MY HIGHLY EXCLUSIVE requirements are: friendly, respectful, laid back. Responsible people with positive lifestyles welcome to apply. Requested one year minimum planned stay. Please, no indoor smokers or substance abusers.

The house is cool. I've lived there about 4 years. 2-bedroom, 1-bath, hardwood floors—typical Houston Heights bungalow. Shabby-chic, but lots of character and inexpensive. Most terrific neighborhood in the world (in my unbiased opinion), especially if you like roller-blading (or jogging). I also have a sleek and ferocious black kitten named Bartok, who can be very sweet when he wants to be.

The house lies 2 minutes from I-45 (convenient to U of H), I-10, and 610. It's about 15-25 minutes from Rice University by car, depending on traffic (an easy shot down Montrose), 45-50 minutes by bicycle.

I'm an architectural intern who works near Rice University, where I graduated in 1996. I am also an oboist who practices not so often as she would like, so don’t worry too much about that. I have lived happily with different types of people who have met the highly exclusive criteria listed above.

RENT: $392.50 each per month, plus half the house bills.

BILLS: including all utilities, monthly maid and lawn service:
In July, about $215 each.
In February, about $143 each.

HOUSEMATE WANTED
