you are well aware, we had four accreditation site visits during the 2019 – 2020 AY. Two visits occurred in the fall and two in the spring. Fortunately, the last site visit occurred two weeks before the university announced plans to modify campus operations and pivot to online instruction due to the COVID-19 global pandemic.

In the space below, the accreditation status of each program is provided:

  o Our request for funding was for technology upgrades for classrooms in Peters Hall. Synchronous Zoom technology is essential to creating blended learning environments that facilitate connection among all of our students, whether they be face-to-face or online. High-quality audio devices, cameras, and instructor video tracking enable face-to-face students and the synchronous online students to interact with each other and fully participate in classroom activities.
  o There are numerous benefits to the university should this initiative be funded. First, there is great potential for increased enrollments in our courses. The use of online, synchronous Zoom technology will make our programs more accessible to students who are unable to travel to campus. Strategic investment in technology will allow CEHD to deliver its highly respected programs to a wider audience across the Commonwealth. There is even potential for us to offer our programs internationally.
