Rental Agreement

I the undersigned, assume full responsibility during the period of use for the care, maintenance and return of all items of outdoor equipment in the condition in which they were received. I understand that Radford University is not responsible for any accidents or injuries which may occur during the period of my use of these items of outdoor equipment. I further understand that the proper use of all technical outdoor equipment, such as backpack stoves, requires prior training, but that such training does not lessen my responsibility for returning equipment in the condition in which it was received, or for my safety while using the equipment. Additionally, I understand if I am renting an oversized item, such as mountain bikes and canoes, I am responsible for properly securing and transporting this equipment to and from my destinations. I agree to pay for the replacement or repair of any lost or broken item and all additional fees for equipment returned late, dirty, and/ or wet. I hereby indemnify and hold harmless Radford University, its officers, employees, servants, and agents from any and all liability for every injury to person or damage to property arising from or connected with my use of the outdoor equipment documented on the attached receipt.

I understand that upon return of this equipment to RU Outdoors the equipment will be evaluated and assessed for damages. I understand that once the damage assessment is complete, I will be notified of any fees I have accrued. I understand that the equipment assessment may take place any time after the return of the equipment I rented and before the item is reinstated into the available inventory of RU Outdoors.
