

How to Add RegisterBlast to D2L Course

From Content

1. Add a new module (name it RegisterBlast)
2. Select **Existing Activities**
3. Select **External Learning Tools**

The screenshot shows the D2L interface. In the left sidebar, the 'Table of Contents' section has a red box around 'RegisterBlast' with a red circle '1' next to it. In the main content area, the 'RegisterBlast' dropdown menu is open, showing a red box around 'Existing Activities' with a red circle '2' next to it. Below that, the 'External Learning Tools' option is highlighted with a red box and a red circle '3' next to it.

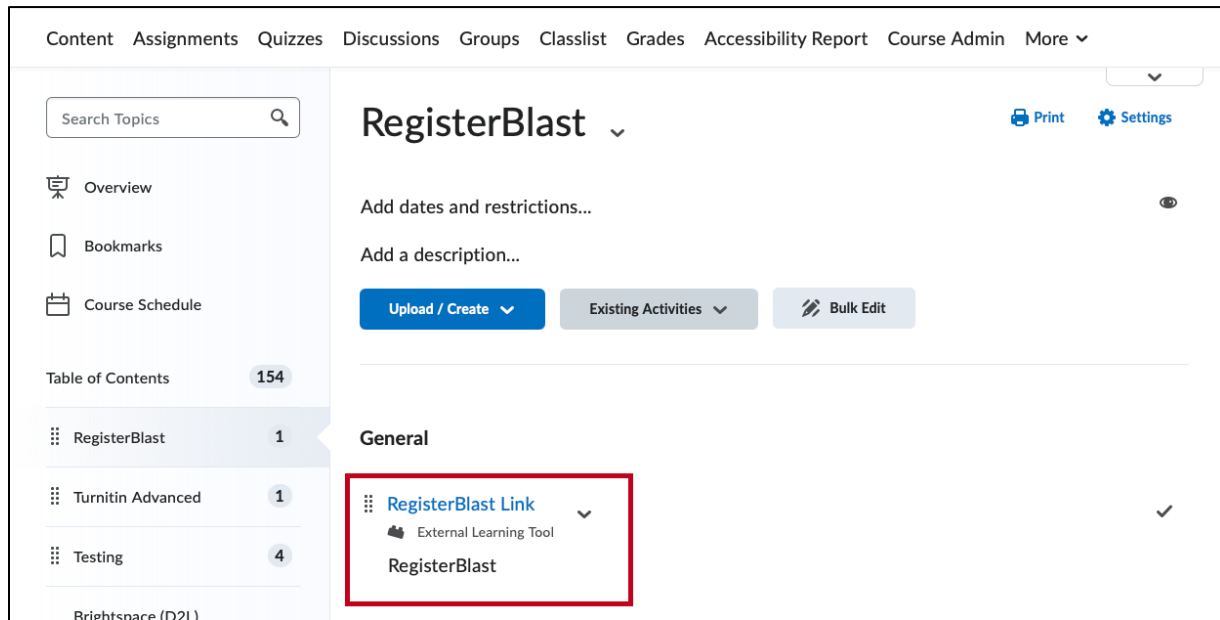

4. Scroll down the list and select **RegisterBlast Link**

The screenshot shows the 'Add Activity' dialog. A red arrow points down to the 'RegisterBlast Link' option, which is highlighted with a red box and a red circle '4' next to it. The dialog lists various activities, including 'NetTutor', 'Pattern of Snake Bite Cases at Tertiary Health Care Centre and First Aid Treatment.', 'Poem', 'Political Limerick', 'Purchase Course Materials', 'RegisterBlast Link', 'Ruby Dwyer's Personal Meeting Room (07:48)', and 'Sample #1'.

How to Add RegisterBlast to D2L Course

5. The RegisterBlast Link will now be available for you and your students within the Content area of your D2L shell.

6. Repeat the same steps for any additional courses that will require the use of the Educational Testing Center.

Please note: You must repeat this process every semester for each course that will be utilizing the Educational Testing Center.
