Options for every campus resident

I prefer the all-you-care-to-eat dining halls

15 or 19 Plus Plan
The 15 and 19 Plus plans provide 15 or 19 meals/week in the dining halls + $150 Food Dollars which spend like cash in retail locations.

I want to try a little bit of everything around campus

Flex Plan
The Flex Plan provides $660 in flex dollars + $30 in flex vending. This plan is meant to be budgeted between dining halls and retail locations.

*What’s a Flex Dollar?*
When using flex dollars, the meal plan discount is automatically applied on the front-end dollar amount. Meaning, the price paid for meals is 50% (retail) or 66-70% (dining halls) below what is advertised.

*The Flex Plan is the default (and most popular) plan for on-campus residents, so if you're satisfied with it, no need to do anything on your end!*

Commuters are also eligible to use any on-campus resident plan. Or, try Flex Jr if you plan to eat on campus half the time.

Running low? Supplement block plans with Food Dollars Plus and Flex Jr with Flex Dollars Plus.
