*According to § 2.2-4310.2 executive branch agency's goals under § 2.2-4310 for participation by small businesses shall include within the goals a minimum of three percent (3%) participation by service disabled veteran-owned businesses as defined in §§ 2.2-2000.1 and 2.2-4310 when contracting for goods and services.

2. What changes could be made to the Commonwealth SWAM Program that would assist you in meeting your goals? *Please note that minor differences were found in the percentages reported above in comparison to our submitted report, however, the University goal was still exceeded. Efficiencies may be gained in the overall process by reviewing reciprocal restrictions, streamlining the application process, allowing for self-certification and reducing the number of certification categories.*

Catagory-B solicitations are in compliance with the CPSM manual with awards up to $80,000 set aside for DSBSD small businesses. For Goods and Services, under $5,000 is at departmental delegation. University procedures encourage departments to obtain a quote from one certified SWaM vendor. The Radford University Procurement manual overseeing small dollar purchasing rules allow for a direct award to certified SWaM vendors up to $100k after price reasonableness has been confirmed.

**5 Assessment**

1. In FY2022, what has been the most time consuming part of administration of the Small Business Initiative from your perspective? (Select one or more) **Explaining SWaM regulations to agency personnel, Finding SWaM firms that are interested, Finding SWaM firms that are qualified.**
   
   Comment on your selection above **Our area has a limited number of contractors overall. We are competing with a much larger school as well as private industries. The contractors in the area don't place a value on being SWaM certified as there is an abundance of business opportunities elsewhere.**
2. Do you have recommendations on ways the Commonwealth could improve SWAM business participation in agency procurement opportunities? 
Streamline the certification process to businesses to alleviate frustrations and encourage registration compliance.

3. In FY2022, what has your agency done to improve expenditure opportunities for SWAM businesses? Due to COVID restrictions we were not able to host the SBSD educational event again this year but hope to re-establish the event in FY23. We continue to reach out to campus to educate the importance of utilizing SWaM vendors.

4. In FY2022, did you contact the Department of Small Business and Supplier Diversity (DSBSD) for assistance with completing the chart for all categories in terms of frequency?
   Initial certification? No
   If yes, how often?
   Renewal for a firm? No
   If yes, how often?
   Searches for businesses? Yes
   If yes, how often? As needed
   Distribution of your solicitation notices? No
   If yes, how often?

5. How frequently do the Agency Director and Procurement Officer (or designated SWaM Champion) meet to discuss the SWaM goals, progress, challenges, and support in achieving stated goals? Quarterly

6. In FY2022, what was one of your agency's accomplishments in the SWAM Program you feel best demonstrates your agency's efforts? Working with Department of General Services to implement the new eVA platform. Making sure vendors are signed up in the new platform. Becoming aware of total campus spend. Revising reports to capture subcontracting spend. Educating campus on the importance of SWaM vendors during the eVA rollout.

7. Are you familiar with the legislation that impacted SBSD? Yes
   If yes, do you have questions or concerns with your ability to implement those changes? The set-aside mandates for goods and services can be problematic in Southwest Virginia as there is a shortage of certified vendors. A true set-aside program would delay the procurement of goods and services.

8. Do you submit adjustments and subcontracting spend in the Expenditure Dashboard monthly? No
If no, can you explain why you are not submitting adjustments and subcontracting spend monthly? We report collectively with VASCUPP as we are a restructured institution under an MOU.
